Wisdom & Metaphor Jan Zwicky,2014-04-17 In the foreword to Wisdom Metaphor Jan Zwicky observes that those who think metaphorically are enabled to think truly because the shape of their thinking echoes the shape of the world Wisdom Metaphor explores the ways we come to understand the world through analogical structures and the relation of this form of knowing to conventional epistemology and ontology Zwicky uses the nature of the book itself with its facing pages to create resonant structures of aphorism and quotation which allow the reader to experience the kind of thinking she describes The author s wide ranging influences coupled with an understated largely spatial style of discourse make this a remarkably original approach to long standing questions about meaning and language It offers a unique and compelling argument for the fundamental importance of metaphor to philosophy

A perennial favorite invaluable as a learning tool I highly recommend it **PREVIEW** **Lyric Philosophy** Jan Zwicky, 2014-02-24 In this ground breaking study on the nature of philosophy Jan Zwicky demonstrates how much of potential philosophical significance is lost if our notion of meaningful language is constrained by narrow concepts of analytic rigour Her aim is not to dismiss the role of analysis in philosophy rather she strives to augment its resources and thereby give to philosophy a voice with greater range and integrity Two parallel texts on facing pages run through the book The primary one is Zwicky's which begins with a critique of existing criteria for defining a work as philosophy and then develops the notion of lyric in its relation to two other key terms technology and domesticity She finishes with an exploration of meaning form and content in lyric contexts The parallel text consists of quotations from other authors It serves as commentary on illustration of and reaction to the main text as a way of acknowledging intellectual debts and as a way of providing an historical context for some of the main text's claims Highly original in its thought and presentation Zwicky's discussion makes an exciting contribution to contemporary philosophy forging new connections and expanding old boundaries **Catalogue of the library of the Peabody institute of the city of Baltimore ...** Andrew Troeger, John Parker, 2024-01-06 Reprint of the original first published in 1883 *A letter from Germany ... on the English and German language ...* Herbert Croft, 1797 *A catalogue of works in all departments of English literature* Longmans, Green and co, 1848 **A letter from Germany ... on the English and German languages** sir Herbert Croft (5th bart.), 1797
