Schuster, 2022-01-27 Homeless Voices Stigma Space and Social Media argues that the best sources for how to address issues of homelessness are people experiencing homelessness themselves particularly as they express their experiences through personal blogs and memoirs Mary L. Schuster discusses how space and land have been historically denied to marginalized communities who still feel the effects to this day along with examining the conditions and limitations of common spaces often assigned to those experiencing homelessness culminating in an analysis of how the novel coronavirus COVID 19 has impacted homelessness

Schuster focuses on two vulnerable groups that often experience homelessness victims of domestic violence and unaccompanied youth particularly those who struggle with gender identity and unstable housing This book includes a variety of case studies examining public meetings and court decisions public policy symposiums and personal interviews and ultimately finds that intersectionality specifically age race gender identity and ethnicity plays a large part in understanding and experiencing homelessness By shifting our attention to the diverse voices who experience homelessness themselves Schuster claims we can finally begin to remedy this crisis Scholars of media studies sociology and urban development will find this book particularly useful

Racial Disproportionality in Child Welfare Marian S Harris, 2014-04-15 The number of children of color entering the child welfare system in the United States is disproportionately high Not only are children of color removed from parental custody and placed in care more often than their white counterparts but they also remain in care longer receive fewer services and have less contact with the caseworkers assigned to them This book identifies the practice and policy changes required to successfully address the unequal treatment of children of color in the child welfare system and their implications for social work education caseworker training and institutional change It critiques many of the existing social welfare acts and policies in terms of their treatment of children of color and it provides best practices for each decision point in the child welfare process and for cultural competency measures and training The text offers extensive measurement instruments that agencies can use to assess and correct institutional racism To improve social work education the book includes several model syllabi for the curriculum and to deepen the discipline's engagement with the issue of institutional racism the text concludes with a discussion of future directions for research and policy

Football and Sexual Crime, from the Courtroom to the Newsroom Deb Waterhouse-Watson, 2020-01-02 This book interrogates the process of court reporting on rape and other sexual crime cases involving Australian footballers At the intersection of sport gender media and the law it uncovers the story behind rape myths and stereotypes in media This book analyses newspaper reporting alongside transcripts of the trials they represent and interviews with the journalists themselves Waterhouse-Watson's work maps structural factors within newsrooms and the complex relationship between the judiciary and media that affect the practice of court reporting This book approaches key journalism concepts like objectivity and balance critically illustrating the layers of mediation that surround a complainant's testimony the way sport shapes the meaning of courtroom and media narratives in these cases and the tension between racism and sexism when race is thematised or otherwise highlighted Ultimately the book proposes an ethics of court reporting that protects individual complainants as well as advancing public understandings of the crime

Coping with Minority Status Fabrizio Butera, John M. Levine, 2009-08-31 Society consists of numerous interconnected interacting and interdependent groups which differ in power and status The consequences of belonging to a higher status majority versus a lower status minority can be profound To understand the origins of the problems caused by majority-minority tensions and develop solutions it is necessary to understand the dynamics of majority

Psychological Growth After Trauma Simon Wharne,2025-08-26 Psychological Growth After Trauma is a guide to moving away from assumptions about trauma as a simple form of psychological damage Each chapter promotes an understanding of difficult experiences as learning opportunities that help us attune to the reality of existence and become more at ease with the truths that trigger our anxieties The book holds close to a phenomenological stance in which understanding emerges through experience and reflection This is not a book that argues for a model that practitioners would be required to adopt and impose on their clients Instead Psychological Growth After Trauma brings insights and explorations together allowing the reader to build their own framework for understanding

Intersections of Identity and Sexual Violence on Campus Jessica C. Harris,Chris Linder,2023-07-03 While sexual violence has been present and prevalent

on campus for decades the work of recent college student activists has made it an issue of major societal and institutional concern This book makes an important contribution to and provides a foundation for better contextualizing and understanding sexual violence Each chapter in this edited volume focuses on populations that are not often centered in the discourse of campus sexual violence and accounts for individuals intersecting identities and how they interlock with larger systems of domination Challenging dominant ideologies concerning assumptions of white women as the only victims survivors the racialization of aggressors and the deleterious rape myths present in both research and practice this book draws attention to the complexities of sexual violence on the college campus by highlighting populations that are frequently invisible in research reporting and practice The book places sexual violence on campus in a historical context centering the experiences of populations relegated to the margins and highlighting the relationship between racism classism homophobia transphobia and other forms of domination to sexual violence The final chapters of the book explore how critical models of intervention and prevention and a critical analysis of existing institutional policies may be implemented across college campuses to better address sexual violence for multiple populations and identities in higher education This book will expand educators understanding of sexual violence to inform more effective policies procedures practice and research that reaches beyond preventing sexual violence and addresses the dominant systems from which sexual violence stems in an attempt to eradicate not just prevent the act and the issue

Sociology of Sexualities Kathleen J. Fitzgerald, Kandice L. Grossman, 2020-07-16 Sociology of Sexualities is regarded as the most comprehensive text to approach the study of sexuality from a sociological perspective Drawing on the most up to date social scientific research on sexuality it discusses fundamental concepts in the field and helps students integrate knowledge about sexuality into their larger understanding of society

Psychological Evaluations after Motor Vehicle Accidents J. Thomas Dalby, A. Michael Maclean, Marc Nesca, 2022-08-02 The motor vehicle accident is a leading cause of psychological and physical injury About 1% of the population in western countries are injured in this way every year This book systematically reviews the steps in preparing psychological assessments of individuals who have been in a motor vehicle accident MVA It comprehensively reviews common mental disorders associated with MVAs and outlines causation mechanisms The book will appeal primarily to psychologists but the evaluations outlined will also assist lawyers insurers and other interested parties to determine fair compensation for these injuries as well as ways to rehabilitate those persons impacted The suggestions and evaluation approaches offered are empirically supported by up to date scientific research and the authors experiences in conducting thousands of these evaluations over four decades The ideas presented will help move the systematic evaluations of psychological injuries from motor vehicle accidents forward in an objective and balanced fashion
