

Presidential Politics

Nicole Anderson Yanoso

Presidential Politics:

Black Presidential Politics in America Ronald W. Walters, 1988-01-01 Assesses how Blacks have used presidential elections to exercise their political influence and looks at primaries party conventions behind the scenes bargaining and the general election

Evangelicals and Presidential Politics Andrew S. Moore, 2021-04-07 Using as their starting point a 1976 Newsweek cover story on the emerging politicization of evangelical Christians contributors to *Evangelicals and Presidential Politics* engage the scholarly literature on evangelicalism from a variety of angles to offer new answers to persisting questions about the movement The standard historical narrative describes the period between the 1925 Scopes Trial and the early 1970s as a silent one for evangelicals and when they did re engage in the political arena it was over abortion Randall J Stephens and Randall Balmer challenge that narrative Stephens moves the starting point earlier in the twentieth century and Balmer concludes that race not abortion initially motivated activists In his examination of the relationship between African Americans and evangelicalism Dan Wells uses the Newsweek story's sidebar on Black activist and born again Christian Eldridge Cleaver to illuminate the former Black Panther's uneasy association with white evangelicals Daniel K Williams Allison Vander Broek and J Brooks Flippen explore the tie between evangelicals and the anti abortion movement as well as the political ramifications of their anti abortion stance The election of 1976 helped to politicize abortion which both encouraged a realignment of alliances and altered evangelicals expectations for candidates developments that continue into the twenty first century Also in 1976 Foy Valentine leader of the Southern Baptist Christian Life Commission endeavored to distinguish the South's brand of Protestant Christianity from the evangelicalism described by Newsweek Nevertheless Southern Baptists quickly became associated with the evangelicalism of the Religious Right and the South's shift to the Republican Party Jeff Frederick discusses evangelicals politicization from the 1970s into the twenty first century suggesting that southern religiosity has suffered as southern evangelicals surrendered their authenticity and adopted a moral relativism that they criticized in others R Ward Holder and Hannah Dick examine political evangelicalism in the wake of Donald Trump's election Holder lays bare the compromises that many Southern Baptists had to make to justify their support for Trump who did not share their religious or moral values Hannah Dick focuses on media coverage of Trump's 2016 campaign and contends that major news outlets misunderstood the relationship between Trump and evangelicals and between evangelicals and politics in general The result she suggests was that the media severely miscalculated Trump's chances of winning the election

TV Shapes Presidential Politics in the Kennedy-Nixon Debates Michael Burgan, 2018-08 On point historical photographs combined with strong narration bring the story of the Nixon Kennedy presidential debates to life TV was new in those days and these were both the first debates ever held between two presidential candidates and the first to be televised About 60 million people tuned into the first debate or more than 1/4 of the country's population Readers will learn just how much effect seeing the debates had on the results of the election and how they changed presidential campaigning

forevermore Readers will understand the significance behind this event through text and clips of the event itself via the Capstone 4D augmented reality app *Astray: from Presidential Politics to Prison* Yantis Green, 2015-10-14 Yantis Green was the only National Delegate ordered by the FBI not to attend the 2012 Republican National Convention Astray is his faith story of his rise to political prominence with an eye on higher office his fall from grace as he struggled with personal demons and his salvation through faith This book lays open with raw honesty the brutal personal struggle between right and wrong falling and failing and finding redemption when all that remains is the grace and love of Jesus Christ **Renewing Presidential Politics** Bruce Buchanan, 1996 Do we get the best presidential candidates to run and elect the presidents we deserve as a nation If not why not Could it have something to do with the quality of campaigns in American politics today Noted presidential scholar Bruce Buchanan puts the 1996 presidential election campaign in context with the campaigns of 1988 and 1992 making the case that good campaigns especially those with issue oriented media coverage and positive campaign advertisements do make a difference in the quality and quantity of citizen participation policy input and output and overall good governance Perfect for college courses on campaigns and elections and on the presidency this book looks ahead to future election campaigns with a hope for creating a nation of citizen owners and lovers of the political process not to mention candidates and media coverage worthy of citizen involvement and attention *A Black Gambler's World of Liquor, Vice, and Presidential Politics* Bruce L. Mouser, Henry Louis Gates, 2014-10-30 As Mouser shows Scott spent his life figuring out and satisfying men s interests with liquor gambling and women and he refused to be complicit in backing politicians who took him and the broader base of first generation black voters for dupes Scott saw the political game for what it was a game of power Henry Louis Gates Jr **Taiwan's Presidential Politics** Muthiah Alagappa, 2017-07-28 The March 2000 presidential election was an important milestone in the democratic development of Taiwan with the Kuomintang turned out of power after five decades of control and replaced by the Democratic Progressive Party This book address the variety of effects that Taiwan s democratic development and the election will have on domestic policy in the region Part one looks at trends and changes in Taiwan s politics and analyzes the outcome of the March 2000 election The chapters in part two discuss the international implications of Taiwan s democratic evolution for a variety of issues including political economic and security relations on both sides of the Taiwan strait Japan s foreign policy in the region U S foreign policy in the region and peace and security in Southeast Asia The challenges and prospects for continued democratic consolidation and the implications and lessons for the PRC and Southeast Asia are also explored *Fair Ways* Robert J. Robertson, 2005 Annotation In the summer of 1955 six African American golfers in Beaumont Texas began attacking the Jim Crow caste system when they filed a federal lawsuit for the right to play the municipal golf course The golfers and their African American lawyers went to federal court and asked a conservative white Republican judge to render a decision that would not only integrate the local golf course but also set precedent for desegregation of other public facilities In *Fair Ways* Robert J

