The Facts on File Companion to the French Novel Karen L. Taylor, 2006 French novels such as *Madame Bovary* and *The Stranger* are staples of high school and college literature courses This work provides coverage of the French novel since its origins in the 16th century with an emphasis on novels most commonly studied in high school and college courses in world literature and in French culture and civilization **Ecocritical Approaches to Literature in French** Douglas L.

Boudreau, Marnie M. Sullivan, 2015-12-24 Ecocriticism is a critical approach that focuses on the representation in literature of the non human elements of the natural world a method of inquiry that has been largely limited to literature written in English The aim of *Ecocritical Approaches to Literature in French* is twofold to introduce ecocriticism to scholars of French language literature and to open ecocriticism to the vision and voices of French literature The chapters look at work not only from France but also from North America the Caribbean and Africa The discussions include fiction poetry film and pedagogy The goal of the collection is to demonstrate not only the applicability of ecocritical inquiry to literature in French but to demonstrate the possibilities of ecocritical theory on the study of French literature and also for ecocriticism itself This collection will be a useful resource both for scholars of French language literature and also for ecocritics who may have had only limited contact with literatures in languages other than English *The Opening Country* John Micklewright, 2021-03-10

For twenty five years John Micklewright rushed through France in his haste to get to Italy In this journey of re discovery he travels the slow way on foot on paths tracks and byways from the Channel to the Alps from the coast of Normandy to the flanks of Mont Blanc **English Language Criticism on the Foreign Novel: 1965-1975** , 1989 Critical interest in foreign novels especially the Latin American and African novel has burgeoned in the past two decades The purpose of this reference bibliography is to provide easier access to the criticism produced from 1965 to 1975 on novels published in Africa Latin America Europe Asia Canada Australia and the middle East A second volume will cover criticism between 1976 and 1985 Throughout this work the term foreign novel includes novels and other longer works of fiction produced in all countries other than the United States and the United Kingdom Coverage ranges in time of writing from Apuleius *Metamorphosis* first century A D and Murasaki's *Tale of Genji* 11th century to Garcia Marquez's *100 Years of Solitude* 1967 and Margaret Atwood's *Surfacing* 1972 The 277 journals chosen primarily because of their wide circulation and 584 books indexed for relevant material contribute to the 13 000 bibliographic citations on 1 500 authors This is a reference tool which is surely essential for any library or world literature scholar *Impersonals and other Agent Defocusing Constructions in French* Michel Achard, 2015-01-14 This book investigates French impersonals as a functional category Any structure whose agent is defocused and whose predicate describes a situation stable enough to be generally available should be considered impersonal In addition to il impersonals the category also includes demonstrative ce a middle se and indefinite on structures These different forms belong to the same functional category because they systematically code general and predictable

events that cannot be imputed to a specific cause Because generality and predictability are gradual notions impersonals can only be identified within the context of specific constructional islands which therefore constitute the organizing principle of the French impersonal category Conducted in Cognitive Grammar the analysis follows the functional tradition in expanding the scope of French impersonals beyond *il* constructions but also proposes a way of precisely delineating the category This book will be of interest to anyone interested in impersonal constructions and French linguistics **A Critical Bibliography of French Literature: The twentieth century, ed. by D.W.
