voluntarily introduced practices intended to help viewers who make repeated premium rate calls appreciate how much they are spending also some assessment of the addiction to participation in such shows should be undertaken viewers should be made aware that puzzles on Call TV quiz shows have a cryptic element and that Ofcom should make it obligatory to have games verified with a third party and solutions lodged with them to prevent underhand changes being made while the show is on air Ofcom should also publish periodic reports on its monitoring of Call TV quiz programmes any practice of misleading viewers about call volumes or of blocking of calls would be unfair and fraudulent and should be punished under criminal law the Committee recommends that broadcasters should be required to display some recent historical information about volume of incoming calls and the odds of being connected to the studio also that a single body Ofcom take responsibility for registering all complaints
