Nakasone,2015-09-01 A resource ideal for students as well as general readers this two volume encyclopedia examines the diversity of the Asian American and Pacific Islander spiritual experience Despite constituting a fairly small proportion of the

U S population roughly 5 percent Asian Americans are a widely diverse group with equally heterogeneous religious beliefs and traditions This encyclopedia provides a single source for authoritative information on the Asian American and Pacific Islander religious experience addressing South Asian Americans such as Indian Americans and Pakistani Americans East Asian Americans including Chinese Americans Japanese Americans and Korean Americans and Southeast Asian Americans whose ethnicities include Filipino Americans Thai Americans and Vietnamese Americans Pacific Islanders include Hawaiians Samoans Marshallese Tongan and Chamorro The coverage includes not only traditional eastern belief systems and traditions such as Buddhism Confucianism and Hinduism as well as Micronesian and Polynesian religious traditions in the United States but also the culture and religious rituals of Asian American Christians *Contemporary Asian America (third Edition)* Min Zhou,Anthony Christian Ocampo,2016-04-19 The third edition of the foundational volume in Asian American studies Who are Asian Americans Moving beyond popular stereotypes of the model minority or forever foreigner most Americans know surprisingly little of the nation s fastest growing minority population Since the 1960s when different Asian immigrant groups came together under the Asian American umbrella they have tirelessly carved out their presence in the labor market education politics and pop culture Many times they have done so in the face of racism discrimination sexism homophobia and socioeconomic disadvantage Today contemporary Asian America has emerged as an incredibly diverse population with each segment of the community facing its unique challenges When Contemporary Asian America was first published in 2000 it exposed its readers to the formation and development of Asian American studies as an academic field of study from its inception as part of the ethnic consciousness movement of the 1960s to the systematic inquiry into more contemporary theoretical and practical issues facing Asian America at the century s end It was the first volume to integrate a broad range of interdisciplinary research and approaches from a social science perspective to assess the effects of immigration community development and socialization on Asian American communities This updated third edition discusses the impact of September 11 on Asian American identity and citizenship the continued influence of globalization on past and present waves of immigration and the intersection of race gender sexuality and class on the experiences of Asian immigrants and their children The volume also provides study questions and recommended supplementary readings and documentary films This critical text offers a broad overview of Asian American studies and the current state of Asian America **Women, America, and Movement** Susan L. Roberson,1998 Since the colonial days American women have traveled migrated and relocated always faced with the challenge of reconstructing their homes for themselves and their families Women America and Movement offers a journey through largely unexplored territory the experiences of migrating American women These narratives both real and imagined represent a range of personal and critical perspectives some of the women describe their travels as expansive and freeing while others relate the dreadful costs and sacrifices of relocating Despite the range of essays featured in this study the writings all coalesce around the issues of politics poetry and self identity described by Adrienne

Rich as the elements of the politics of location treated here as the politics of relocation The narratives featured in this book explore the impact of race class and sexual economics on migratory women their self identity and their roles in family and social life These issues demonstrate that in addition to geographic place ideology is itself a space to be traversed By examining the writings of such women as Louise Erdrich Zora Neale Hurston and Gertrude Stein the essayists included in this volume offer a variety of experiences The book confronts such issues as racist politicking against Native Americans African Americans and Asian immigrants sexist attitudes that limit women to the roles of wife mother and sexual object and exploitation of migrants from Appalachia and of women newly arrived in America These essays also delve into the writings themselves by looking at what happens to narrative structure as authors or their characters cross geographic boundaries The reader sees how women writers negotiate relocation in their texts and how the written word becomes a place where one finds oneself
