Quinze Ans De Combat:

Quinze Ans de Combat, 1919-1934, Etc. [Articles on Politics.]. Romain Rolland, 1935 *Quinze ans de combat (1919-1934)* Romain Rolland, 1935 *Guerre et révolution dans le roman français de 1919 à 1939* Maurice Rieuneau, 2000

Quinze ans de combat (1919-1934). Romain Rolland, 1935 **Fictions of 1947** Kate Marsh, 2007 The end of the British Raj and the creation of the two states of India and Pakistan in August 1947 is a recognizable narrative within British Anglophone culture and colonial history In contrast the persistence of the five French trading posts or comptoirs on the Indian subcontinent until 1954 remains largely ignored by both French and British historians of French colonialism and the popular culture of the Hexagone In examining metropolitan French language representations of Indian decolonization this book demonstrates the importance of the British imperial loss in 1947 as a reference point within French cultural production The critical investigation into the strategies of representation used problematizes existing Anglophone theoretical models by critics such as Said Bhabha and Spivak for the analysis of colonial discourse It reveals that French language representations of Indian decolonization cannot be fully appreciated without engaging methodologically with France's politically subordinate status in India The book thus challenges the commonly accepted binary between colonizer and colonized proposing in its place a triangular model composed of the colonized India the subaltern colonizer France and the dominant colonizer Britain Through a systematic critical evaluation of the range of texts journalistic intellectual political and literary produced in metropolitan France by authors such as Romain Rolland Jean Rous H l ne Cixous Catherine Cl ment and Marguerite Duras the book challenges the current postcolonial orthodoxy that the story of Indian decolonization is solely an Anglophone space

UNDERSTANDING SOCIETY Rudolf Steiner, 2017-11-27 In the uncertainty following the end of the First World War Rudolf Steiner perceived a unique opportunity to establish a healthy social and political constitution He began lecturing throughout post war Germany often to large audiences about his social ideas Here speaking to a more intimate grouping at the Goetheanum in Dornach Switzerland Steiner seeks to deepen the themes of social threefolding showing specifically how new social thinking is integral to anthroposophy Steiner speaks of the superficiality of the materialistic view of history originating with the economic shift amongst the population at the time of the Reformation Back in Egyptian Chaldean times initiates ruled out of spiritual impulses Later in the Greco Roman period priests had power over their congregations Today homo economicus or economic man has become the dominant idea with the capitalist and the banker taking control But the healing of social relationships can only come about through different modes of thought the life of spirit must be separated not only from politics but also from economics True social understanding allows for comprehension of karma the appreciation of each person's individual destiny In parallel says Steiner we should work towards a global consciousness as true social ideas are founded on people feeling themselves to be citizens of the world In an important corollary Steiner studies the incarnations of three significant spiritual beings in human evolution Lucifer Christ and Ahriman Lucifer incarnated in the

third pre Christian millennium Christ incarnated at the dawn of a new age whilst an incarnation of Ahriman in the West is immanent Ahriman is preparing this incarnation by insidiously promoting various ideas for example that economic security is sufficient for healthy public life A new wisdom must be achieved out of free human will says Steiner or else we will succumb to Ahriman

Andrews, 1983-06-30 In *Presidential Government in Gaullist France* William G Andrews describes and explains the basic character of executive legislative relations in Gaullist France from 1958 to 1974 He demonstrates that the Fifth Republic became presidential despite its
