Mary Hawkesworth, Maurice Kogan

Race And Authority In Urban Politics Community Participation And The War On Poverty:

Race and Authority in Urban Politics David J. Greenstone, Paul E. Peterson, 1974-01-25 What really happened when citizens were asked to participate in their community's poverty programs In this revealing new book the authors provide an answer to this question through a systematic empirical analysis of a single public policy issue citizen participation in the Community Action Program of the Johnson Administration's War on Poverty Beginning with a brief case study description and analysis of the politics of community action in each of America's five largest cities New York Chicago Los Angeles Detroit and Philadelphia the authors move on to a fascinating examination of race and authority structures in our urban life In a series of lively chapters Professors Greenstone and Peterson show how the coalitions that formed around the community action question developed not out of electoral or organizational interests alone but were strongly influenced by our conceptions of the nature of authority in America They discuss the factors that affected the development of the action program and they note that democratic elections of low income representatives however much preferred by democratic reformers were an ineffective way of representing the interests of the poor The book stresses the way in which both machine and reform structures affected the ability of minority groups to organize effectively and to form alliances in urban politics It considers the wide ranging critiques made of the Community Action Program by conservative liberal and radical analysts and finds that all of them fail to appreciate the significance and intensity of the racial cleavage in American politics

Race and Authority in Urban Politics J. David Greenstone, 1973

Race and Authority in Urban Politics J. David

Greenstone, 1973 **Race and Authority in Urban Politics** David Greenstone, Paul E. Peterson, 1976-08 In this penetrating book the authors provide a systematic empirical analysis of an important public policy issue citizen participation in the Community Action Program of the Johnson administration's War on Poverty This Phoenix edition includes a new introduction in which the authors explicate the most important themes in their analysis In a series of lively chapters Greenstone and Peterson show how the coalitions that formed around the community action question developed not out of electoral or organizational interests alone but were strongly influenced by prevailing conceptions of the nature of authority in America The book stresses the way in which both machine and reform structures affected the ability of minority groups to organize effectively and to form alliances in urban politics It considers the wide ranging critiques made of the Community Action Program by conservative liberal and radical analysts and finds that all of them fail to appreciate the significance and intensity of the racial cleavage in American politics

The War on Poverty in Mississippi Emma J. Folwell, 2020-03-18 President Lyndon B. Johnson's war on poverty instigated a ferocious backlash in Mississippi Federally funded programs the embodiment of 1960s liberalism directly clashed with Mississippi's closed society From 1965 to 1973 opposing forces transformed the state In this state level history of the war on poverty Emma J. Folwell traces the attempts of white and black Mississippians to address the state's dire economic circumstances through antipoverty programs At times the war on poverty became a

powerful tool for black empowerment But more often antipoverty programs served as a potent catalyst of white resistance to black advancement After the momentous events of 1964 both black activism and white opposition to black empowerment evolved due to these federal efforts White Mississippians deployed massive resistance in part to stifle any black economic empowerment twisting antipoverty programs into tools to marginalize black political power Folwell uncovers how the grassroots war against the war on poverty laid the foundation for the fight against 1960s liberalism as Mississippi became a national model for stonewalling social change As Folwell indicates many white Mississippians hardwired elements of massive resistance into the political economic and social structure Meanwhile they abandoned the Democratic Party and honed the state's Republican Party spurred by a new conservatism

Launching the War on Poverty Michael L. Gillette, 2010-07-09
Head Start Job Corps Foster Grandparents College Work Study VISTA Community Action and the Legal Services Corporation are familiar programs but their tumultuous beginning has been largely forgotten Conceived amid the daring idealism of the 1960s these programs originated as weapons in Lyndon Johnson's War on Poverty an offensive spearheaded by a controversial new government agency Within months the Office of Economic Opportunity created an array of unconventional initiatives that empowered the poor challenged the established order and ultimately transformed the nation's attitudes toward poverty In *Launching the War on Poverty* historian Michael L. Gillette weaves together oral history interviews with the architects of the Great Society's boldest experiment Forty nine former poverty warriors including Sargent Shriver Adam Yarmolinsky and Lawrence F. O'Brien recount this inside story of unprecedented governmental innovation The interviews capture the excitement and heady optimism of Americans in the 1960s along with their conflicts and disillusionment This new edition of *Launching the War on Poverty* adds the voice of Lyndon Johnson to the story with excerpts from his recently released White House telephone conversations In these colorful and brutally candid conversations LBJ exercises his full arsenal of presidential powers political leverage and legendary persuasiveness to win one of his most difficult legislative battles The second edition also documents how the OEO's offspring survived their volatile origins to become broadly supported features of domestic policy

