Marger, 2017-01-01 **Our Social World** Dr Jeanne H Ballantine, Keith A. Roberts, 2011-04-25 The Third Edition of Our Social World Introduction to Sociology is truly a coherent textbook that inspires students to develop their sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day to day basis Key Features Offers a strong global focus A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world Illustrates the practical side of sociology Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence Encourages critical thinking Provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology Presents The Social World Model in each chapter This visually compelling organizing framework opens each chapter and helps students understand the interrelatedness of core concepts New to the Third Edition Thirty new boxed features including the innovative Engaging Sociology and Applied Sociologists at Work features Three substantially reorganised chapters 2 Examining the Social World 3 Society and Culture and 13 Politics and Economics 315 entirely new references and 120 new photos *Race and Ethnic Relations* Martin N. Marger, 1990-10-01

The Alternative Right's Attempt at Autocratic Democracy in Twenty-First Century America Chuck A.

Baker, 2021-10-15 *The Alternative Right's Attempt at Autocratic Democracy in Twenty First Century America* analyzes the several significant factors that influenced the cultural environment to move American democracy toward authoritarianism. Chuck A. Baker hypothesizes that growing xenophobia, the 9/11 terrorist attacks, the 2008 recession, and neoliberal economic philosophy were the shocks that made possible a lurch toward autocratic democracy. Several of the central tenets embedded in fascism, like conventionalism, acquiescence to coercion, and hostility toward the less powerful, would manifest as autocratic rule gained traction. As minority communities were made vulnerable, the lethality of police practices against unarmed minorities and the government's response to such coercive oppression motivated protests throughout America. The January 6, 2021, Capital riots made clear that the far right was willing to utilize violence to meet their goal. Statements that situated Making America Great Again reminded right-wing extremists of an epoch in which racism and sexism were part of the American society's structure. This book examines in a sociological manner the factors that made autocratic democracy palatable to a large plurality of Americans. The text discusses the reason for social change in the middle twentieth century and then utilizes quantitative methodology to elucidate the events in the twenty-first century that threaten democracy through authoritarian practices. *Our Social World* Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell

Korgen, 2019-01-02 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award, enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. *Our Social World: Introduction to Sociology* inspires students to develop their sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day-to-day basis. Organized around the Social World model, a conceptual framework that demonstrates the relationships among individuals, the micro-level organizations, institutions, and subcultures, the meso-level, and societies and global structures, the macro-level, the authors use this framework to help students develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects. The Seventh Edition includes new coverage of climate change, the influence of robots and artificial intelligence on workers, race relations in the Trump era, transgender identity and gender fluidity, sexual harassment in the workplace, and the MeToo movement, declining marriage rates, the impact of tracking for students at all academic achievement levels, smoking as an example of health and inequality in the U.S., gun violence, and the student movement to control access to guns, social media, and Russian interference in the 2016 election. This title is accompanied by a complete teaching and learning package. Digital Option Courseware: SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Ethnic Relations In China: Present Situation And Future Prospects Rong Ma, 2022-05-12 This book is a collection of Professor Ma Rong's papers on current and future ethnic relations in China Some of the studies presented in the book are related to basic theories on ethnic relations while others are specific issues he observed and identified while conducting surveys in different parts of the country His papers are based on field research and China's current situations which may shed some light on the theoretical and practical studies on ethnic relations in China

Twenty-First-Century Feminist Classrooms S. Sánchez-Casal, A. MacDonald, 2002-09-13 This book is centrally concerned with crucial theoretical and practical aspects of teaching in the national and global borderlands of gender race and sexuality studies The cross cultural feminist focus of this anthology allows the contributors to consider the various ways in which global and national frameworks intersect in the classroom and in students thinking and also the ways in which power and authority are developed directed and deployed in the feminist classroom This volume provides a critical elaboration of provocative self reflexive questions for feminist cultural and intellectual practice for the 21st century In doing so the volume provides a site for engaged feminist self criticism for the specific purpose of reinvigorating a critical pedagogical practice grounded in multicultural feminist identities

The Role of Demographics in Occupational Stress and Well Being Pamela L. Perrewé, Christopher C. Rosen, Jonathon R. B. Halbesleben, 2014-09-16 In much of the contemporary research on occupational stress and well being demographic factors such as gender age and race ethnicity are evident in the background and controlled in statistical analysis This volume asks whether that should be the case and the extent to which those demographics impact our experience of stress and well being

Politics of Democratic Breakdown Gangsheng Bao, 2022-05-30 Democratic breakdown as a political and historic event can impact the fate of millions if not hundreds of millions of people by changing the political complexion of a country This book attempts to systematically explain why democracies collapse The author's main theoretical argument is based on the examination of two factors One is political cleavages among voters These can cause serious political conflicts and may lead to fierce political confrontation and major upheaval at the society level The other revolves around the types of political and institutional arrangements under democratic regimes Centrifugal democratic regimes are likely to weaken government capacity or state capacity rendering governments incapable of effectively resolving political conflicts and when these two factors come together political conflicts are less likely to be controlled effectively These situations can evolve into serious political crises and eventually lead to the collapse of democratic regimes The empirical research of this book is based on a comparative historical analysis of Germany

