Quiet Moments In A War:

Quiet Moments in a War Jean-Paul Sartre, 2002-05-21 In the companion volume to the acclaimed *Witness of my Life* Jean Paul Sartre reveals his life as a soldier a German prisoner and a man of Resistance through letters between himself and his beloved Simone de Beauvoir *Quiet Moments in a War* tells the story of Jean Paul Sartre at the peak of his powers and renown through the exchanging of ideas and intimacies with Simone de Beauvoir from 1940 to 1963 In the pages of this book readers will find details on Sartre's war and his path to fame with the publication of his major works From September 1939 to June 1940 Sartre wrote Beauvoir almost daily as he waited from the frontlines for a German attack While it was a time of fear and uncertainty it doubled as a time of great productivity for Sartre as he completed the novel *The Age of Reason* and sketched out *Being and Nothingness* This collection of the letters between Sartre and Beauvoir completes the extraordinary correspondence of one of modern history's most celebrated couples while documenting the emergence of a great intellectual figure

The Thinking Space Leona Rittner, W. Scott Haine, 2016-03-03 The cafe is not only a place to enjoy a cup of coffee it is also a space distinct from its urban environment in which to reflect and take part in intellectual debate Since the eighteenth century in Europe intellectuals and artists have gathered in cafes to exchange ideas inspirations and information that has driven the cultural agenda for Europe and the world Without the cafe would there have been a Karl Marx or a Jean Paul Sartre The cafe as an institutional site has been the subject of renewed interest amongst scholars in the past decade and its role in the development of art ideas and culture has been explored in some detail However few have investigated the ways in which cafes create a cultural and intellectual space which brings together multiple influences and intellectual practices and shapes the urban settings of which they are a part This volume presents an international group of scholars who consider cafes as sites of intellectual discourse from across Europe during the long modern period Drawing on literary theory history cultural studies and urban studies the contributors explore the ways in which cafes have functioned and evolved at crucial moments in the histories of important cities and countries notably Paris Vienna and Italy Choosing these sites allows readers to understand both the local particularities of each cafe while also seeing the larger cultural connections between these places By revealing how the cafe operated as a unique cultural context within the urban setting this volume demonstrates how space and ideas are connected As our global society becomes more focused on creativity and mobility the intellectual cafes of past generations can also serve as inspiration for contemporary and future knowledge workers who will expand and develop this tradition of using and thinking in space

Smits edited collection *Thinking about and Enacting Curriculum in Frames of War* is centered on the theme of how the current global order creates precarious conditions for human life The contributors respond to the challenges Judith Butler posed about the fragility of life and questions about how we apprehend and take up ethically our responsibilities for those who are considered Other The overarching objective of the book is the meaning of a call to ethics and how discussion of framing and frames is a provocation to think about our responsibilities as curriculum scholars and practitioners

Quiet Time Poems David Edwin Hall, 2014-11-06 Every day there are treasures to be discovered by anyone who will honestly come to hear the voice of the Savior in his Word The Lord Jesus indicates that there is an added blessing for those who will write down the insights he gives by his instruction Every scribe which is instructed unto the kingdom of heaven is like unto a man that is an householder which bringeth forth out of his treasure things new and old Matthew 13 52 The poems in this book are the result of going to the Bible each day with an expectation that God has something very valuable to say That expectation has NEVER been disappointed Our risen Lord said I stand at the door and knock If any man hears My voice and opens the door I will come into him and will sup with him and he with Me Revelation 3 20 This intimate two way communion with God is offered to all those who have received the Lord Jesus Christ John 1 12 and thereby have received not the spirit of the world but the Spirit which is of God that we might know the things that are freely given to us by God 1 Corinthians 2 12 My prayer is that God may use this book for his glory for the encouragement of his own children and for the persuasion of those who may yet be awakened to their need of our Savior Blessed is the man that heareth Me watching daily at My gates waiting at the post of My doors Proverbs 8 34 Heaven is waiting Don t miss it for the world

New Perspectives on Sartre Adrian van den Hoven, Adrian Mirvish, 2010-05-11 This volume deals with a number of topics that have not previously been specifically addressed before in a single text A chapter on Sartre and religion talks about his thought in relation to Christianity Judaism and Buddhism while one on Sartre and children discusses his work in relation to the issues of freedom pregnancy and autism Beyond this there are an additional seven chapters covering a wide variety of topics by leading scholars in the fields of philosophy literature psychology history and political thought While prior publications on Sartre have generally divided his work into two periods pre and post Marxist this volume deliberately stresses a middle and final period as well As representative of the middle period there is an emphasis on Notebooks for an Ethics while Sartre s last work *Hope Now* is also treated as being philosophically significant in its own right This approach helps to cast a new light on what Sartre has to say about authenticity childhood and consciousness as embodied among other subjects The volume also addresses many and diverse issues of current interest including those of freedom Marxism and Sartre s relation to ethics There are sections of the book that deal with history and the historical situations that helped to shape Sartre s thought as well as articles that deal with Sartre as a specifically French thinker A chapter deals with Sartre s relation to women and here the issues of maternity as problematic plus authentic adult relationships are discussed Finally in addition to authors in

