Ben Hogan Tim Scott, 2015-04-01 Ben Hogan's accomplishments on the golf course are the stuff of legends but his life off it was exceedingly private In this biography author Tim Scott demonstrates why such public perception was not representative of Hogan's personality offering a firsthand glimpse into the famous golfer's humor and sensitivity Hogan wasn't perfect and many of his fine qualities were never made public until now as Tim Scott shares his personal experience with Hogan as well as Hogan's friends family and acquaintances Along the way a clearer picture emerges of Hogan as a man a golfer a friend and a husband

Ben Hogan's Short Game Simplified Ted Hunt, 2010-10-27 In the follow up to his successful Ben Hogan's Magical Device author Ted Hunt takes things a step further focusing his attention on the elements of Hogan's picture perfect swing specific to shots attempted within 100 yards of the flagstick Ben Hogan's Short Game Simplified begins with an overview of Hogan's magical device for the uninitiated and segues into a detailed step by step breakdown of Hogan's swing from the takeaway to the follow through with each step garnering its own dedicated chapter complete with illustrations photos and drills Chapters focus on chip shots flop shots bunker shots putts spinning drawing and fading the ball Hogan's fundamentals additional drills and exercises and a special chapter of Hogan stories

Ben Hogan's Tips for Weekend Golfers Ted Hunt, 2017-04-04 Ben Hogan made hitting a golf ball look easy and the results spoke for themselves But Hogan's swing system is as complex as a spider's web the variables and connections are never ending In Ben Hogan's Tips for Weekend Golfers Hunt presents a selection of simple but valuable tips based on the legendary golfer's secret to a competitive golf swing The book is intended for the recreational golfer not the tournament player who has unlimited time to practice It distills Hogan's observations concerning the vital components of a golf swing one at a time and presents them as simply as possible Each tip is illustrated with a series of photographs which clearly show the proper grip stance backswing and follow through The author addresses these important golfing concepts What powers the takeaway When and how do the wrists hinge What is your first move down from the top of the backswing What is the action of the back knee When does the lead knee straighten How do you connect the arms to the torso How do you maximize power through proper timing in the contact zone What are the two benefits of hovering the putter and the driver How can fifteen minutes a day at your home significantly improve 55 percent of your game In Ben Hogan's Tips for Weekend Golfers Ted Hunt makes the intricate Hogan system accessible and presents it in a way that the Hawk himself might have if he were instructing a club member out on the course

Ben Hogan's Magical Device Ted Hunt, 2009-05-26 In 1954 Ben Hogan stated in the serialized lessons he wrote for Life magazine that he had a secret He challenged the world to find it by stating It is easy to see if I tell you where to look He then wrote his legendary instructional book Five Lessons and created a remarkable golf swing puzzle but somehow one

important piece of information was missing Golf expert after golf expert have attempted to define this secret over the years serving to compile a rather lengthy list of what they think the secret is but never quite explaining how it s done Enter Ben Hogan s Magical Device a revealing book which intends to finally explain in universally understandable terms that long lost secret to Hogan s swing As a lifelong golfer with 50 years of experience two degrees in Physical Education and a Doctorate in History author Ted Hunt became determined to track down Hogan s secret himself He reviewed most of the literature concerning Hogan and interviewed many professionals including Jack Nicklaus and the result of his research produced a clearer understanding of the source of the confusion concerning Hogan s secret An hypothesis was conceived and tested and Hunt was pleased to discover that his analysis stood up to critical examination But perhaps more importantly his golf responded with more accuracy and lower scores which included shooting his age 79 several times within weeks of embracing the secret Complete with 100 photos illustrations and a foreword by movie star Sean Connery Ben Hogan s Magical Device gives an easy to follow explanation of Hogan s secret where it comes from and the foundations which support its successful execution Interspersed throughout the text are stories from professional acquaintances who spoke with Hunt about their times with Mr Hogan

Revolutionary Medicine Jeanne E. Abrams,2015-09-04 Before the advent of modern antibiotics one s life could be abruptly shattered by contagion and death and debility from infectious diseases and epidemics was commonplace for early Americans regardless of social status Concerns over health affected the founding fathers and their families as it did slaves merchants immigrants and everyone else in North America As both victims of illness and national leaders the founders occupied a unique position regarding the development of public health in America This work refocuses the study of the lives of George and Martha Washington Benjamin Franklin Thomas Jefferson John and Abigail Adams and James and Dolley Madison away from the usual lens of politics to the unique perspective of sickness health and medicine in their era For the founders republican ideals fostered a reciprocal connection between individual health and the health of the nation Studying the encounters of these American founders with illness and disease as well as their viewpoints about good health not only provides us with insight into their lives but also opens a first hand window into the practice of medicine in the eighteenth century Perhaps most importantly today s American public health initiatives have their roots in the work of America s founders for they recognized early on that government had compelling reasons to shoulder some new responsibilities with respect to ensuring the health and well being of its citizenry The state of medicine and public healthcare today is still a work in progress but these founders played a significant role in beginning the conversation that shaped the contours of its development Publisher information