People & Politics in Urban America Robert W. Kweit, Mary G. Kweit, 2013-10-31
This revised textbook for courses on urban politics challenges the notion that the field is dominated by political economy showing that despite the undeniable importance of economic issues citizens do play a significant part in urban politics

Just Schools David L. Kirp, 1983-12-01 Examines the goals of equality in education reviews the experiences of five communities and recommends policy measures to improve educational opportunity in the United States

Urban Politics, New York Style Jewel Bellush, Dick Netzer, 1990-03 First published in 1990 This text looks at New York City looking at its unique Governance its entity as an independent City its politics and Demography

City and Regime in the American Republic Stephen L. Elkin, 2015-05-14 Stephen L. Elkin deftly combines the empirical and normative strands of political science to make a powerfully original statement about what cities are can and should be Rejecting the idea that two goals of

city politics equality and efficiency are opposed to one another Elkin argues that a commercial republic could achieve both He then takes the unusual step of addressing how the political institutions of the city can help to form the kind of citizenry such a republic needs The present workings of American urban political institutions are Elkin maintains characterized by a close relationship between politicians and businessmen a relationship that promotes neither political equality nor effective social problem solving Elkin pays particular attention to the issue of land use in his analysis of these failures of popular control in traditional city politics Urban political institutions however are not just instruments for the dispensing of valued outcomes or devices for social problem solving they help to form the citizenry Our present institutions largely define citizens as interest group adversaries and do little to encourage them to focus on the commercial public interest of the city Elkin concludes by proposing new institutional arrangements that would be better able to harness the self interested behavior of individuals for the common good of a commercial republic

The Dependent City Revisited Paul Kantor, 2019-07-11 Here is a book that makes sense of the L A riots homelessness tax giveaways and the other big urban issues that are back in the national spotlight In this streamlined and updated new edition of his classic book *The Dependent City* Paul Kantor now focuses on economic development and social welfare policies to reveal the key dilemmas of American urban politics Returning to a political economy theme Kantor explores how city governments have struggled to escape and accommodate the reality of their economic dependency in the policies that they've pursued Revisiting cities across the nation Kantor finds not only that they have become more dependent but also that the character of this dependency has changed and deepened Exploring local regimes in the Frostbelt and Sunbelt and in suburbia he finds that they frequently act more like captives of big business rather than as representatives of citizens Local attempts to promote social justice increasingly run up against a wall of economic dependency created by federal policies and business power This book signals how American cities can find ways of overcoming this dependency by working together with states and the federal government to promote healthy democratic urban politics *The Dependent City Revisited* is an accessible provocative supplement for a wide variety of courses in urban studies and political economy as well as stimulating reading for anyone who is interested in understanding America's urban mosaic

Encyclopedia of African-American Politics, Third Edition Robert Smith, 2021-05-01 This A to Z volume examines the role of African Americans in the political process from the early days of the American Revolution to the present Focusing on basic political ideas court cases laws concepts ideologies institutions and political processes this book covers all facets of African Americans in American government Written by a nationally renowned scholar in the field the *Encyclopedia of African American Politics Third Edition* will enlighten readers to the struggles and triumphs of African Americans in the American political system Entries include Abolitionist Movement African immigrants Barack Obama Black Lives Matter Black Panther Party Civil Rights Act of 1964 Emancipation Proclamation Forty Acres and a Mule Freedmen's Bureau Hurricane Katrina Institutional racism Integrationism Juneteenth Lynching Malcolm X Million Man March Raphael Warnock

American Political Scientists Glenn H. Utter, Charles Lockhart, 2002-10-30 This dictionary offers the only comprehensive collection of profiles of American political scientists each of whom contributed significantly to the intellectual development of American political science from its beginnings in the late 19th century to the present This second edition includes 22 new and 110 revised entries reflecting new scholarship that emerged during the 1990s Numerous experts helped the editors develop this consensus group of the 193 political scientists who have made the most important theoretical contributions over the years with attention to varied approaches and the different subfields Alphabetically arranged entries focus on the main ideas and major works by each scholar listing list the most important publications by and about the individual There are numerous cross references to show how the work of one scholar has influenced another in the discipline Appendices list the political scientists by degree granting institutions and by major fields A short bibliography points to important general readings about the profession A general index makes this major reference easily accessible for broad interdisciplinary research