Robertson chronicles three parallel stories that converged in this important case. He tells the story of the plaintiffs, avid golfers who had learned the game while working as caddies and waiters of their young lawyers, recent graduates from Howard University law school and of the Republican judge just appointed to the bench by President Eisenhower. Using public case papers, public records, newspapers, and oral histories, Robertson has recreated the scene in Beaumont on the eve of desegregation. *Fair Ways* gives a vivid picture of racial segregation and the forces that brought about its end.

Presidential Government in Gaullist France William G. Andrews, 1983-06-01 In *Presidential Government in Gaullist France* William G. Andrews describes and explains the basic character of executive-legislative relations in Gaullist France from 1958 to 1974. He demonstrates that the Fifth Republic became presidential despite its parliamentary constitution because of changes made by DeGaulle that were compatible with the emergent character of French society. The information is provided in a conceptual framework that gives it greater coherence, explanatory value, and significance. Andrews relates differences in the nature of institutions of societies and of political problems to types of power relationships that exist between the legislative and executive branches of government. In order to achieve an objective appraisal of the controversial leader, Andrews fits DeGaulle's constitutional efforts into a broader understanding of the relationships among great leaders, texts, societies, and institutions. The book enhances our understanding of the operation of the Fifth Republic and of French government in general.

Latin America's International Relations and Their Domestic Consequences Jorge I. Domínguez, 1994 First Published in 1994 Routledge is an imprint of Taylor & Francis, an informal company.

Media Culture Douglas Kellner, 2020-05-05 In this thorough update of one of the classic texts of media and cultural studies, Douglas Kellner argues that media culture is now the dominant form of culture that socializes us and provides and plays major roles in the economy, polity, and social and cultural life. The book includes a series of lively studies that both illuminate contemporary culture and society while providing methods of analysis, interpretation, and critique to engage contemporary U.S. culture. Many people today talk about cultural studies, but Kellner actually does it, carrying through a unique mixture of theoretical analysis and concrete discussions of some of the most popular and influential forms of contemporary media culture. Studies cover a wide range of topics, including Reagan and Rambo, horror and youth films, women's films, the TV series *Orange Is the New Black*, and Hulu's TV series based on Margaret Atwood's *The Handmaid's Tale*, the films of Spike Lee and African American culture, Latino films, and cinematic narratives on migration, female pop icons, Madonna, Beyoncé, and Lady Gaga, fashion, and celebrity television news documentary films, and the recent work of Michael Moore, fantasy and science fiction, with focus on the cinematic version of *Lord of the Rings*, Philip K. Dick, and the *Blade Runner* films, and the work of David Cronenberg. Situating the works of media culture in their social context, within political struggles and the system of cultural production and reception, Kellner develops a multidimensional approach to cultural studies that broadens the field and opens it to a variety of disciplines. He also provides new approaches to the vexed question of the effects of culture and offers new perspectives for cultural studies. Anyone

interested in the nature and effects of contemporary society and culture should read this book The Electoral College and Direct Election United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, 1977 *The Irish and the American Presidency* Nicole Anderson Yanoso, 2016-09-30 There is a widely held notion that except for the elections of 1928 and 1960 the Irish have primarily influenced only state and local government *The Irish and the American Presidency* reveals that the Irish have had a consistent and noteworthy impact on presidential careers policies and elections throughout American history Using US party systems as an organizational framework this book examines the various ways that Scots Irish and Catholic Irish Americans as well as the Irish who remained in ire have shaped altered and sometimes driven such presidential political factors as party nominations campaign strategies elections and White House policymaking The Irish seem to be inextricably interwoven into important moments of presidential political history Yanoso discusses the Scots Irish participation in the American Revolution the Whiskey Rebellion and the War of 1812 She describes President Bill Clinton's successful Good Friday Agreement that brought peace and hope to Northern Ireland And finally she assesses the now common presidential visits to Ireland as a strategy for garnering Irish American support back home No previous work has explored the impact of Irish and Irish American affairs on US presidential politics throughout the entire scope of American history Readers interested in presidential politics American history and or Irish Irish American history are certain to find *The Irish and the American Presidency* enjoyable informative and impactful

