Black Education Joyce E. King, 2006-04-21. This volume presents the findings and recommendations of the American Educational Research Association's AERA Commission on Research in Black Education, CORIBE, and offers new directions for research and practice. By commissioning an independent group of scholars of diverse perspectives and voices to investigate major issues hindering the education of Black people in the U.S. and other Diaspora contexts, and Africa, the AERA sought to place issues of Black education and research practice in the forefront of the agenda of the scholarly community. An unprecedented critical challenge to orthodox thinking, this book makes an epistemological break with mainstream scholarship. Contributors present research on proven solutions, best practices that prepare Black students and others to achieve at high levels of academic excellence and to be agents of their own socioeconomic and cultural transformation.
