Presidents And Prime Mininsters

Charles Hitchcock Sherrill

Presidents And Prime Mininsters:

Presidents and Prime Ministers Patricia Lee Sykes,2000 She reveals how conviction style politicians have appeared in the U S and U K at the same time individuals who articulated similar ideas that adapted liberal ideology to shifting circumstances and who achieved fundamental change at critical moments in their nations histories Presidents, Prime Ministers and Majorities in the French Fifth Republic Sergiu Mişcoiu,Pierre-Emmanuel Guigo,2024-03-23 This book focuses on the triangle of power dynamics between presidents prime ministers and parliamentary majorities and the way it has evolved throughout the French Fifth Republic the longest lasting semi presidential system What are the main patterns in the functions and interactions of the three institutions How do the personalities of presidents prime ministers and leading parliamentarians shape the dynamics of the institutional system and France s political evolution during each presidential term To what extent do their ideological and partisan affiliations affect collaboration between key political leaders How do the dynamics of inter institutional relations influence the country s overall stability and progress And what are the main lessons of the Fifth Republic s semi presidential experience for countries that based their institutional systems on the French model

Prime Ministers and Presidents Charles Hitchcock Sherrill,1922 *Presidents, Prime Ministers and Chancellors* L. Helms,2004-12-07 How have the American presidency the British premiership and the German chancellorship changed over the last half century Has there been convergence or divergence in the development of political leadership in the United States and in the two largest democracies of Western Europe And what difference can individual leaders make in an ever more complex political environment Presidents Prime Ministers and Chancellors addresses these questions by looking at the leadership performance of more than two dozen American presidents British prime ministers and German chancellors of the post 1945 period In so doing it offers a unique perspective on the nature of executive leadership in Western democracies that takes into account both the international and the historical dimension of comparison

Women Presidents and Prime Ministers in Post-Transition Democracies Verónica Montecinos,2017-03-15 This book contributes to our understanding of the trajectories and prerogatives of female political leaders in the varying context of democratization political institutions and cultural norms No woman had been elected leader of a country before 1960 but with democratic transitions on the rise since the 1970s the number of women in executive office gradually became a trend of global scope In 2015 nineteen countries had an elected female Head of State and or Government a proportionally small number that is expected to climb as more women compete for high office sometimes against other female candidates This volume compares how women executives differ in promoting gender equality and advocating for women s rights and interests as well as in their ability to negotiate gender policy agendas Comparative and theoretical chapters on post transition women leaders are complemented by case studies in eight countries in Africa Asia Latin America and Eastern and Central Europe This book will be of use to students and scholars interested in gender studies comparative politics and political leadership

Comparative Politics: Western Europe and the United States: foundations of comparative politics ,2005 **Of Presidents, Prime Ministers, and Princes** Anthony Holden,1984 **Prime Ministers and Presidents** Charles Hitchcock Sherrill,1922 *Presidents, Prime Ministers, and the Press* Kenneth W. Thompson,1986 NOTE Series number is not an integer 00 Presidents and Prime Ministers Richard Rose,Ezra N. Suleiman,1980 Presidents with Prime Ministers Margit Tavits,2009 This book is about presidents in parliamentary systems One commonly recurring political debate within parliamentary systems is over whether or not the public should directly elect the head of state Despite the importance of this topic in practical politics political scientists have offered little empirical evidence yet made bold assumptions about the consequences of popular elections for heads of state A common argument is that direct elections enhance presidents legitimacy thereby increasing their activism and encouraging authoritarian tendencies Another popular assumption is that direct presidential elections are more heavily contested and partisan polarizing and dividing political elites and the electorate Proponents of direct elections argue that such elections will help decrease voter alienation and apathy This book challenges the conventional wisdom Using both quantitative and qualitative empirical evidence from democratic systems across the world this book demonstrates that compared to indirect selection methods direct elections do not yield more active and contentious presidents do not polarize political elites or society and do not remedy political apathy Rather presidential activism in both semi presidential and pure parliamentary systems is shaped by political opportunity framework the institutional strength and partisan composition of both parliament and government Further because holding the presidency provides parties with an electoral asset direct and indirect presidential elections can be equally contentious and polarizing Last but not least rather than decreasing apathy direct election is associated with increased voter fatigue and decreased turnout in parliamentary elections by about seven percentage points **The Civil Service in Liberal Democracies** John Kingdon,2013-09-13 The civil service provides the administrative infrastructure of western government Its functions are central to any question of efficiency the distribution of power in the state the role of the state in society and the operation of democracy itself When such issues transcend national boundaries a comparative perspective is invaluable This book provides the first comprehensive study of civil services in the West Aimed at first year students and above the book applies a common framework of analysis to the study of each country's political setting historical background political executive structure bureaucracy control accountability management and policy making The book is a timely and comprehensive introduction to this vital but neglected area of study Countries covered include Britain Ireland Canada France Italy Sweden United States and West Germany **My Revision Notes: Pearson Edexcel A Level UK Politics: Second Edition** Neil McNaughton,Nick de Souza,2021-09-03 Coverage of key up to date content is combined with study and exam tips and effective revision strategies to create a guide you can rely on to build both knowledge and memory With My Revision Notes you can Consolidate your knowledge with clear concise and relevant content coverage based on what examiners are looking

for Extend your understanding with our regular Now test yourself tasks and answers Improve your technique through our increased exam support including exam style practice questions expert tips and examples of typical mistakes to avoid Identify key connections between topics and subjects with our Making links focus and further ideas for follow up and revision activities Plan and manage a successful revision programme with our topic by topic planner new skills checklist and exam breakdown features user friendly definitions and online questions and answers **Indian Political System** Bidyut

