PROCLAIMING One unifying religion for all the people The Book is without a doubt a revelation from the Lord of the Universe The Final Testament comes with built in physical evidence that it is God's message to you it is mathematically composed beyond human capability This proves that God is the Truth and that He revives the dead and that He is Omnipotent This book consolidates all the messages delivered by all of God's messengers into one global message Total submission to God worshiping God and devoting the worship absolutely to Him ALONE **Quran** ,1992 *QURAN the Final Testament Authorized English Version* ,1992 **Quran** ,1989 *The Quran the Final Testament the Quran the Last Testament They Don't Want You to Know* Faisal Fahim,2015-07-05 This book contains a summary of The Bible The Quran and Science 2014 of Dr Maurice Bucaille The biography of prophet Muhammad pbuh An Islamic prayer book according to Quran and Sunnah and last but not least is that this book also contains The Quran Modern Science Compatible or Incompatible 2014 by Dr Zakir Naik and Mr Faisal Fahim This is an A to Z book on Islam Quran Bible Torah Science And it also includes the Islamic prayer book with a biography of the prophet This book seeks to spiritually unite by highlighting similarities in the texts It sheds new light and dispels many preconceived ideas in separating what belongs to Revelation from what is the product of error or human interpretation The Quran Modern Science Compatible or Incompatible Ever since the dawn of human life on this planet Man has always sought to understand Nature his own place in the scheme of Creation and the purpose of Life itself In this quest for Truth spanning many centuries and diverse civilizations organized religion has shaped human life and determined to a large extent the course of history While some religions have been based on books claimed by their adherents to be divinely inspired others have relied solely on human experience Al Quran the main source of the Islamic faith is a book believed by Muslims to be of completely Divine origin Muslims also believe that it contains Divine guidance for all humankind Since the message of the Quran is believed to be for all times it should be relevant to every age Does the Quran pass this test In this booklet I intend to give an objective analysis of the Muslim belief regarding the Divine origin of the Quran in the light of established scientific discoveries There was a time in the history of world civilization when miracles or what was perceived to be a miracle took precedence over human reason and logic But how do we define the term miracle A miracle is anything that takes place out of the normal course of life and for which humankind has no explanation However we must be careful before we accept something as a miracle An article in The Times of India Mumbai in 1993

reported that a saint by the name Baba Pilot claimed to have stayed continuously submerged under water in a tank for three consecutive days and nights. However, when reporters wanted to examine the base of the tank of water where he claimed to have performed this miraculous feat, he refused to let them do so. He argued by asking as to how one could examine the womb of a mother that gives birth to a child. The Baba was hiding something. It was a gimmick simply to gain publicity. THIS BOOK HAS MUCH MORE ADDED INFORMATION ON THE NEW DISCOVERIES OF SCIENTIFIC INFORMATION FOUND IN THE HOLY QURAN. THIS INFORMATION IS ARRANGED AND ORGANIZED BY AUTHOR MR FAISAL FAHIM. THE LATEST INFORMATIONS ARE ALL ADDED IN 2014. REVIEWED BY FAISAL. Allah swt Says: Invite to the Way of your Lord i.e. Islam with wisdom i.e. with the Divine Revelation and the Qur'an and fair preaching and argue with them in a way that is better. Truly your Lord knows best who has gone astray from His Path and He is the Best Aware of those who are guided. Quran 16:125. From author: To the people who loved reading, purchasing my book. Please share my book, tell others about it. And please write a positive review about my book on the website. I really appreciate it. Thank you very much. Sincerely, Your author Mr Faisal Fahim. *Quran*, 2005. Tafsir of the Qur'an. Admir Kacamakovic, 2020-11-08. A new and fresh study of the Holy Qur'an done by a student of Islam, a Tafsir that incorporates the blending of the Hadith of the Prophet Muhammad with the relevant verses of the former scriptures, namely the Old Testament or the Hebrew Bible and the New Testament or the Christian Bible, for the better and clearer understanding of the Final Testament. Students of Islam, both Muslim and non-Muslim, will benefit from the different style of Tafsir of the Qur'an that explains the meaning and interpretations of its verses through the use and direct comparison of the former scriptures. This new work applies. E-Book uses two different English language translations and transliterations in order to highlight the importance of original work being in the Arabic language and challenges of interpreting the same work correctly in more than one way. The rich use of references, sometimes more than once, enable the student to appreciate what the meaning or the teaching or rather the wisdom of the verses in the Qur'an is. As the Final Testament revealed through the last Prophet of Lord God, the Creator, is still being explained and examined by the best scholars of Islam and most experienced critics as well in order to be completely understood and its teachings be applied in our everyday life, I wanted this effort and work of mine in this book to be a student attempt in better comprehending the all important manual of life for the human creation. Muslim and non-Muslim, mainly Jewish and Christian readers, will be able to satisfy their divine curiosity and compare and contrast what each scripture states about different events throughout prophetic history of revelation. Stories about Moses and Pharaoh, Jesus and the lost sheep of Israel, Noah and the Ark, David and his son Solomon, Abraham and his sons Ishmael and Isaac, creation of Adam, and many others are here in a intersection of three holy books with the examples or Sunnah of the Prophet Muhammad, hadith collection. *The Rule of the Clan*. Mark S. Weiner, 2013-03-12. A revealing look at the role kin based societies have played throughout history and around the world. A lively wide ranging meditation on human development that offers surprising lessons for the future of

modern individualism The Rule of the Clan examines the constitutional principles and cultural institutions of kin based societies from medieval Iceland to modern Pakistan Mark S Weiner an expert in constitutional law and legal history shows us that true individual freedom depends on the existence of a robust state dedicated to the public interest In the absence of a healthy state he explains humans naturally tend to create legal structures centered not on individuals but rather on extended family groups The modern liberal state makes individualism possible by keeping this powerful drive in check and we ignore the continuing threat to liberal values and institutions at our peril At the same time for modern individualism to survive liberals must also acknowledge the profound social and psychological benefits the rule of the clan provides and recognize the loss humanity sustains in its transition to modernity Masterfully argued and filled with rich historical detail Weiner's investigation speaks both to modern liberal societies and to developing nations riven by clannism including Muslim societies in the wake of the Arab Spring