Race and Ethnicity in Comparative Perspective Georgia A. Persons, 2018-04-24 Contradictory forces are at play at the close of the twentieth century There is a growing closeness of peoples fueled by old and new technologies of modern aviation digital based communications new patterns of trade and commerce and growing affluence of significant portions of the world's population Television permits individuals around the world to learn about the cultures and lifestyles of peoples of physically distant lands These developments give real meaning to the notion of a global village Peoples of the world are growing closer in new and increasingly important ways Nonetheless there are disturbing signs of a growing awareness of ethnic differences in all parts of the world the United States included and a concomitant rise in ethnic based conflicts many of them extraordinarily violent in nature Fear resentment intolerance and mistreatment of the other abound in world news accounts Not only does this phenomenon pose an interesting juxtaposition to the concept of the emergent global village but its emergence in the post cold war era internationally and the post civil rights era in the United States raises significant and compelling questions Why are such conflicts occurring now How do analysts explain these developments The essays in *Race and Ethnicity in Comparative Perspective* lucidly explore some of the complexities of the persistence and re emergence of race and ethnicity as major lines of divisiveness around the world Contributors analyze manifestations of race based movements for political empowerment in Europe and Latin America as well as racial intolerance in these same settings Attention is also given to the conceptual complexities of multidimensional and shared cultural roots of the overlapping phenomena of ethnicity

nationalism identity and ideology The book greatly informs discussions of race and ethnicity in the international context and provides an interesting perspective against which to view America's changing problem of race Race and Ethnicity in Comparative Perspective is a timely thought provoking volume that will be of immense value to ethnic studies specialists African American studies scholars political scientists historians and sociologists **Mr. and Mrs. President** Gil Troy, 2000 With a new chapter devoted to Hillary and Bill Clinton's tainted partnership in office and to the present First Lady's senatorial ambitions this second edition offers fresh insights into America's paradoxical expectations for its presidential wives and husband Deeply engrossing Publishers Weekly 33 photos Views on the Parliamentary Versus Presidential Government, 1994 *The Canadian Magazine of Politics, Science, Art and Literature*, 1894 **Gunton's Magazine of American Economics and Political Science**, 1893 **Presidential Lightning Rods** Richard J. Ellis, 1994 Choice Outstanding Title H R Haldeman President Nixon's former chief of staff is said to have boasted Every president needs a son of a bitch and I'm Nixon's I'm his buffer and I'm his bastard I get done what he wants done and I take the heat instead of him Richard Ellis explores the widely discussed but poorly understood phenomenon of presidential lightning rods cabinet officials who take the heat instead of their bosses Whether by intent or circumstance these officials divert criticism and blame away from their presidents The phenomenon is so common that it's assumed to be an essential item in every president's managerial toolbox But Ellis argues such assumptions can oversimplify our understanding of this tool Ellis advises against indiscriminate use of the lightning rod metaphor Such labeling can hide as much as it reveals about presidential administration and policymaking at the cabinet level The metaphor often misleads by suggesting strategic intent on the president's part while obscuring the calculations and objectives of presidential adversaries and the lightning rods themselves Ellis also illuminates the opportunities and difficulties that various presidential posts especially secretaries of state chiefs of staff and vice presidents have offered for deflecting blame from our presidents His study offers numerous detailed and instructive examples from the administrations of Truman Dean Acheson Eisenhower Richard Nixon John Foster Dulles Herbert Brownell and Ezra Taft Benson LBJ Hubert Humphrey Ford Henry Kissinger and Reagan James Watt These examples Ellis suggests should guide our understanding of the relationship between lightning rods and presidential leadership policymaking and ratings Blame avoidance he warns does have its limitations and may even backfire at times Nevertheless President Clinton and his successors may need to rely on such tools The presidency Ellis points out finds itself the object of increasingly intense partisan debate and microscopic scrutiny by a wary press Lightning rods can deflect such heat and help the president test policies gauge public opinion and protect his political power and public image Ellis's book is an essential primer for helping us understand this process **Government and Politics in the United States** William Backus Guitteau, 1916
