

# UNITED NATIONS' ROLE

# Preventing War The U N And Macedonia

**Bertrand G. Ramcharan**

## **Preventing War The U N And Macedonia:**

**Preventing War** Abiodun Williams, 2000-11-08 This unique first hand study provides the definitive account of the United Nations first and so far only preventive peacekeeping operation Illuminating the limits and possibilities of preventive diplomacy Abiodun Williams traces the course of UN peacekeeping in Macedonia\_ the vital link in the stability of the southern Balkans\_ from 1992 to 1999 As he shows the Macedonia case has important lessons for using preventive action to forestall other threats to international peace and security [The Oxford Handbook of United Nations Peacekeeping Operations](#)

Joachim Koops, Norrie MacQueen, Thierry Tardy, Paul D. Williams, 2015-07-09 The Oxford Handbook on United Nations Peacekeeping Operations presents an innovative authoritative and accessible examination and critique of the United Nations peacekeeping operations Since the late 1940s but particularly since the end of the cold war peacekeeping has been a central part of the core activities of the United Nations and a major process in global security governance and the management of international relations in general The volume will present a chronological analysis designed to provide a comprehensive perspective that highlights the evolution of UN peacekeeping and offers a detailed picture of how the decisions of UN bureaucrats and national governments on the set up and design of particular UN missions were and remain influenced by the impact of preceding operations The volume will bring together leading scholars and senior practitioners in order to provide overviews and analyses of all 65 peacekeeping operations that have been carried out by the United Nations since 1948 As with all Oxford Handbooks the volume will be agenda setting in importance providing the authoritative point of reference for all those working throughout international relations and beyond **Conflict Prevention from Rhetoric to Reality**

Albrecht Schnabel, David Carment, 2004-01-01 Together with local actors many governments regional organizations and the UN are embracing preventive action as a viable path towards sustainable peace The contributions to this volume trace conflict prevention efforts in various regional contexts and explain how preventive thinking is being successfully mainstreamed into the activities of regional organizations and the UN [The Responsibility to Prevent](#) Serena K.

Sharma, Jennifer M. Welsh, 2015-08-20 Among the constitutive elements of the responsibility to protect R2P prevention has been deemed by many as the most important Drawing on contributions from an international group of academics and practitioners this book seeks to improve our knowledge of how to operationalize the responsibility to prevent genocide crimes against humanity war crimes and ethnic cleansing The central argument is that the responsibility to prevent should be conceptualized as crimes prevention The first part of the volume develops a strategic framework which includes identifying the appropriate scope and substance of R2Ps preventive dimension and distinguishing between systemic and targeted approaches The second section examines some of the tools that can be used and have been used to prevent the escalation of dynamics towards the commission of atrocity crimes tools such as sanctions mediation international criminal justice and the use of military means as well as the operational challenges that tend to obstruct global efforts to prevent such crimes The

third and final section draws lessons from actual cases of preventive action both historical and recent about the relative success of particular tools and approaches As the first edited collection of its kind devoted exclusively to the preventive dimension of R2P The Responsibility to Prevent intends to inform and shape the growing debate on how to approach atrocity crime prevention and how to build the capacities needed to implement the imperatives at the heart of R2P International Law on Peacekeeping Hitoshi Nasu,2009 It is generally considered that the UN Security Council has been galvanised since the end of the Cold War However the existence and development of armed conflicts remain the reality in the international scene Is the upsurge in instances of invoking Chapter VII of the UN Charter truly a sign of the invigoration of the Security Council's authority or mere evidence of its failure to prevent the aggravation of armed conflicts To what extent is the Security Council authorised to exercise the peacekeeping power in order to take a more flexible approach to conflict management from an earlier stage of conflict This book explores the potential of the UN peacekeeping power placing Article 40 of the UN Charter at the centre of the legal regime governing peacekeeping measures It traces the origins of peacekeeping measures primarily in the experience of the League of Nations and identifies Article 40 of the Charter as the primary legal basis for and the legal restraints upon the exercise of the peacekeeping power It examines the regulatory framework within which the United Nations particularly the Security Council is authorised and may even be required to direct peacekeeping measures to prevent the aggravation of armed conflicts It suggests that the legal accountability of the Security Council in directing peacekeeping measures will be enhanced by utilising procedural mechanisms for self regulation

