Statistics Department,1929 **See How They Ran** Gil Troy,2012-09-18 See How They Ran explores why candidates campaign as they do why Americans complain about it and what these evolving patterns and changing images tell us about American democracy itself On the eve of every election many Americans become convinced that this presidential campaign is worse than it has ever been Frustrated we long for the good old days of dignified campaigns and worthy candidates However as Gil Troy s fascinating history demonstrates they never existed Originally candidates did not run for office but awaited the people s call in dignified silence When Stephen Douglas campaigned in 1860 he pretended to be visiting his mother as he traveled not actively campaigning In the post 1945 world however both Democratic and Republican candidates have stopped to kiss babies donned hard hats and pumped hands along the campaign trails From the founding of our nation Americans have wanted a leader who is simultaneously a man of the people and a man above the people In See How They Ran Troy shows that our disappointment with current presidential campaigns is simply the latest chapter in a centuries long struggle to make peace with the idea of leadership in a democratic society This is an engrossing and essential read **Studies of Identity in the 2008 Presidential Campaign** Robert E. Denton Jr.,2010-06-14 To simply say the 2008 presidential election was historic seems like an understatement The election was unique in many ways beyond the selection of the nation s first African American as President The drama of the election was also heightened by the historic nomination battle between Hillary Clinton and Barack Obama The contest generated issues of race and gender throughout the campaign as did the candidacy of Sarah Palin as the Republican Vice Presidential nominee And John McCain brought his own unique qualities to the campaign Vietnam War hero long term Congressional service record feisty temperament and the oldest first time presidential candidate to run for the Presidency Thus issues of race gender and age dominated the campaign both implicitly and explicitly The candidacies of Clinton Obama McCain and Palin provided the context and dynamics for charges of racism sexism and ageism Studies of Identity in the 2008 Presidential Campaign explores issues of identity politics and the presidential election Investigating all aspects of race gender or ageism the contributors to this volume address the role and function of identity politics in political campaigns and highlight challenges of identity politics in contemporary political campaigns **The Statutes at Large of the United States from ...** United States,1899 **Statutes of the United States of America** United States,1898 *The Statutes at Large, the United States from ...* United States,1973 **Statutes of the United States of America Passed at the ...
