Presidents Prime Ministers And Chancellors Executive Leadership In Western Democracies:

Presidents, Prime Ministers and Chancellors L. Helms, 2004-12-07 How have the American presidency the British premiership and the German chancellorship changed over the last half century Has there been convergence or divergence in the development of political leadership in the United States and in the two largest democracies of Western Europe And what difference can individual leaders make in an ever more complex political environment Presidents Prime Ministers and Chancellors addresses these questions by looking at the leadership performance of more than two dozen American presidents British prime ministers and German chancellors of the post 1945 period In so doing it offers a unique perspective on the nature of executive leadership in Western democracies that takes into account both the international and the historical dimension of comparison

Presidents, Prime Ministers and Chancellors L. Helms, 2004-12-07 How have the American presidency the British premiership and the German chancellorship changed over the last half century Has there been convergence or divergence in the development of political leadership in the United States and in the two largest democracies of Western Europe And what difference can individual leaders make in an ever more complex political environment Presidents Prime Ministers and Chancellors addresses these questions by looking at the leadership performance of more than two dozen American presidents British prime ministers and German chancellors of the post 1945 period In so doing it offers a unique perspective on the nature of executive leadership in Western democracies that takes into account both the international and the historical dimension of comparison

The Oxford Handbook of Political Executives Rudy B. Andeweg, Robert Elgie, Ludger Helms, Juliet Kaarbo, Ferdinand Müller-Rommel, 2020 This Handbook provides definitive reference work on political executives and their key role in political systems It records the current theoretical and methodological debates and sets the agenda for future research in this prominent and extremely wide ranging field of research

The Oxford Handbook of Political Leadership R. A. W. Rhodes, Paul 't Hart, 2014-05-29 Political leadership has made a comeback It was studied intensively not only by political scientists but also by political sociologists and psychologists Sovietologists political anthropologists and by scholars in comparative and development studies from the 1940s to the 1970s Thereafter the field lost its way with the rise of structuralism neo institutionalism and rational choice approaches to the study of politics government and governance Recently however students of politics have returned to studying the role of individual leaders and the exercise of leadership to explain political outcomes The list of topics is nigh endless elections conflict management public policy government popularity development governance networks and regional integration In the media age leaders are presented and stage managed spun DDLas the solution to almost every social problem Through the mass media and the Internet citizens and professional observers follow the rise impact and fall of senior political officeholders at closer quarters than ever before This Handbook encapsulates the resurgence by asking where are we today It orders the multidisciplinary field by identifying the distinct and distinctive contributions of the disciplines It meets the urgent need to

take stock It brings together scholars from around the world encouraging a comparative perspective to provide a comprehensive coverage of all the major disciplines methods and regions It showcases both the normative and empirical traditions in political leadership studies and juxtaposes behavioural institutional and interpretive approaches It covers formal office based as well as informal emergent political leadership and in both democratic and undemocratic polities

Handbook of International and Cross-Cultural Leadership Research Processes Yulia Tolstikov-Mast, Franziska Bieri, Jennie L. Walker, 2021-11-29 An invaluable contribution to the area of leadership studies the Handbook of International and Cross Cultural Leadership Research Processes Perspectives Practice Instruction brings together renowned authors with diverse cultural academic and practitioner backgrounds to provide a comprehensive overview and analysis of all stages of the research process The handbook centers around authors international research reflections and experiences with chapters that reflect and analyze various research experiences in order to help readers learn about the integrity of each stage of the international leadership research process with examples and discussions Part I introduces philosophical traditions of the leadership field and discusses how established leadership and followership theories and approaches sometimes fail to capture leadership realities of different cultures and societies Part II focuses on methodological challenges and opportunities Scholars share insights on their research practices in different stages of international and cross cultural studies Part III is forward looking in preparing readers to respond to complex realities of the leadership field teaching learning publishing and applying international and cross cultural leadership research standards with integrity The unifying thread amongst all the chapters is a shared intent to build knowledge of diverse and evolving leadership practices and phenomena across cultures and societies The handbook is an excellent resource for a broad audience including scholars across disciplines and fields such as psychology management history cognitive science economics anthropology sociology and medicine as well as educators consultants and graduate and doctoral students who are interested in understanding authentic leadership practices outside of the traditional Western paradigm

