Wickeri, 2021-10-04 In Hong Kong's Last English Bishop Philip L Wickeri explores the life and times of John Gilbert Hindley Baker who served as Bishop of the Anglican Diocese of Hong Kong and Macao from 1966 to 1981 Baker lived through exciting times as a missionary in wartime and revolutionary China as a priest in America during the early years of the Cold War and as a mission leader in the Church of England when churches in many parts of the world were becoming independent before returning to Hong Kong where he was elected bishop He was a faithful correspondent and a prolific writer throughout

Philip L. Wickeri, 2015-05-01 Written by a team of internationally recognized scholars Christian Encounters with Chinese Culture focuses on a church tradition that has never been very large in China but that has had considerable social and religious influence Themes of the book include questions of church society and education the Prayer Book in Chinese parish histories and theology Taken together the nine chapters and the introduction offer a comprehensive assessment of the Anglican experience in China and its missionary background Historical topics range from macro to micro levels beginning with an introductory overview of the Anglican and Episcopal tradition in China Topics include how the church became

embedded in Chinese social and cultural life the many ways women s contributions to education built the foundations for strong parishes and Bishop R O Hall s attentiveness to culture for the life of the church in Hong Kong Two chapters explore how broader historical themes played out at the parish level St Peter s Church in Shanghai during the War against Japan and St Mary s Church in Hong Kong during its first three decades Chapters looking at the Chinese Prayer Book bring an innovative theological perspective to the discussion especially how the inability to produce a single prayer book affected the development of the Chinese church Finally the tension between theological thought and Chinese culture in the work of Francis C M Wei and T C Chao is examined This is one of the finest books on Christianity and Chinese culture to have emerged in recent years Philip Wickeri has done the almost impossible and assembled an outstanding world class team of scholars to write on Anglican and Episcopal history in China with essays focusing on education liturgy ministry ecclesiology and theology This is a timely important book and one that will re shape the way we understand the place of Anglican and Episcopal churches in the past present and future Martyn Percy dean of Christ Church Oxford UK This pioneering study provides new knowledge of local parishes translation of liturgy as well as mission and theology of Chung Hua Sheng Kung Hui Comprehensive in scope and original in using new resources it will stimulate new scholarship in the study of Christianity in China Kwok Pui lan author of Chinese Women and Christianity 1860 1927 The essays included in this important volume offer a refreshingly realistic image of the Christian missionary enterprise and its interaction with Chinese culture and society The contributors present new angles of interpretation with more informed and nuanced accounts of the complexities and contradictions that shaped the encounter of one particular strand of Western Christianity and Chinese culture during a turbulent century of change R G Tiedemann professor of Chinese history Shandong University China

**East Wind** Tom Buchanan, 2012-04-19 East Wind offers the first complete archive based account of the relationship between China and the British Left from the rise of modern Chinese nationalism to the death of Mao Tse tung Beginning with the Hands Off China movement of the mid 1920s Tom Buchanan charts the mobilisation of British opinion in defence of China against Japanese aggression 1931 1945 and the role of the British left in relations with the People s Republic of China after 1949 He shows how this relationship was placed under stress by the growing unpredictability of Communist China above all by the Sino Soviet dispute and the Cultural Revolution which meant that by the 1960s China was actively supported only by a dwindling group of enthusiasts The impact of the suppression of the student protests in Tiananmen Square June 1989 is addressed as an epilogue East Wind argues that the significance of the left s relationship with China has been unjustly overlooked There were many occasions such as the mid 1920s the late 1930s and the early 1950s when China demanded the full attention of the British left It also argues that there is nothing new in the current fascination with China s emergence as an economic power Throughout these decades the British left was aware of the immense unrealised potential of the Chinese economy and of how China s economic growth could transform the world In addition to analysing the role of the political parties and

pressure groups of the left Buchanan sheds new light on the activities of many well known figures in support of China including intellectuals such as Bertrand Russell R H Tawney and Joseph Needham Many other interesting stories emerge concerning less well known figures which show the complexity of personal links between Britain and China during the twentieth century

**A History of Global Anglicanism** Kevin Ward,2006-11-23 Anglicanism can be seen as irredeemably English In this book Kevin Ward questions that assumption He explores the character of the African Asian Oceanic Caribbean and Latin American churches which are now a majority in the world wide communion and shows how they are decisively shaping what it means to be Anglican While emphasising the importance of colonialism and neo colonialism for explaining the globalisation of Anglicanism Ward does not focus predominantly on the Churches of Britain and N America nor does he privilege the idea of Anglicanism as an expansion of English Christianity At a time when Anglicanism faces the danger of dissolution Ward explores the historically deep roots of non Western forms of Anglicanism and the importance of the diversity and flexibility which has so far enabled Anglicanism to develop cohesive yet multiform identities around the world

Salvation and Revolution Jesse Zexi Sun,2025 This book traces the intellectual and spiritual journeys of Chinese Protestant intellectuals Zhao Zichen Wu Yaozong and Cai Yongchun among many in the tumultuous 20th century China from the fall of the Qing Dynasty through the Cultural Revolution These leaders strove to align their Christian faith with the challenges of a nation in upheaval initially advocating a Liberal Synthesis that fused Christian ethics with national renewal As wars and revolutions swept across China figures like Wu Yaozong turned to socialism while others like Zhao and Cai embraced more conservative theological positions The rise of the CCP during the Chinese Civil War divided their paths yet all remained dedicated to a role of Christianity in China s future

**That Was The**

**Church That Was** Andrew Brown, Linda Woodhead, 2016-07-28 The unexpectedly entertaining story of how the Church of England lost its place at the centre of English public life now updated with new material by the authors including comments on the book's controversial first publication The Church of England still seemed an essential part of Englishness and even of the British state when Mrs Thatcher was elected in 1979 The decades which followed saw a seismic shift in the foundations of the C of E leading to the loss of more than half its members and much of its influence In England today religion has become a toxic brand and Anglicanism something done by other people How did this happen Is there any way back This relentlessly honest and surprisingly entertaining book tells the dramatic and contentious story of the disappearance of the Church of England from the centre of public life The authors religious correspondent Andrew Brown and academic Linda Woodhead watched this closely one from the inside and one from the outside That Was the Church That Was shows what happened and explains why
