Lewis, 2021-08-31 Christian Zionism influences global politics especially U S foreign policy and has deeply affected Jewish Christian and Muslim Christian relations With a fair minded longitudinal study of this dynamic yet controversial movement Donald M Lewis traces its lineage from biblical sources through the Reformation to various movements of today      **Factors Behind the Ukrainian Evangelical Missionary Surge from 1989 to 1999** John Edward White, 2020-03-16 Throughout its history the Soviet Union was one of the most closed places in the world to missionary work As perestroika came in the late 1980s and the Soviet Union fell in 1991 a spiritual vacuum formed as massive numbers of people became interested in Christianity An unprecedented freedom allowed evangelicals to engage in missionary work Much has been written about foreign evangelical missionary work during this period but virtually nothing has been written about nationals doing ministry This book examines the remarkable surge in Ukrainian evangelical missionary work from 1989 to 1999 Both Baptists and Pentecostals engaged in a wave of missions flowing from Ukraine to the end of the earth Siberia What were these pioneering missionaries like What motivated them What enabled them to do what had been forbidden for so long What legacy did they leave for us today What can we learn from their example for future missions This book also looks at how a surge in missions takes place analyzing the factors behind the Ukrainian evangelical missionary surge by looking at different models for change Here we consider what steps can we take to help bring about new missionary surges      **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 This multifaceted and up to date encyclopedia is sure to be of interest to pastors and church workers of all confessions equally so to students scholars and researchers around the world who are interested in any aspect of Christianity or religion in general The first volume contains 465 articles that address a comprehensive list of topics      **The Encyclopedia of Christianity, Volume 1 (A-D)** Erwin Fahlbusch, Jan Lochman, John Mbiti, Jaroslav Pelikan, Lukas Vischer, 2025-04-14 A major intellectual resource Jaroslav Pelikan from the foreword The multiple award winning Encyclopedia of Christianity EC copublished by Brill and Eerdmans is a monumental five volume

*American Women in Mission* Dana Lee Robert, 1996 The stereotype of the woman missionary has ranged from that of the long suffering wife characterized by the epitaph Died given over to hospitality to that of the spinster in her unstylish dress and wire rimmed glasses alone somewhere for thirty years teaching heathen children Like all caricatures those of the exhausted wife and frustrated old maid carry some truth the underlying message of the stereotypes is that missionary women were perceived as marginal to the central tasks of mission Rather than being remembered for preaching the gospel the quintessential male task missionary women were noted for meeting human needs and helping others sacrificing themselves without plan or reason all for the sake of bringing the world to Jesus Christ Historical evidence however gives lie to the truism that women missionaries were and are doers but not thinkers reactive secondary figures rather than proactive primary ones The first American women to serve as foreign missionaries in 1812 were among the best educated women of their time Although barred from obtaining the college education or ministerial credentials of their husbands the early missionary wives had read their Jonathan Edwards and Samuel Hopkins Not only did they go abroad with particular theologies to share but their identities as women caused them to develop gender based mission theories Early nineteenth century women seldom wrote theologies of mission but they wrote letters and kept journals that reveal a thought world and set of assumptions about women's roles in the missionary task The activities of missionary wives were not random they were part of a mission strategy that gave women a particular role in the advancement of the reign of God By moving from mission field to mission field in chronological order of missionary presence Robert charts missiological developments as they took place in dialogue with the urgent context of the day Each case study marks the beginning of the mission theory Baptist women in Burma for example are only considered in their first decades there and are not traced into the present Robert believes that at this early stage of research into women's mission theory integrity and analysis lies more in a succession of contextualized case studies than in gross generalizations

Over the last thirty years issues of gender have been creatively explored within the field of mission studies Whereas the life and work of female missionaries have been fruitfully reflected upon male gender identity has often been understood as an unchanging category This book offers a pioneering account of the relationship between missionary work and masculinity By examining four individual men this study explores how self making occurred within foreign missions but also how

conceptions of male gender informed missionary work Changes that occurred in the lives of these men are placed within the broader context of how issues of gender were renegotiated within the contemporary missionary movement **Jesus in**