*MACEDONIA'S INTEGRATION IN THE EUROPEAN UNION* Abdulla Azizi,2016-04-25 Abdulla Azizi From 2008 to 2010 he was a Director of the Center for Research in Public Administration at SEEU and from 2012 he is a member of the Macedonian National Council for sustainable development He has also been engaged and worked as a national expert in a number of OSCE and the European Commission funded programs projects From War to Peace in the Balkans, the Middle East and Ukraine Daniel Serwer,2018-11-28 This open access book focuses on the origins consequences and aftermath of the 1995 and 1999 Western military interventions that led to the end of the most recent Balkan wars Though challenging problems remain in Bosnia Macedonia Kosovo and Serbia the conflict prevention and state building efforts thereafter were partly successful as countries of the region are on separate tracks towards European Union membership This study highlights lessons that can be applied to the Middle East and Ukraine where similar conflicts are likewise challenging sovereignty and territorial integrity It is an accessible treatment of what makes war and how to make peace ideal for all readers interested in how violent international conflicts can be managed informed by the experience of a practitioner

**Kofi Annan and Global Leadership at the United Nations** Abiodun Williams,2024-05-23 Kofi Annan was the most significant and influential Secretary General of the United Nations Kofi Annan and Global Leadership at the United Nations is a study of how Annan conceived his role as Secretary General and exercised global leadership at a turbulent period in world

affairs Williams discusses the challenges he faced during his tenure from 1997 to 2006 and how he dealt with them The volume sheds light on the importance of leadership for the performance of a global institution and examines such issues as Conflict Prevention Peacekeeping Peacebuilding the Millennium Development Goals HIV AIDS the Responsibility to Protect Human Rights Climate Change and Migration It provides insight into how Annan led the UN during several international crises including the terrorist attacks of 9 11 conflicts in Kosovo and East Timor and the war in Iraq It illustrates how he built partnerships with non state actors including nongovernmental organizations the private sector universities think tanks and Nobel laureates in order to advance the UN s mission without relying exclusively on state power and inter state cooperation Kofi Annan and Global Leadership at the United Nations charts Annan s ambitious efforts to reform and adapt the UN to the needs of the twenty first century It is a pathbreaking and authoritative volume and a union of scrupulous scholarship and insider knowledge of the UN

**International Intervention in the Balkans Since 1995** Peter Siani-Davies, 2004-03 This volume offers an analysis of the activities of the international community in the Balkans since the 1995 Dayton Agreement There has been substantial investment in the region but so far the gains have been limited and doubts remain as to the extent that sustainable security has been enhanced There is a need for serious reassessment of policies and priorities but this depends on a careful analysis of past successes and failures The contributors seek to provide this by examining intervention not just in terms of military action and the activities of major international agencies at state level but also the activities of outside NGOs within the local environment

**International Peace Conferences** Bertrand G. Ramcharan, 2015-01-27 This book has emerged out of the author s experience as Director of an innovative peacemaking peacekeeping and humanitarian initiative the International Conference on the Former Yugoslavia between 1992 and 1996 What was striking about this conference was the experiment of two full time Co Chairmen one from the United Nations and one from the European Union who laboured tirelessly for peace in different parts of the former Yugoslavia for three and a half years The strategies and organization of the conference had to be pieced together from the start by the Co Chairmen and their colleagues only in retrospect could the question whether there might have been experiences of international peace conferences that might have been useful at the beginning of this process be reviewed This research is contained in Part One of this book which offers a review of the role of international peace conferences in history Part Two contains a case study of the strategies and experiences of the International Conference on the Former Yugoslavia

**Human Rights and U.N. Peace Operations: Yugoslavia** Bertrand G. Ramcharan, 2011-08-11 This unique book one of the first of its kind discusses how human rights actually featured in UN peace operations in the deadly conflicts in the former Yugoslavia between 1992 and 1996 It is based on original materials in the possession of the author who was Director of the International Conference on the Former Yugoslavia from 1992 to 1996 and also served as Director of the Office of the UN Special Representative in charge of all peacemaking peacekeeping and humanitarian operations in the region The book brings out the strategic centrality of human

