reader's mind Ritu Priya Nature HIV AIDS is a matter of global concern The world is now more than 20 years into the HIV AIDS crisis with no vaccine in sight and relatively few effective and sustainable prevention programs Although the rate of HIV infection and AIDS deaths has declined in the richer nations of the developed world infection rates are soaring in developing countries AIDS is now the leading cause of death in Africa and the fourth leading cause of death globally The purpose of this book is to synthesize critical lessons about effective HIV AIDS prevention programmes with a major emphasis on communication strategies The authors feel that despite the growing AIDS crisis the world is making poor use of behaviour change and communication strategies for HIV AIDS prevention To begin with the role of communication strategies in HIV prevention care and support has been grossly underestimated Prevention is shortchanged despite the fact that no cure for AIDS has been found and the cost of anti retroviral therapy is out of reach for most who need it Many communication strategies are culturally inappropriate so they may offend public sensitivities which is easy to do when dealing with a sensitive topic that involves sex stigma and death Combating AIDS Communication Strategies in Action focuses on communication strategies that could mobilize political action target high risk groups and overcome stigma The authors have also described and analyzed the value of entertainment education strategy in HIV prevention *Breaking the Conspiracy of Silence* Donald E. Messer, 2004-01-01 A passionate and well articulated call to mission Messer charts steps for individuals congregations denominations and ecumenical agencies in a faithful response to the HIV AIDS The Changing Face of Disease C.G. Nicholas Mascie-Taylor, Jean Peters, Stephen T. McGarvey, 2004-02-11 Disease is an ever present threat faced by all human societies Today this concept has become an influential area of study known as the global burden of disease which encompasses contemporary health concerns such as the economic costs of disease the societal impact of illness in developing nations and infectious diseases resulting from lifestyle **Hiv/aids & You** Savita Sharma, 2006 HIV AIDS is no longer striking primarily men Today more than 20 years into the epidemic women account for nearly half of the 40 million people living with HIV worldwide The call to empower women has never been more urgent We must act now to strengthen their capacity resilience and leadership This book is an urgent call to action to address the triple threat of gender inequality poverty and HIV AIDS HIV AIDS and You is written expressly for people with HIV AIDS and their caregivers friends and family members and will be invaluable to physicians who must struggle with the overwhelming demands of this rapidly changing field

Persuading People To Have Safer Sex Richard M. Perloff, 2000-11-01 Persuading People to Have Safer Sex offers a lucid in depth student friendly and academically thorough discussion of AIDS prevention and health persuasion In so doing it provides an introduction to the ways that social scientific research can be brought to bear on a daunting health problem Covering many aspects of the AIDS crisis the book introduces readers to the severity of the AIDS problem and explains the epidemiology of the disease It discusses why persuasion is so important explicates cognitive theories of AIDS prevention and notes the role emotions and communication play in safer sex prevention It also discusses functions that unsafe sex plays in

peoples lives why people notably minority women frequently choose to engage in unsafe sex and social factors underlying the spread of AIDS in urban America and portions of Africa As a resource for introducing students to the role that theory and research play in health communication and psychology the volume is appropriate for use in communication journalism social psychology and public health courses and will be of value to scholars researchers and all who seek to understand the use of persuasion in changing behavior *Safer Sex in Personal Relationships* Tara M. Emmers-Sommer, Mike Allen, 2004-12-13

This book focuses on safer sex discussion and practice in close personal relationships emphasizing research on individuals in personal relationship types that are experiencing a rise in HIV infection and AIDS Moving beyond studies of gay adult males and IV drug users this work paints a clear picture of the very real risk that exists for these less studied more general populations so individuals may better personalize the risk and engage in more preventative measures Authors Tara M Emmers Sommer and Mike Allen examine issues surrounding safer sex utilizing research that focuses on how individuals struggle with personalizing the HIV and AIDS risk and how they cope with safer sex issues *Safer Sex in Personal Relationships* takes readers on a journey through a variety of close relationship types It begins by highlighting awareness to the global enormity of HIV and AIDS and providing a link between the global and personal and the need to make HIV and AIDS awareness part of everyday talk and personal relationship structure It then focuses on safer sex in close relationships both heterosexual and homosexual marital relationships and the importance of safe sex discussion and awareness in marriages HIV and AIDS from a multicultural perspective HIV and AIDS in aged populations and increasing awareness understanding and compassion of those living with HIV and AIDS This book will appeal to scholars and students concerned with HIV and AIDS in personal relationships It will be an invaluable text for courses on interpersonal communication and relationships family marital human sexuality sex and gender gay and lesbian relationships and sexual education and relational conflict across communication psychology and sociology disciplines **Emerging Theories in Health**

The Psychology of Sexual Health Dr. David Miller,Dr. John Green,2008-04-15 There have been rapid developments in the psychological management of sexually transmitted diseases particularly HIV and AIDS However a significant proportion of those attending genitourinary clinics do not have a disease or infection but rather are seeking help with sexual health issues relating to behaviour prior sexual experiences and relationships Hence as clinics become more and more generalist there is a need to focus on behavioural aspects of disease This is the first text to draw together the knowledge base and expertise of clinicians and researchers from all disciplines in the psychological management of sexual health It presents advances in theory and practice in a practical way that will be accessible for all disciplines

Social Work Diagnosis in Contemporary Practice Francis J. Turner,2005-02-10 The unifying theme of this broad reaching volume is that responsible ethical and effective social work practice rests on the diagnostic skills of the practitioner Social work diagnosis refers to the conscious formulation of an ongoing set of decisions about the client and his or her situation which serve as the basis for intervention decisions for which the practitioner must be prepared to take responsibility Diagnostic skill development is an ongoing process principally enhanced by a continuous commitment to remain at the cutting edge of the profession s body of knowledge but one of the challenges for today s practitioner is keeping abreast of the rapidly expanding body of knowledge contained in some 200 important social work periodicals in circulation Francis J Turner a preeminent clinical scholar brings together in one volume some of the best work published since 2000 each reflecting new insights into understanding psychosocial situations and innovative methods of applying knowledge and skills in an increasingly effective manner Each of the 78 articles in this

volume highlights some of the critical dimensions of contemporary social work practice guiding clinicians to address four key aspects in order to craft an accurate diagnosis The first section presents articles covering the developmental spectrum each of which fully explains various ages and stages of development The second section focuses on a range of specific situations helping practitioners and students enrich their understanding of different types of problems they meet in contemporary practice whether they are based in mental illness psychosocial issues or physical ailments The third section addresses the crucial component of diversity demonstrating the complexity and critical importance of truly understanding clients and their lives The last section of the book discusses innovative approaches to practice selected to offer practitioners easy access to the latest interventions for a host of contemporary challenges facing clients and their therapists Broad in scope and tightly focused on the goal of providing the most up to date information necessary for accuracy in the diagnostic process this volume represents some of the best research available to today s social workers