Nigeria Chile and India Examining democratic collapses from both theoretical and empirical perspectives this book will be of interest to those engaged in the study of democracy Political Science Comparative Politics and Political Theory The I.B. Tauris Handbook of Sociology and the Middle East Fatma Müge Göçek, Gamze Evcimen, 2022-11-17 What we understand by the Middle East has changed over time and across space While scholars agree that the geographical core of the Middle East is the Arabian Peninsula the boundaries are less clear How far back in time should we go to define the Middle East How far south and east should we move on the African continent And how do we deal with the minority religions in the region and those who migrate to the West Across this handbook's 52 chapters the leading sociologists writing on the Middle East share their standpoint on these questions Taking the featured scholars as constitutive of the field the handbook reshapes studies on the region by piecing together our knowledge on the Middle East from their path defining contributions The volume is divided into four parts covering sociologists' perspectives on Social transformations and social conflict from Israel Palestine and the Iranian Revolution to the Arab Uprisings and the Syrian War The region's economic religious and political activities including the impact of the spread of Western modernity the effects of neo liberalism and how Islam shapes the region's life and politics People's everyday practices as they have shaped our understanding of culture consumption gender and sexuality The diasporas from the Middle East in Europe and North America which put the Middle East in dialogue with other regions of the world The global approach and wide ranging topics represent how sociologists enable us to redefine the boundaries and identities of the Middle East today

Demography Jennifer Hickey, Douglas L. Anderton, David Yaukey, 2014-12-29 The population processes in which we all participate are compared contrasted and synthesized into understandable trends in the latest edition of this widely acclaimed text The authors' cogent analysis encompasses demographic milestones like surpassing the seven billion population mark and becoming a majority urban population for the first time in human history as well as the repercussions of a global financial crisis and the implications of two important ongoing trends aging and fertility decline New data examples and discussions of emerging demographic issues are incorporated throughout the value priced Fourth Edition along with graphics that highlight trends and facilitate comparisons among world regions This pedagogically rich volume also includes propositions for debate and end of chapter exercises that allow readers to become comfortable with the quantitative tools that demographers use to measure and describe populations Moreover users will learn about some of the people behind the research that informs this text in a new feature called Careers in Demography

Racially Mixed People in America Maria P. P. Root, 1992-02-03 Recipient of the Gustavus Myers Center for the Study of Human Rights in the United States 1993 Outstanding Book Award America has been the breeding ground of a biracial baby boom for the past 25 years Unfortunately there has been a dearth of information regarding how racially mixed people identify and view themselves and how they relate to one another Racially Mixed People in America steadily bridges this gap and offers a comprehensive look at the social and psychological adjustment of mixed race people

models for identity development contemporary immigration and marriage patterns and methodological issues involved in conducting research with mixed race people all in the context of America's mixed race past and present Including contributions by ethnohistorians psychologists and sociologists this powerful volume will provide the reader a tool for examining ideologies surrounding race race relations and the role of social science in the deconstruction of race Racially Mixed People in America is essential reading for researchers and practitioners in cross cultural studies psychology family studies sociology and social work Racially Mixed People in America is not just a feel good affirmation of mixed race people It offers explanations of how possibly the constructed notions of race operate in our society through an examination of mixed race people from the margins of psychological and sociological studies to the center of race relations discourse This perhaps is its greatest contribution Amerasia Journal A compendium of articles on the experiences and identities of racially mixed people it takes a scholarly approach to understanding the issues of racial identity It is a book we highly recommend for an overview of the psychological implications of the personal conflicts inherent in multiracial identity Minority Markets Alert Maria P P Root and her coauthors have performed a service to society in general and to biracial multiracial people and families in particular By dispelling myths and showing the biracial multiracial experience to be a healthy normal one the book will help demolish barriers of fear and ignorance and will hopefully enable all of us to banish the lingering miasma of obsolete concepts Joe Cunningham The Interracial Club Newsletter An especially timely and well documented book Recommended to mental health professionals who wish to heighten their sensitivity in working with racially mixed people Readings A Journal of Review and Commentary in Mental Health Racially Mixed People in America is an important book effectively presenting a comprehensive multidisciplinary examination by ethnohistorians psychologists and sociologists of America's multiracial past and present **The Other African Americans** Yoku Shaw-Taylor, Steven A. Tuch, 2007 Despite their growing presence research on Caribbean and especially African immigrants has been scant The scarcity of writings on these other African Americans contributes to the invisibility of these groups The objective of this project is to broaden our understanding **Linguistic Discrimination of LGBTQ+ People as a Deterrent to Economic Performance**

Massimiliano Agovino, Massimiliano Cerciello, Michele Bevilacqua, 2024-08-08 This book explores the adverse economic effects of discriminatory language against LGBTQ people The case studies under investigation are represented by the French and the Italian language both boasting vast arrays of slurs employed to denote negatively the members of the LGBTQ community Looking at the relative frequencies of slurs over time the analysis proposed measures the extent of linguistic discrimination Subsequently the book identifies the negative impact of discrimination on economic performance in France and Italy in the long run Slurs impose a psychological cost on the members of the LGBTQ community who become as a result less productive in the workplace Ultimately slurs affect overall economic performance and reduce economic growth at the national level This book stresses the role of inefficiencies associated with discrimination against LGBTQ individuals in various

spheres of life with a particular focus on their economic consequences Discriminatory language thus emerges not only as a negative phenomenon per se but also as an obstacle to economic growth This work draws elements from different disciplines and the results it obtains may prove appealing to scholars of economics linguistics and gender studies as well as to policymakers seeking to overcome social exclusion while stimulating economic performance
