Believing Without Belonging? Vinod John, 2020-11-19 This study examines an indigenous phenomenon of the Hindu devotees of Jesus Christ and their response to the gospel through an empirical case study conducted in Varanasi India It analyzes their religious beliefs and social belonging and addresses the ensuing questions from a historical theological and missiological perspective The data reveals that the respondents profess faith in Jesus Christ however most remain unbaptized and insist on their Hindu identity Hence a heuristic model for a contextualized baptism as Guru diksha is proposed The emergent church among Hindu devotees should be considered from the perspective of world Christianity as a disparate form of belonging while remaining within one's community of birth The insistence on a visible church and a distinct community of Christ's followers is contested because the devotees should construct their contextual ecclesiology since it is an indigenous discovery of the Christian faith Thus the Christian label for the adherents is dispensable while retaining their socio ethnic Hindu identity Christian mission should discontinue extraction and assimilation instead missional praxis should be within the given sociocultural structures recognizing their idiosyncrasies as legitimate in God's eyes and in need of transformation like any human culture Missiological Education Union Biblical Seminary (Pune, India). Centre for Mission Studies.

and Indian Bowl (Revised Edition): Swami Dayanand Bharati, 2004-06-01 An Analysis of Christian Failings in Communicating Christ to Hindus with Suggestions Towards Improvements *Living Water and Indian Bowl* delves into the complex dynamics of Christian evangelism in India specifically focusing on the communication barriers between Christians and Hindus Dayanand Bharati offers a thorough analysis of why Christian efforts have often fallen short in effectively conveying the message of Christ to the Hindu population The book begins with an exploration of the Hindu worldview emphasizing the cultural social and religious intricacies that shape Hindu beliefs and practices Bharati critiques the traditional Western approach to evangelism in India which often neglects the significance of Hindu dharma and cultural identity He argues that many Christian missionaries fail to understand the fundamental aspects of Hindu life leading to a disconnect between the message of the Gospel and the lived experiences of Hindus This book is a call for a paradigm shift in Christian evangelism in India It challenges readers to rethink their approach to communicating the Gospel urging them to

develop a deeper understanding of Hindu culture and to demonstrate the love and teachings of Christ through practical spirituality This revised edition tailored for an American audience aims to foster greater cultural sensitivity and effectiveness in Christian missionary work in India [Christian Barriers to Jesus \(Revised Edition\)](#) J. Paul Pennington, 2022-02-15 A Call to Follow Jesus When He Challenges Our Traditions There are many challenges to adequately representing Jesus to the majority world and often Western Christian traditions create unnecessary hindrances to people accepting His truth This book grew out of many interviews with Indian Jesus followers both Christians and Yesu bhaktas who identified painful stumbling blocks to receiving and sharing the gospel While Hindus often have a high view of Jesus they struggle with the conventions practices and labels around church Christian Barriers to Jesus uniquely challenges readers to examine nine barrier producing Christian traditions exploring The assumptions Christians may hold about the value origin or necessity of their customs The concerns Hindus commonly raise about traditions that confuse offend or alienate them Teachings from Jesus in Scripture that often question the same ideas or practices Pennington suggests that by not asking deep enough questions about what is essential for following Jesus and what is a non essential human invention the church is unnecessarily alienating millions of people from Him As a body it is time to honestly address these concerns developing new patterns of discipleship that reveal Jesus s heart for breaking down barriers instead of creating them The analysis presented in this book will empower readers to critically examine their personally cherished traditions and the purity of the gospel they present with insights that are relevant in all contexts *Bulletin - Christian Institute for the Study of Society*, 1998 **Context, Culture and Worship** Paul M. Collins, 2006 **Cultural Gaps** H.L. Richard, 2020-02-20 Lessons in Interreligious Encounters Focus on unreached people groups and the emergence of a global church have not yet eliminated massive gaps in the spread of the gospel Differences between Hindu and Christian traditions account for the uneven reception of the gospel of Christ among Hindu peoples Contextualization best practices and movements to Christ are central discussion points in response In Cultural Gaps H L Richard brings Benjamin Robinson a forgotten nineteenth century pioneer missionary back into this conversation by reviving his memoir In the Brahmans Holy Land with a new foreword extensive footnotes and a new introduction Robinson s experiences in south India in the 1880s remain relevant particularly his attempts at authentic interreligious encounter and his struggle to adequately integrate into the Hindu context Robinson did not stop at language acquisition cultural study or personal relationships but felt called to adapt his lifestyle further trusting in God s help Although his engagement with Hindus was cut short by health problems he had a deep humility an unflagging commitment to learn and an exemplary sense of inadequacy for a high calling Robinson s honesty regarding personal struggles with the perplexity of understanding Hindus relates immediately with current realities His memoir raises important questions about faithful service and trusting God for an outcome that may still be yet to come The path forward for better cross cultural engagement is clearly present in the life and thought of this significant pioneer **Christian Inculturation in India** Paul M. Collins, 2016-09-17 Drawing

together international and Indian sources and new research on the ground in South India this book presents a unique examination of the inculturation of Christian Worship in India Paul M Collins examines the imperatives underlying the processes of inculturation the dynamic relationship between the Christian message and cultures and then explores the outcomes of those processes in terms of architecture liturgy and ritual and the critique offered of these outcomes especially by Dalit theologians This book highlights how the Indian context has informed global discussions and how the decisions of the World Council of Churches Vatican II and Lambeth Conferences have impacted upon the Indian context **Rethinking**

Hindu Ministry: H.L. Richard,2011-06-26 Hindu traditions are diverse and complex Simple summaries of Hindu beliefs and practices aren t adequate to explain their captivating allure for Hindus This collection of papers from seasoned practitioners observes Hindu traditions and Hindu ministry from new angles introducing new perspectives on ministry in Christ s name that are relevant far beyond the Hindu world Broad conceptual pictures and detailed practical advice is presented Also highlighted are some remarkable Hindus who surrendered to Christ and wrestled with the meaning of following Him in their Hindu families This is the first book to turn to for pointers on sharing Christ with Hindus **Christianity Made in India**

Roger E. Hedlund,2017-10-01 Christianity Made in India From Apostle Thomas to Mother Teresa discusses the indigenization of Christianity in the Indian context It is set in the larger context of the exceptional growth of the church in the non Western world during the twentieth century which has been characterized by a diversity of localized cultural expressions It recognizes that the center of Christian influence numerically and theologically is shifting southward to Africa Latin America and Asia It affirms the reality that wherever the gospel goes it takes root in the local culture **Religion and Society** ,2003

Christians Meeting Hindus Bob Robinson,2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model *Indian Books in Print* ,2003