Political Leadership and the European Commission Presidency Henriette Müller, 2020 The EU s pluralistic nonhierarchical system of multilevel governance lacks clear structures of both government and opposition According to the EU treaties the presidency of the European Commission is thus not explicitly expected to exercise political leadership However the position cannot effectively be exercised without any demonstration of such leadership due to its many leadership functions Examining this curious mix of strong political demands weak institutional powers and need for political leadership this book systematically analyses the political leadership performance of the presidents of the European Commission throughout the process of European integration The basic argument is that Commission presidents matter not only in the process of European integration but that their impact varies according to how the different incumbents deal with the institutional structure and the situational circumstances and thus their available strategic choices The primary research question is thus What makes political leadership in European governance successful

and to what extent and why do Commission presidents differ in their leadership performance In addressing this question this book departs from existing research on EU leadership which has to date often analysed either the EU s institutional structure and its potential for leadership or mainly focused on only the most recent incumbents in case study analyses Focusing on the multiterm European Commission presidents Walter Hallstein Jacques Delors and Jos Manuel Barroso this book conceptualizes their political leadership as a performance and thus systematically analyzes their agenda setting mediative institutional and public outreach performance over the entire course of their presidential terms

The Oxford Handbook of French Politics Robert Elgie, Emiliano Grossman, Amy G. Mazur, 2016-11-24 The Oxford Handbook of French Politics provides a comprehensive and comparative overview of the French political system through the lens of political science The Handbook is organized into three parts the first part identifies foundational concepts for the French case including chapters on republicanism and social welfare the second part focuses on thematic large scale processes such identity governance and globalization while the third part examines a wide range of issues relating to substantive politics and policy among which are chapters on political representation political culture social movements economic policy gender policy and defense and security policy The volume brings together established and emerging scholars and seeks to examine the French political system from a comparative perspective The contributors provide a state of the art review both of the comparative scholarly literature and the study of the French case making The Oxford Handbook of French Politics an invaluable resource for anyone interested in the foundations of contemporary political life in France

Comparative Political Leadership Ludger Helms, 2012-07-25 This volume has been designed as a key resource in the field of international political leadership research Written by a team of distinguished leadership scholars from three continents and nine countries the original chapters gathered in this volume cover all the major fields of political leadership from executive legislative and party leadership to leadership in social movements and international organizations The special value and appeal of this book relates to its genuinely comparative focus that characterizes all chapters

Chaos, Complexity and Leadership 2018 Şefika Şule ERÇETİN, Şuay Nilhan AÇIKALIN, 2020-01-16 This book constitutes the proceedings of the 6th International Symposium on Chaos Complexity and Leadership ICCLS Written by interdisciplinary researchers and students from the fields of mathematics physics education economics political science statistics the management sciences and social sciences the peer reviewed contributions explore chaotic and complex systems as well as chaos and complexity theory in the context of their applicability to management and leadership The book discusses current topics such as complexity leadership in the healthcare fields and tourism industry conflict management and organization intelligence and presents practical applications of theoretical concepts making it a valuable resource for managers and leaders

Contemporary Prime Ministerial Leadership in Britain and Japan Tina Burrett, 2023-09-14 This book analyses prime ministerial leadership in Britain and Japan since 1980 Exploring the interplay between personal skill institutional resources and situational context in explaining the

varying power and agency of different British and Japanese leaders it asks whether the skills strategies and circumstances needed for effective leadership are converging across liberal democracies Comparing Britain and Japan reveals leadership trends that might otherwise go unobserved The book addresses questions important to aspiring politicians as well as scholars including What accounts for the short tenure of most Japanese prime ministers Does comparison with Japan explain the rapid turnover in British prime ministers since 2016 How is the influence of party factions on prime ministerial power evolving in Japan Are British political parties more factional than commonly acknowledged And how do changes in media technology affect leadership opportunities and constraints The book draws on the author s experience as a political researcher in both the British and Japanese parliaments and on interviews with over 40 politicians and political journalists working in both countries

