Quiet Fires:

Quiet Fire Carol Dommermuth-Costa, Anna Landsverk, 2022-04-05 When Emily Dickinson died at her home in Amherst Massachusetts in 1886 she left a locked chest with hand sewn notebooks and papers filled with nearly 1 800 unpublished poems Four years later her first collection was published and became a singular success Today Dickinson is revered as one of America s greatest and most original poets Using primary source materials including the poet s own letters and poems Quiet Fire presents the life and art of Emily Dickinson to a new generation **Lifesaver** ,1981 *The Thirtymile Fire* John N. Maclean, 2013-11-12 A riveting account of the deadly Thirtymile fire and the controversy and recriminations that raged in its aftermath from our premier chronicler of wildfires and those who fight them The Thirtymile fire in the remote North Cascade range near the Canadian border in Washington began as a simple mop up operation In a few hours a series of catastrophic errors led to the entrapment and deaths of four members of the fire crew two teen age girls and two young men Each had brought order and meaning to their lives by joining the fire world Then the very flames they pursued turned on them extinguishing their lives When the victims were blamed for their own deaths the charge brought a storm of controversy that undermined the firefighting community Continuing a tradition established in his previous books and by his father Norman s *Young Men and Fire* John N Maclean serves as an unflinching guide to the rogue fire s unexpected violence which is almost matched by the passions released by the official verdict of the blaze Weaving together the astonishing stories told by the witnesses the victims family members and the official reports Maclean produces a dramatic narrative of a catastrophe that has changed the way fire is fought More than anything it is a story of humanity at risk when wildfire ancient and unpredictable breaks loose Quiet Fires Ginna Gray, 1991 *Minor Miracles Second Edition* Ian Uhlmann, 2014-03-30 Ian Uhlmann was born in Bulimba Queensland at the beginning of the Great Depression He went on to serve in the Australian Military in Malaya and Vietnam This book offers insight into sometimes hidden aspects of Australian military history and the conduct of the wars in Malaya and Vietnam The English-speaking World ,1929 **Gutsy** Leah Katz, 2022-05-03 Western society too often trains women out of feeling innately confident in who we are and in the wisdom we hold inside Instead we are handed down a set of expectations about our bodies our disposition our religious identification our sexual orientation our mothering and our career choices Dr Leah Katz draws on her training as a psychologist and her experience leaving an ultra Orthodox Jewish faith and culture to offer tools and insights for getting unstuck from society s unrealistic and often harmful expectations for women that we have adopted as our own By learning to identify what is holding us back and adopting a mindset of joy gratitude and resilience we can fulfill our dreams and really fulfill ourselves It s time to get gutsy and create the rich vibrant life we have always wanted *Window, Shadow, Mirror* Kenneth Parsons, 2007 **The Unremembered** Peter Orullian, 2025-08-22 Peter Orullian s epic fantasy debut *The Unremembered* has been critically acclaimed earning starred reviews and glowing praise But now it gets even better In anticipation of the second volume in Orullian s epic series

and for one of the few times in our publishing history we at Tor are choosing to relaunch a title with an author's definitive edition. In addition to stunning updates to the original text, we're also including an exclusive short story set in the world of *Vault of Heaven* as well as a sneak preview of the sequel *Trial of Intentions* and a glossary to the universe. The gods who created this world have abandoned it. In their mercy, however, they sealed the rogue god and the monstrous creatures he created to plague mortal kind in the vast and inhospitable wasteland of the Bourne. The magical Veil that protected humankind for millennia has become weak, and creatures of nightmare have now come through. Those who stand against evil know that only drastic measures will prevent a devastating invasion. Tahn Junell is a hunter who's unaware of the dark forces that imperil his world in much the same way his youth is lost to memory. But an imperious man who wears the sigil of the feared Order of Sheason and a beautiful woman of the legendary Far have shared with Tahn the danger. They've asked him, his sister, and his friends to embark with them on a journey that will change their lives and the world forever. And in the process, he'll remember. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