philosophy and literature there are articles by a child psychiatrist and a clinical psychologist to help to provide new insights on Sartre's work. Even as an academic philosopher Sartre always remained an iconoclast and the aim of this book is at least partially to capture and provide the reader with insight into this spirit. **Nelson Algren** Richard F. Bales, 2024-11-07 This book addresses critical gaps in existing biographies of Nelson Algren providing new perspectives on his writing style literary contributions professional colleagues and personal life especially his relationship with Simone de Beauvoir. Although Beauvoir maintained a simultaneous relationship with philosopher Jean Paul Sartre the correspondence exchanged between Beauvoir Algren and Sartre as this book discusses sheds new light on her transatlantic love affair with Algren. Moreover this work challenges the assertion that Algren's writing aligns seamlessly with the New Journalism style popularized by Tom Wolfe. It investigates how Algren's literary legacy might have diverged had he embraced more of the principles associated with New Journalism.

At the Existentialist Café Sarah Bakewell, 2016-03-01 Named one of the Ten Best Books of 2016 by the New York Times a spirited account of a major intellectual movement of the twentieth century and the revolutionary thinkers who came to shape it by the best selling author of *How to Live*. Sarah Bakewell Paris 1933 three contemporaries meet over apricot cocktails at the Bec de Gaz bar on the rue Montparnasse. They are the young Jean Paul Sartre Simone de Beauvoir and longtime friend Raymond Aron a fellow philosopher who raves to them about a new conceptual framework from Berlin called Phenomenology. You see he says if you are a phenomenologist you can talk about this cocktail and make philosophy out of it. It was this simple phrase that would ignite a movement inspiring Sartre to integrate Phenomenology into his own French humanistic sensibility thereby creating an entirely new philosophical approach inspired by themes of radical freedom authentic being and political activism. This movement would sweep through the jazz clubs and cafés of the Left Bank before making its way across the world as Existentialism. Featuring not only philosophers but also playwrights anthropologists convicts and revolutionaries *At the Existentialist Café* follows the existentialists' story from the first rebellious spark through the Second World War to its role in postwar liberation movements such as anti colonialism feminism and gay rights. Interweaving biography and philosophy it is the epic account of passionate encounters fights love affairs mentorships rebellions and long partnerships and a vital investigation into what the existentialists have to offer us today at a moment when we are once again confronting the major questions of freedom global responsibility and human authenticity in a fractious and technology driven world.

The Wars of Reconstruction Douglas R. Egerton, 2014-01-21 A groundbreaking new history telling the stories of hundreds of African American activists and officeholders who risked their lives for equality in the face of murderous violence in the years after the Civil War. By 1870 just five years after Confederate surrender and thirteen years after the Dred Scott decision ruled blacks ineligible for citizenship Congressional action had ended slavery and given the vote to black men. That same year Hiram Revels and Joseph Hayne Rainey became the first African American U S senator and

congressman respectively In South Carolina only twenty years after the death of arch secessionist John C Calhoun a black man Jasper J Wright took a seat on the state s Supreme Court Not even the most optimistic abolitionists thought such milestones would occur in their lifetimes The brief years of Reconstruction marked the United States most progressive moment prior to the civil rights movement Previous histories of Reconstruction have focused on Washington politics But in this sweeping prodigiously researched narrative Douglas Egerton brings a much bigger even more dramatic story into view exploring state and local politics and tracing the struggles of some fifteen hundred African American officeholders in both the North and South who fought entrenched white resistance Tragically their movement was met by ruthless violence not just riotous mobs but also targeted assassination With stark evidence Egerton shows that Reconstruction often cast as a failure or a doomed experiment was rolled back by murderous force The Wars of Reconstruction is a major and provocative contribution to American history

Women of the World Wars Layla Gupta, At the onset of the World Wars women found themselves called to action in unprecedented ways Both conflicts brought about a significant transformation in the roles women were expected to play challenging traditional gender norms and shaping the future of women s participation in public and military life The need for manpower in the face of global warfare led to a surge of women volunteering for roles that had once been exclusively male from nursing to industrial labor and even military service In the early stages of World War I women across many nations began to mobilize in response to the urgent needs of their countries As the war progressed and casualties mounted the lack of medical staff led to an increasing demand for nurses While nursing had traditionally been a female dominated profession the scale of the war required women to take on more responsibility than ever before with many joining formal organizations such as the Voluntary Aid Detachments VADs These women were stationed in field hospitals and near the front lines providing essential care to wounded soldiers under dangerous and often unsanitary conditions Their role in saving lives during the war could not be overstated as they often worked under grueling circumstances that left them physically and emotionally drained Women were also called upon to fill roles in industries crucial to wartime production With large numbers of men enlisted in the military women were urged to take over jobs in factories munitions plants and agricultural work sectors traditionally dominated by men This marked a dramatic shift in the social fabric as women demonstrated their ability to contribute to national efforts in ways previously thought impossible In Britain the United States and other Allied nations women worked long hours producing munitions and supplies ensuring that the war machine continued to function The iconic image of Rosie the Riveter in the United States though it emerged during World War II had its roots in the earlier efforts of women in World War I
