Congress. Senate. Committee on the Judiciary. Subcommittee on Constitutional Rights, 1966 *Free Press and Fair Trial* United States. Congress. Senate. Judiciary, 1966 The press in the jury box, by H. Felsher and M. Rosen Howard Felsher, Michael Rosen, *Hearings* United States. Congress Senate, 1965 **Murder, Courts, and the Press** Peter E. Kane, 1992 When murder is the crime the clash in the courts is likely to be between two constitutionally enshrined rights freedom of speech and the right to a fair trial Peter E Kane shows what happened in seven famous court cases when First Amendment rights concerning freedom of speech conflicted with Sixth Amendment rights concerning fair trial He reports the circumstances of each crime the court proceedings and the conduct of the press in the trials of Sam Sheppard Charles Manson and his followers John Paul Stevenson Claus von B low and Arthur Shawcross and the cases involving the Kellie family and the Wayne Clapp murders Kane s narrative and analytical approach illuminates legal principles and shows the roles of actual human beings underlying the abstractions of court opinions In this revised and expanded edition Kane considers two new topics stemming from recent court cases cameras in the courtroom and a code of ethics for crime reporting Kane explores the issue of cameras through the famous Claus von B low retrial which featured live television broadcasts regarding a journalistic code Kane examines the massive pretrial reporting of the serial murders of Arthur Shawcross Kane notes that sensational crime stories serve the interests of many people the public wants to read them journalists want to write them because they can make a reporter s fortune and reputation and editors and publishers want to sell papers The sensational crime story serves everyone s purpose except that of the accused In addition to exploring journalistic ethics and the proper procedures for trial judges in guaranteeing a fair trial these cases also provide an introduction to the operation of the courts in criminal justice The trial court is the arena in which the conflicts between a free press and a fair trial are played out Kane writes This play is described here as are the subsequent evaluations of that play by the appellate courts Thus the legal process is considered from its beginning with the original crime to the final resolution of the case in the United States Supreme Court **Hearings, Reports and Prints of the Senate Committee on the Judiciary** United States. Congress. Senate. Committee on the Judiciary, 1967 **The Book and News-dealer ...**, 1905 **California. Supreme Court. Clurman, 2017-09-08 The national news media as now practiced were born in the 1950s revealed their strength in the 1960s Vietnam asserted it in the 1970s Watergate and were hammered for it in the 1980s By the mid and late 1980s after historic libel suits with the press knocking off presidential candidates and Supreme Court nominees unraveling the Reagan presidency and in a position to overwhelm any individual or institution a new era in press public tension had arisen from the depths of America's civic religion fair play In this account of the media mandarins' rise to uneasy domination Richard M. Clurman gives an intimate critical report of the media in the 1980s the stormiest years in press history until the present time and a harbinger of the present day Beginning with the invasion of Grenada he takes his readers event by event through the biggest uproars in history raising questions from both the media's and the public's perspective on the key troubling press issues of our time Why is the press accused of being so negative so biased so left wing so anti establishment Whenever people read or see something they know about why is it so often wrong naive unfair or all of the above Why do the media arrogantly try to tell people what to think Is there no line between privacy and the people's right to know How can the public and government answer back after the media have spoken Using the Westmoreland v CBS and the Sharon v Time trials as emblematic of how things go wrong the author draws graphic lessons for improved press conduct and wiser public perception This is an insider's look at what is right and what is wrong with the media's attitudes toward their work played against public and government expectations *Encyclopedia of American Civil Liberties* Paul Finkelman, 2021-02-25
