Quo Vadimus

E. B. White

Quo Vadimus:

Considering Aaron Sorkin Thomas Fahy, 2014-11-01 Aaron Sorkin is one of the most notable voices in Hollywood attracting millions of weekly viewers with his television series *The West Wing* and scoring box office success with films like *A Few Good Men* and *The American President*. With a musician's sense of rhythm and writing skills honed in the theater, Sorkin crafts dialogue that brings characters to life. His crisp, tight language is both exciting to listen to and poetic in its beauty and power, but what lies behind the slick, sophisticated exchanges between Sorkin's characters? Does Sorkin's ability to captivate viewers with rapid-fire, humorous dialogue lull them into overlooking an inherent political agenda, a sense of elitism and gender bias prominent throughout his work? Aaron Sorkin's skill as a writer garners him accolades even from his critics: complex, nuanced, sometimes subtle but often forceful. Sorkin's work is best understood when viewed from a variety of perspectives. This collection of essays on the work of Aaron Sorkin affords greater insight into the complexities of his writing, drawing connections between the film and television output of today's most prominent and influential screenwriter. Scholars from various fields—film, literature, art history, political science, and more—examine the thematic content and rhetorical strategy of Sorkin's writing. Eleven essayists explore the subtle, pervasive and often contradictory messages woven throughout Sorkin's work, from politics to portrayals of women, and consider his impact on film, television, and culture. An interview with Aaron Sorkin precedes the essays, each of which has notes and a bibliography. An appendix covering film and television credits is included. Instructors considering this book for use in a course may request an examination copy here. **Warfare State** David Edgerton, 2005-12-08 A challenge to the central theme of the existing histories of twentieth-century Britain—that the British state was a welfare state—this book argues that it was also a warfare state which supported a powerful armaments industry. This insight implies major revisions to our understanding of twentieth-century British history, from appeasement to wartime industrial and economic policy and the place of science and technology in government. David Edgerton also shows how British intellectuals came to think of the state in terms of welfare and decline and includes a devastating analysis of C. P. Snow's *Two Cultures*. This groundbreaking book offers a new post-welfarist and post-declivist account of Britain and an original analysis of the relations of science, technology, industry, and the military. It will be essential reading for those working on the history and historiography of twentieth-century Britain, the historical sociology of war, and the history of science and technology. Quo Vadimus? Helen Loring Grenfell, National Education Association of the United States. Meeting, 1899

Quo Vadimus? E. B. White, 1945 *Quo vadimus* Stanislaw Dudzinski, 1991 **Quo Vadimus? Or, The Case for the Bicycle** Elwyn Brooks White, 1945 *Hephæstus; or, The soul of the machine* E. E. Fournier d'Albe, 2025-03-02 In *Hephæstus* or *The Soul of the Machine*, E. E. Fournier d'Albe deftly explores the intricate interplay between technology and humanity through a lens deeply influenced by the era's burgeoning scientific advancements. Set against the backdrop of early 20th-century industrialism, the narrative merges speculative fiction with philosophical inquiry, delving into the implications of

mechanization upon the human spirit Fournier d Albe s prose is characterized by its eloquent clarity and rich symbolism embodying a literary style that resonates with the contemporary movements of modernism while also engaging with themes of creativity identity and the moral quandaries posed by progress E E Fournier d Albe was an accomplished author and scientist whose intimate understanding of both literature and technology culminated in this remarkable work His experiences within the scientific community and his fervent interest in the philosophical questions surrounding machine intelligence inform the narrative s depth allowing the reader to engage in profound reflections on human existence in an increasingly mechanized world Fournier d Albe s unique perspective as a scientist turned writer enriches his storytelling bringing scientific realism and philosophical ideals into a harmonious exploration of humanity I highly recommend Heph stus to readers intrigued by the nexus of technology and philosophy Fournier d Albe invites us to ponder critical questions about our relationship with machines urging a reevaluation of what it means to be human in the face of relentless progress This thought provoking narrative is essential for those who seek to understand the complexities of modern existence and the soul entwined within the machinery of our lives

E.B. White Scott Elledge,1986 Here is a richly detailed and vivid biography of the man who wrote Charlotte s Web The Trumpet of the Swan and Stuart Little the White of Strunk and White the writer whose style and humor were so important in distinguishing The New Yorker s first thirty years Included are some fifty photographs and drawings as well as manuscript facsimiles

Tuck, 2008-01-17 This book focuses on the direct link between molecular dynamics and atmospheric variation uniting molecular dynamics turbulence theory fluid mechanics and non equilibrium statistical mechanics

Multilingualism, Language in Education, and Academic Literacy Adika, Gordon S.K., Asante, Charles C., 2015-04-02 The Language Centre was founded in 1970 as a language research department in the University of Ghana under the then Faculty of Arts Its mandate was to focus on research and teaching related to the improvement of performance in English the official language and the various Ghanaian languages as vectors of education culture and community interaction Since the 1970s the Centre has been focusing on research related to language learning teaching and assessment language endangerment and documentation multilingualism intercultural communication and the interconnected areas of language and literature This book in essence reflects these research areas but more than that the constitutive research articles were produced jointly or severally by different generations of directors and research fellows of the Centre over the four decades of the organization s existence The ten chapters of this commemorative anthology comprise selected research articles from a very large pool of previously published works with continuing relevance as well as more recent works that have not yet been published The book is not designed for release as a discrete and independent publication On the contrary it feeds into a much wider set of commemorative collections from diverse units all of which are thematically linked in a manner designed to project the mission of the University of Ghana **Dreadnought to Daring** Peter Hore, 2012-11-05 Dreadnought to Daring is an absorbing and highly readable summary of a century of naval thinking which has been written by some of the leading lights in contemporary naval history Founded in 1912 by some of the Royal Navys brightest officers the quarterly Naval Review has never been subject to official censorship and its naval members do not need official permission to write for it so it has always

provided an independent lively and at times outspoken forum for service debate In broad terms it has covered contemporary operations principles of naval warfare history and anecdotes which record the lighter side of naval life but sometimes with a bite to them A correspondence section provides an important barometer of service opinion while extensive book reviews written by those with real knowledge of the subject carry considerable weight For these reasons the Naval Review is widely regarded as a journal of record In return for its freedom circulation is restricted to members and membership to serving or retired officers However this volume will give the interested public an insight into its activities past and present Intended both to celebrate and to analyse the impact of the journal over its 100 year history it comprises a series of specially commissioned articles divided chronologically and thematically devoted to subjects that have been of importance to the naval community as reflected in the pages of the journal It concludes with an assessment of how well the Naval Review has succeeded in its founders aim and what influence it has had on policy
