*Qumranica Minora I* Florentino García Martínez, 2007-05-31 *Qumranica Minora I* Qumran Origins and Apocalypticism brings together the author's much-discussed articles on the so-called Grottingen Hypothesis, an hypothesis about the origins of the Qumran Community in relation to the parent Essene movement and Palestinian apocalyptic movements, as well as a selection of his most important essays on Early Jewish and Qumran apocalypticism. The third part of the book consists of surveys of the history of research on the Dead Sea Scrolls. The volume includes English translations of essays that were originally written in Spanish and French.

*Daily, Sabbath, and Festival Prayers in the Dead Sea Scrolls* Daniel K. Falk, 2018-11-26 All the evidence for daily sabbath and festival prayers in the Qumran scrolls is analysed in detail, document by document. On the basis of formal features and social liturgical setting, these prayers are compared with each other to uncover divergent prayer traditions. Comparative material beyond the scrolls is used to reassess their place in the development of Jewish prayer. Evidence for prayers of different origin found at Qumran is important for reconsidering the nature of the scrolls, the community which used them, and the history of Jewish liturgy. For several texts, significant new reconstructions are offered.

**Text and Canon of the Hebrew Bible** Shemaryahu Talmon, 2010-06-30 The essays by Shemaryahu Talmon, 1920-2010, presented in this fourth volume of his collected studies in English, were written against the background of the momentous manuscript finds at various sites in the Judean Desert, including approximately 200 biblical or Bible-related manuscripts and manuscript fragments discovered at Qumran. These discoveries date from the crucial period of the turn of the era and afford scholars unprecedented information on the early transmission history of the biblical text. Talmon likens the transmission process in agreement with Paul Kahle and contrary to Paul de Lagarde to a confluence of variant, pristine traditions that Judaism, Christianity, and the Samaritan communities severally channeled into one fixed and closely circumscribed text form. It is his thesis that at least some of the biblical manuscripts and fragments from Qumran preserve original variants of the wording in the Masoretic Text, which eventually was recognized and transmitted in Judaism as the acclaimed and exclusively binding wording of the Hebrew Bible. These manuscripts and fragments evidence a textual strategy consisting of the interaction of the original authors and the transmitters of their work. Scribes and editors were minor partners of the authors. They did not refrain from occasionally changing wordings within a given range of poetic license, often adapting literary techniques and patterns that had been used by the primary creators of the texts that they copied. The 18 essays reprinted in this volume

relate to a variety of phenomena that affected the biblical literature in the stages of transition from oral tradition to hand written transmission initially in Paleo Hebrew then in the square alphabet and ultimately in the promulgation of the Masoretic version in print Talmon's articles published herein initially appeared over a period of about 50 years thus giving expression to his developing thought regarding the transmission history of the biblical text up to the present time The papers have undergone revision in the process of preparing the present volume Scholars and students alike will benefit from owning and using this superb comprehensive collection of studies

**Beyond Vengeance and Protest** Oliver Nwachukwu, 2005  
 Publisher's description Beyond Vengeance and Protest takes a fresh look at the Book of Revelation from the point of view of blessing If John wrote Revelation to tell the Christian communities that he had seen the Lord and to encourage them to persevere the parables underscore his conviction of God's vindication of the righteous who suffer now With the sevenfold parables expressing hope in God's grace John lays grounds for action by positing the good for which the contrary must be rejected

**The Dead Sea Scrolls and the Developmental Composition of the Bible** Eugene Ulrich, 2015-04-14 Winner of the 2015 Choice Outstanding Academic Title Award Winner of the Frank Moore Cross Award for Best Book in Biblical Studies from ASOR Winner of the Biblical Archaeology Society 2017 Publication Award for Best Book Relating to the Hebrew Bible Eugene Ulrich presents in The Dead Sea Scrolls and the Developmental Composition of the Bible also available as paperback the comprehensive and synthesized picture he has gained as editor of many biblical scrolls His earlier volume The Biblical Qumran Scrolls presented the evidence the transcriptions and textual variants of all the biblical scrolls and this volume explores the implications and significance of that evidence The Bible has not changed but modern knowledge of it certainly has changed The ancient Scrolls have opened a window and shed light on a period in the history of the text's formation that had languished in darkness for two thousand years They offer a parade of surprises that greatly enhance knowledge of how the scriptural texts developed through history

Creation and Christology Masanobu Endo, 2002 Since previous scholarship has searched for figures equivalent to the personified Logos in the Johannine Prologue scholars have often ignored the context of which the Genesis creation account is the center Masanobu Endo examines that reference to the Genesis creation account as it appears in contexts where the unique identity of God is maintained In eschatological contexts the realization of eschatological salvation is strongly expected on the grounds of the

sovereignty of God which is known in his work of creation This observation of the theological function of the Genesis creation account in the Second Temple period may shed light on the question of why reference is made to the Genesis creation account in the Johannine prologue What this means is that the descriptions of the identity of the Word the Son in the Johannine prologue were made on the grounds of Jewish monotheistic speculation about the identity of God the Creator