Sweet Land of Liberty Thomas J. Sugrue, 2009-10-13 Sweet Land of Liberty is Thomas J Sugrue s epic account of the abiding quest for racial equality in states from Illinois to New York and of how the intense northern struggle differed from and was inspired by the fight down South Sugrue s panoramic view sweeps from the 1920s to the present more than eighty of the most decisive years in American history He uncovers the forgotten stories of battles to open up lunch counters beaches and movie theaters in the North the untold history of struggles against Jim Crow schools in northern towns the dramatic story of racial conflict in northern cities and suburbs and the long and tangled histories of integration and black power Filled with unforgettable characters and riveting incidents and making use of information and accounts both public and private such as the writings of obscure African American journalists and the records of civil rights and black power groups Sweet Land of Liberty creates an indelible history

Morning Glories Amy Bridges, 1999-08-15 George Washington Plunkitt once dismissed municipal reformers as morning glories who looked good early on but soon faded Political scientist Amy Bridges shows how that description fit the Northeast when Tammany Hall ruled New York City but not the Southwest Here Bridges traces reform politics and government in large Southwestern cities since 1901

Encyclopedia of Government and Politics Mary

Hawkesworth, Maurice Kogan, 2013-11-07 This is a brand new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium Providing a penetrating analysis of government and politics at a global regional and nation state level the Encyclopedia assesses both traditional and contemporary approaches and projects the paths of future research The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject Internationally respected contributors have been carefully selected to present contending approaches to related topics both to clarify the political implications of the various methodologies and to enrich the portrayal of political life With its expanded revised and updated coverage Encyclopedia of Government and Politics is more than ever an indispensable tool for students teachers professional analysts and policy makers *People and Politics in Urban America, Second Edition* Robert W. Kweit, Mary G. Kweit, 2013-11-26 First Published in 1998 Approximately 75 percent of Americans live in cities and surrounding suburbs and the characteristics of those cities inescapably affect the quality of their lives This book examines the extent to which these Americans use the political process to control the characteristics of life in their metropolises In addition this second edition revision places great emphasis on the role of political leaders while recognising the interdependence between those leaders and various interests in the city *The Unheavenly Chorus* Kay Lehman Schlozman, Sidney Verba, Henry E. Brady, 2013-08-25 Examining the current state of democracy in the United States The Unheavenly Chorus looks at the political participation of individual citizens alongside the political advocacy of thousands of organized interests in order to demonstrate that American democracy is marred by ingrained and persistent class based inequality *Citizen Lobbyists* Brian Adams, 2007 Citizen Lobbyists explores how U S citizens participate in local government Although many commentators have lamented the apathy of the American citizenry Brian Adams focuses on what makes ordinary Americans become involved in and attempt to influence public policy issues that concern them It connects theory and empirical data in a new and revealing way providing both a thorough review of the relevant scholarly discussions and a detailed case study of citizen engagement in the politics of Santa Ana a mid sized Southern California city After interviewing more than fifty residents Adams found that they can be best described as lobbyists who identify issues of personal importance and then lobby their local government bodies Through his research he discovered that public meetings and social networks emerged as essential elements in citizens efforts to influence local policy By testing theory against reality this work fills a void in our understanding of the actual participatory practices of civically engaged citizens

Enjoying the Song of Term: An Psychological Symphony within **Race And Authority In Urban Politics Community Participation And The War On Poverty**

In a global used by displays and the ceaseless chatter of fast connection, the melodic elegance and psychological symphony produced by the published word often diminish into the backdrop, eclipsed by the constant noise and disruptions that permeate our lives. However, situated within the pages of **Race And Authority In Urban Politics Community Participation And The War On Poverty** an enchanting fictional value full of organic thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that interesting masterpiece conducts visitors on an emotional journey, skillfully unraveling the concealed melodies and profound affect resonating within each carefully constructed phrase. Within the depths with this moving assessment, we shall investigate the book is key harmonies, analyze its enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