Handbook of Comparative Political Institutions Adrian Vatter,Rahel Freiburghaus,2024-10-03 This comprehensive Handbook presents a broad range of theoretical methodological and empirical perspectives on the comparative study of political institutions Exploring cutting edge developments in the field it provides new insight into the significant diversity and impact of political institutions across space and time This title contains one or more Open Access chapters

The Leadership Capital Index Mark Bennister,Ben Worthy,Paul 't Hart,2017 The Leadership Capital Index develops a conceptual framework of leadership capital and a diagnostic tool the Leadership Capital Index LCI to measure and evaluate the fluctuating nature of the leadership capital of leaders Differing amounts of leadership capital a combination of skills relations and reputation allow leaders to succeed or bring about their failure This book brings together leading international scholars in the field to engage with the concept of leadership capital and use and apply the LCI to a variety of comparative case studies The book provides an important timely and innovative contribution to the now flourishing academic discipline of political leadership studies The LCI offers a comprehensive yet parsimonious and easily applicable 10 point matrix to examine leadership authority over time and in different political contexts In each case leaders spend and put their stock of authority and support at risk United States president Lyndon Johnson arm twisting Congress to put into effect civil rights legislation Tony Blair taking the United Kingdom into the invasion of Iraq Angela Merkel committing Germany to a generous reception of refugees all spent capital to forge public policy they believed in The volume examines how office holders acquire consolidate risk and lose such capital and concentrates predominantly on elected chief executives at the national level including majoritarian and consensus systems multiple and singular cases and also examines some presidential and sub national cases The Leadership Capital Index is an exploratory volume with chapters providing a series of plausibility probes to see how the LCI framework performs as a descriptive and analytical tool

Strategies for Comparative Research in Political Science B. Guy Peters,2013-10-01 Written by a prominent figure in the field this book provides an accessible introduction to comparative methodology Drawing on a wide range of approaches throughout it is essential reading for anyone wanting to understand or research in this major area of political science

Understanding Prime-Ministerial

Performance Paul Strangio, Paul 't Hart, James Walter, 2013-03-28 At the beginning of the twenty first century prime ministers loom larger in the consciousness of their nations than perhaps in any previous era But how well do we really understand the variables of prime ministerial performance and specifically why some prime ministers apparently flourish in the role while others wither This study examines how prime ministers perform as leaders of their governments parties and nations It offers new ways of thinking about prime ministerial power and leadership and systematic empirical studies of prime ministerial leadership practices in four Westminster democracies the United Kingdom Canada Australia and New Zealand The volume features contributions from leading political scientists from all of these countries and is organised into three major sections understanding power in prime ministerial performance prime ministers and their parties and evaluating prime ministerial performance Through its collaborative and multifaceted approach the volume demonstrates that there are no hard and fast propositions or rules of thumb to capture what it is that makes us think of some prime ministers as so much more effective than others Instead it highlights the importance for students of executive government to grasp the contingent interplay between personal institutional and contextual factors in understanding and evaluating prime ministerial performance

Portugal Since the 2008 Economic Crisis António Costa Pinto, 2023-05-11 Portuguese democracy is now celebrating its 50th anniversary Portugal joined the European Union EU in 1986 but the enduring legacies of the country's transition process from authoritarianism to democracy became apparent during the European sovereign debt crisis when Portugal experienced its third bailout since the institutionalization of democratic government Although the first decade after EU accession was one of slight growth and investment Portugal's economy has in effect been performing poorly since the beginning of the 21st century Among the major changes in Portugal as in much of Southern Europe as a result of the great recession was the emergence of important new actors including populist parties new social movements and the polarization of attitudes toward the EU In some of these areas the phrase with the exception of Portugal was always present This book explores the factors that might explain why this is no longer the case presenting a global overview with an interdisciplinary focus of the processes of economic social and political changes in Portuguese democracy since the 2008 economic crisis The volume is accessible to a broad academic audience with chapters examining economic political social and foreign policy issues for scholars interested in an analysis of Portugal's emergence from the economic crisis