rights in the wide ranging humanitarian operations It shows how the peacekeepers built in a human rights dimension for the first time in the history of UN peacekeeping And it shows how the peace negotiators sought to build their peace proposals on the foundations of human rights It shows the peacemakers advocating justice for the victims while proceeding with their negotiating efforts The great value of this book is that the author who was personally involved in all of the activities he writes about shows how human rights were instilled in practice in UN peace operations over a period of some four years and it also reveals for the first time some innovative ideas advanced that might be helpful in future peace operations From Reaction to Conflict Prevention Fen Osler Hampson, David Malone, 2002 Contributors in public policy politics international affairs development conflict management and peace studies discuss the practical challenges of conflict prevention within the UN system considering the causes and dynamics of war tools being developed to predict the eruption of conflict and what is being done to move from reaction to prevention of conflict They touch on areas such as measuring the societal impact of war a systems approach to mitigating violent conflict and electoral assistance and democratization Hampson teaches international affairs at Carleton University Canada Malone is president of the International Peace Academy Annotation copyrighted by Book News Inc Portland OR *Peace Operations and Human Rights* Ray Murphy, Katarina Mansson, 2013-09-13 The protection and promotion of human rights is an integral part of contemporary international peacekeeping operations It is also a controversial aspect of peace operations at both an institutional and operational level By bringing together a wide range of practitioners and academic scholars this special issue addresses key contemporary legal political and operational challenges to human rights protection This book was previously published as a special issue of the leading journal *International Peacekeeping* **The Perils and Promise of Global Transparency** Kristin M. Lord, 2007-06-01 Argues that increasing levels of transparency do not always change international politics for the better

**Preventive Diplomacy at the UN** Bertrand G. Ramcharan, 2008-05-07 The concept of preventive diplomacy has captivated the United Nations since it was first articulated by Secretary General Dag Hammarskjöld a half century ago Successive generations of diplomats and statesmen have invested in the idea that diplomatic efforts might be able to head off international conflicts and disasters Dramatic successes such as the Cuban Missile Crisis of 1962 contrast with dramatic failures such as the inability of UN efforts to halt the invasion of Iraq in 2003 In this careful study distinguished former UN civil servant Bertrand G Ramcharan traces the history of the practice of preventive diplomacy by UN Secretaries General the Security Council and other UN organizations and assesses the record of preventive diplomacy and examines its prospects in an age of genocide and terrorism **Guide to Specialists, 2009** United States Institute of Peace, 2009 Guide to specialists 2008 United States Institute of Peace **Historical Dictionary of the United Nations** Jacques Fomerand, 2017-12-29 At a time of profound transformations in international relations the second edition of *Historical Dictionary of the United Nations* maps out the continuing and deepening role and relevance of the United Nations in the maintenance of peace and the

promotion of development and human rights Focusing on the past two decades developments this book contributes to a reasoned and fuller understanding of an organization which remains the cornerstone of a changing world fraught with challenges which simply cannot be addressed either unilaterally or bilaterally This second edition of Historical Dictionary of the United Nations contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on its basic organizations subsidiary bodies related specialized and other agencies and nongovernmental actors as well as outstanding figures in its history This book is an excellent resource for students researchers and anyone wanting to know more about the United Nations

**The Responsibility to Protect** International Commission on Intervention and State Sovereignty, International Development Research Centre (Canada), 2001 Responsibility to Protect Research bibliography background Supplementary volume to the Report of the International Commission on Intervention and State Sovereignty

Righting the Balance Daniel Serwer, 2013-11-30 When Daniel Serwer is asked what he does he often replies I make peace I put it in cans and ship it abroad That pursuit of peace took him to Iraq Afghanistan Libya Egypt and many places in between during Serwer s forty years in public service His experiences at the sharp end of foreign policy have shaped his view of the United States ability to protect itself from today s threats In Righting the Balance Serwer focuses on what should be done to protect the United States by offering alternatives that move away from an exclusive reliance on the military Most fundamentally Serwer stresses that civilians diplomats aid workers UN officials humanitarians police trainers lawyers judges entrepreneurs can and should be involved in helping bring about peace Righting the Balance offers a proposal to reform our civilian institutions for the twenty first century so that they can help deliver real results in the search for peace even when confronting difficult conditions in faraway places

**Preventive Human Rights** Bertrand G. Ramcharan, 2012-08-06 This book identifies the need for preventive human rights strategies maps what exists by way of such strategies at the present time and offers policy options to deal with the world of the future
