Boller,1998 At once funny and poignant dramatic and illuminating this anecdotal history covers every First Lady from Martha Washington to Hillary Rodham Clinton A marvelously entertaining work Newsday The President's Lady Irving Stone,1951 The story of the devotion of Rachel Jackson to Andrew and a portrait of one of the most colorful eras in American history Tells the story of Andrew Jackson and his wife who had been married before to Captain Lewis Robards teh presidents lady irving stone ,1951 Dark History of the American Presidents Michael Kerrigan,2012-10-31 Dark History of the American Presidents covers every dirty deed committed behind the White House fence from financial profiteering and insider trading to illicit bugging of the opposition including the terms of Presidents George W Bush and Barack Obama The Presidents of American Fiction Michael J. Blouin,2022-11-03 The Presidents of American Fiction brings together American literature history and political science to explore the most influential fictionalized accounts of the presidency from the early 19th century to the time of Trump Of late popular understandings of the presidency are being radically re written consider for example the distinctive myths that accompanied the ascent of the Obama and Trump administrations and many readers of all stripes are radically reimagining the office and its holder Placing these changes within a broader cultural context Michael J Blouin investigates narratives involving fictional presidents from the supposedly factual to the outright fantastical within their distinct literary and historical moments The author considers representative texts including works penned by James Fenimore Cooper from the Jacksonian moment Gore Vidal in the age of Nixon and Vietnam and Philip Roth in the neoliberal period Through detailed readings that question how American presidents function as characters within the popular imagination this book examines the presidency as a complex ever evolving trope and in so doing enhances our appreciation of American literature s inextricable link with American politics **The Academy** ,1910 **Presidential Sheet Music** Danny O. Crew,2001-01-01 Political historians have traditionally interpreted the people and events of each presidential era by studying books periodicals letters diaries and speeches One source of printed material that has not received much scholarly attention is published music much of which has been all but lost in the archives of libraries and museums These two volumes of Presidential Sheet Music present an exhaustive listing of presidential related music in all printed forms with information on each piece **The Handbook of Jamaica for ...** ,1919 *The SAGE Encyclopedia of Political Behavior* Fathali M. Moghaddam,2017-05-03 The SAGE Encyclopedia of Political Behavior explores the intersection of psychology political science sociology and human behavior This encyclopedia integrates theories research and case studies from a variety of disciplines that inform this established area of study Writing History with Lightning Matthew Christopher Hulbert,John C. defenders of the Alamo Pickett's doomed charge at Gettysburg the proliferation and destruction of plantation slavery in the American South Custer's fateful decision to divide his forces at Little Big Horn and the onset of immigration and industrialization that saw Old World lifestyles and customs dissolve amid rapidly changing environments Balancing historical nuance with passion for cinematic narratives Writing History with Lightning confronts how movies about nineteenth century America influence the ways in which mass audiences remember understand and envision the nation's past In these twenty six essays divided by the editors into sections on topics like frontiers slavery the Civil War the Lost Cause and the West notable historians engage with films and the historical events they ostensibly depict Instead of just separating fact from fiction the essays contemplate the extent to which movies generate and promulgate collective memories of American history Along with new takes on familiar classics like Young Mr Lincoln and They Died with Their Boots On the volume covers several films released in recent years including The Revenant 12 Years a Slave The Birth of a Nation Free State of Jones and The Hateful Eight The authors address Hollywood epics like The Alamo and Amistad arguing that these movies flatten the historical record to promote nationalist visions The contributors also examine overlooked films like Hester Street and Daughters of the Dust considering their portraits of marginalized communities as transformative perspectives on American culture By surveying films about nineteenth century America Writing History with Lightning analyzes how movies create popular understandings of American history and why those interpretations change over time