Chakrabarty,Rajendra K. Pandey,2023-09-15 This volume examines the distinct structural characteristics of Indian politics and unearths significant sociopolitical and economic processes which are critical to the political articulation of governance in the country It reflects on the foundational values of Indian polity the emergence of the nation post colonialism the structural fluidity of federalism in India and the changing nature of the planning process in the country The book also studies the electoral processes social movements party system local and state governance Apart from analyzing corruption and public grievance systems the volume also probes into significant issues in Indian politics This book will be useful to the students researchers and faculty working in the field of political science public administration political sociology political economy and post colonial contemporary Indian politics in particular It will also be an invaluable and interesting reading for those interested in South Asian studies **Francois Mitterrand** Alistair Cole,2013-01-11 Francois Mitterrand is one of France's

most famous twentieth century politicians yet interpretations of his values and leadership vary widely Alistair Cole starts with a chronological overview of Mitterrand's career which is developed into a policy based assessment of Mitterrand's presidency from 1981-93 By evaluating Mitterrand's policies in relation to various key roles such as the party leader the President the dispenser of patronage the European statesman and the World Leader this book places his leadership in comparative perspective and offers a new understanding of him as an individual political leader This book will be invaluable for students of contemporary European politics as well for those interested in the career of one of Europe's leading statesmen

François Mitterrand Alistair Cole,1994 Up to date appraisal of the long serving president's political leadership in the context of a broad overview of French politics and policy since 1945 Pearson Edexcel A Level US Government and Politics

The Oxford Handbook of Political Leadership R. A. W. Rhodes, Paul 't Hart, 2014-05-29 Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Recently however students of politics have returned to studying the role of individual leaders and the exercise of leadership to explain political outcomes The list of topics is high endless elections conflict management public policy government popularity development governance networks and regional integration In the media age leaders are presented and stage managed spun DDLas the solution to almost every social problem Through the mass media and the Internet citizens and professional observers follow the rise impact and fall of senior political officeholders at closer quarters than ever before This Handbook encapsulates the resurgence by asking where are we today It orders the multidisciplinary field by identifying the distinct and distinctive contributions of the disciplines It meets the urgent need to take stock It brings together scholars from around the world encouraging a comparative perspective to provide a comprehensive coverage of all the major disciplines methods and regions It showcases both the normative and empirical traditions in political leadership studies and juxtaposes behavioural institutional and interpretive approaches It covers formal office based as well as informal emergent political leadership and in both democratic and undemocratic polities

French Politics and Society Alistair Cole, 2017-04-21 French Politics and Society is the ideal companion for all students of France and French politics with a strong reputation for its lucidity and lively exposition of the French polity This third edition remains a highly readable text and offers a broad critical and comprehensive understanding of French politics The book provides an excellent description of French institutions and ensures readers access to background information through discussing historical developments political forces public policy and the evolution of important aspects of French society Key updates for the third edition include extensive updates including the Chirac Sarkozy and Hollande presidencies inclusion of constitutional and state reform coverage since 2008 the French party system and evolution of the French left and right more on France's positioning with regards to Brussels and the impact of the European economic crisis French Politics and Society is essential reading for all undergraduates studying French politics French studies European studies or comparative politics

Semi-Presidential Policy-Making in Europe Tapio Raunio, Thomas Sedelius, 2019-05-17 This book explores how power sharing between the president and the prime minister works in semi presidential regimes In contrast to much of the existing comparative work on semi presidentialism the book emphasizes the role of institutional coordination at the most concrete level of executive policy making and asks how institutional coordination between the president and prime minister influences presidential activism and the balance of power within the executive The authors develop a tentative framework embedded in institutionalism and based on four

strands of research semi presidentialism public administration political leadership and foreign policy analysis which is subsequently applied to the cases of Lithuania Romania and Finland Given the political challenges facing many semi presidential countries the study ultimately seeks to identify institutional solutions that facilitate power sharing and successful policy making

The book delves into Presidents And Prime Mininsters. Presidents And Prime Mininsters is a crucial topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Presidents And Prime Mininsters, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Presidents And Prime Mininsters
 - Chapter 2: Essential Elements of Presidents And Prime Mininsters
 - Chapter 3: Presidents And Prime Mininsters in Everyday Life
 - Chapter 4: Presidents And Prime Mininsters in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Presidents And Prime Mininsters. This chapter will explore what Presidents And Prime Mininsters is, why Presidents And Prime Mininsters is vital, and how to effectively learn about Presidents And Prime Mininsters.
 3. In chapter 2, the author will delve into the foundational concepts of Presidents And Prime Mininsters. The second chapter will elucidate the essential principles that need to be understood to grasp Presidents And Prime Mininsters in its entirety.
 4. In chapter 3, the author will examine the practical applications of Presidents And Prime Mininsters in daily life. This chapter will showcase real-world examples of how Presidents And Prime Mininsters can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Presidents And Prime Mininsters in specific contexts. This chapter will explore how Presidents And Prime Mininsters is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Presidents And Prime Mininsters. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Presidents And Prime Mininsters.