Prime Ministers and Party Governments in Central and Eastern Europe Florian Grotz, Marko Kukec, 2023-09-19 This book focuses on Prime Ministers PMs in the post communist democracies of Central and Eastern Europe CEE It shows how the survival of PMs in chief executive office depends on their interrelations with other actors in three different arenas The first arena encompasses the linkages between PMs and their parties In this respect being a party leader is a major power resource for PMs to retain office even under critical circumstances At the heart of the second arena is the PMs relationship to other parliamentary parties In this regard the high fragmentation and fluidity of many post communist party systems pose enormous challenges

for PMs to secure constant parliamentary support In the third arena PMs are confronted with state presidents Given their relatively strong powers in most CEE countries presidents may use their constitutional powers to interfere in the political domain of PMs and thus jeopardise the stability of party governments The book offers new evidence on these relationships from case studies and a broader comparative perspective This volume will be of great use to students and researchers interested in comparative politics and government European studies as well as political leadership The chapters in this book were originally published as a special issue of East European Politics and are accompanied by a revised introduction and a new conclusion

Parliamentary Opposition in Old and New Democracies Ludger Helms, 2013-10-18 Previously published as a special issue of the Journal of Legislative Studies this volume offers a broad comparative assessment of the many faces of parliamentary opposition in different political legal and cultural settings Issues of political opposition and of parliamentary opposition in particular are at the very heart of the study of democratic processes in different parts of the world Written by leading scholars in the field this book looks both at the core features of the parliamentary opposition itself and its role in the legislative and wider political process This includes an inquiry into the manifold challenges that the parliamentary opposition in many countries has come to face in the more recent past in particular the rise of different non parliamentary opposition actors The countries covered in this volume include the old democracies of the Anglo Saxon world continental Europe and Japan and the new democracies and democratizing regimes in Central and Eastern Europe Latin America and South Africa Another chapter looks at the manifestations of parliamentary opposition within the multi level system of the European Union

Collegial Democracy versus Personal Democracy Chen Friedberg, Gideon Rahat, 2024-03-29 This book examines two patterns of democracy collegial and personal through a comprehensive comparison of political institutions It develops a conceptual theoretical and methodological basis for differentiating collegial and personal democracies Central institutions in democracy are classified according to their levels of personalism and collegialism including political parties candidate selection methods and electoral systems legislature and cabinets and governments The book presents preliminary findings concerning the causes for this variance between the two democratic regime types The book will be of key interest to students and scholars of democratic institutions personalism and personalization political parties and more broadly democracy

The Oxford Handbook of the European Union Erik Jones, Anand Menon, 2012-08-30 This is an authoritative one volume and independent treatment of the history functioning and nature of the European integration Written by a selection of leading scholars It covers the major institutions policies and events in the history of integration whilst also providing a guide to the major theoretical approaches that have been used to study it over time By bringing together such a distinguished cast covering such a wide array of themes the Handbook is intended as a one stop shop for all those interested in the European Union and its predecessors Written in an accessible style the volume is intended to shape the discipline of EU studies and to establish itself as the essential point of reference for all

those interested in European integration both in universities and more broadly It represents a timely guide to an institution that is much discussed but often only imperfectly understood **The Routledge Handbook of Policy Styles** Michael Howlett, Jale Tosun, 2021-02-28 This Handbook provides a systematic overview of the study of policy styles provided by leading experts in the field The book unites theoretical bases and advancements in practice ranging from the fundamentals of policy styles to its place in greater policy studies and responds to new questions regarding policy style dynamics across a range of government levels and activities including contemporary trends affecting styles such as the use of digital tools and big data in government It is a comprehensive reference for students and scholars of public policy Key features consolidates and advances the contemporary body of knowledge on policy styles and defines its distinctiveness within broader policy studies provides a detailed picture of national policy styles in a wide range of countries as well as insights concerning sectoral and other kinds of styles within countries including executive styles and styles of policy advice systematically explores questions dealing with how policy styles impact policy goals and the realization of policies including how styles affect instruments choices and impact provides a guide to future comparative research pathways and cross sectoral dialogue on the concept and practice of policy styles The Routledge Handbook Policy Styles is essential reading and an authoritative reference for scholars students researchers and practitioners of public policy public administration public management as well as for comparative politics and government public organizations and individual policy areas such as health policy welfare policy industrial policy environmental policy among others
