Race To The Intelligent State Charting The Global Information Economy Into The 21st Century:

The Race to the Intelligent State Michael Connors, 2001-04-06 Infostructure change is technology driven inevitable somewhat predictable and on the whole beneficial But it will also be much more disruptive than we realise and it will change the World Order

Global Futures Jan Nederveen Pieterse, 2000 This work looks beyond the problems of accelerating globalization to examine how humanity can shape it The contributors suggest a variety of perspectives changes policies and institutional reforms to strive for in our increasingly inter connected world

Global Political Economy Ronen Palan, 2005-08-12 What are the cutting edge debates in global political economy This book presents an invaluable overview of all the major contemporary debates and approaches at the forefront of European and North American global political economy The book covers the following topics the six central concepts of global political economy state firm capital power labour and globalisation theories at the forefront of GPE rational choice neo institutionalism neo Marxism constructivism and postmodernity recent developments in theoretical approaches such as game theory modern rational and public choice theory development theory historical sociology how global political economy is best understood in terms of three traditions of political economy Marxism rationalism and hermeneutics institutionalism No other book provides such succinct summaries by international experts in the field of such topical and wide ranging issues This book represents an essential textbook ideal for students and lecturers in International Political Economy and International Relations

Development Theory Jan Nederveen Pieterse, 2001-03-20 This study is a critical commentary connecting issues of development with the latest thinking in sociology critical theory and social science It addresses questions such as the connections with globalization and culture and modernity

Connectivity and Global Studies Jan Nederveen Pieterse, 2021-02-19 This textbook provides readers with evocative and analytical accounts of social processes that are linked to globalization and connectivity which includes a wide range of multi centred connections in history DNA analysis technology art populism and political economy Rather than globalization Nederveen Pieterse focuses on connectivity His approach to globalization differs from both structuralist accounts of the world system and the institutionally centred focus of much work in international studies This synthesis will provide a new resource to reconstruct theoretical approaches to globalization and global studies Fluently written clearly organized and with an interdisciplinary approach the book will be accessible to upper division undergraduates and graduates in social sciences including students and researchers from the fields of sociology politics political economy development studies and international relations

Globalization and Migration Eliot Dickinson, 2016-07-20 Focusing on the intersection between globalization and migration this powerful text traces a dynamic contradictory process that has set the world in motion and incorporated millions of migrants into an economic market whose dimensions are unprecedented in human history Eliot Dickinson emphasizes recent developments in global politics such as the massive number of refugees from wars in the Middle East who are now seeking asylum in Europe the Fortress Europe mentality illustrated on the Italian

island of Lampedusa the heart wrenching humanitarian challenge of Mexican and Central American children arriving alone in the United States and the effects of climate change and environmental destruction on international migration Today with the collaboration of compliant governments and elites in the peripheral countries of the Global South multinational corporations continue to flout regulations destroy the environment and take advantage of the large number of displaced unemployed workers While globalization is eliminating barriers between countries and making it easier for goods and capital to move around the world the industrialized countries of the Global North are simultaneously putting up barriers to people and making it harder for them to migrate This timely and provocative book explains how we have arrived at this paradoxical point in history and critically examines why governments are enacting policies that protect borders instead of people

Globalization and American Popular Culture Lane Crothers, 2010 A third edition of this book is now available Now in a fully revised and updated edition this concise and insightful book explores the ways American popular products such as movies music television programs fast food sports and even clothing styles have molded and continue to influence modern globalization Lane Crothers offers a thoughtful examination of both the appeal of American products worldwide and the fear and rejection they induce in many people and nations around the world Concluding with a projection of the future impact of American popular culture this book makes a powerful argument for its central role in shaping global politics and economic development

Changing Constellations of Southeast Asia Jan Nederveen Pieterse, Abdul Embong, Siew Yean Tham, 2017-10-17 Southeast Asia is among emerging economies that have become important drivers of the world economy ASEAN has furthered the region's economic integration Yet growth remains dependent on foreign investment Inequality has grown or remained high Democracy instead of consolidating has stalled or regressed Changing Constellations of Southeast Asia seeks to shed light on the gap between Northeast Asia and Southeast Asia from a variety of viewpoints across trade and industry services and education and language policies Examine institutions and elite capture to understand why middle tier Southeast Asian countries have failed in following the East Asian miracle Examine China's growing influence and how this growing role affects Southeast Asia as a constellation Contributing to critical political economy and comparative development studies in East Asia this timely volume will appeal to undergraduate and postgraduate students interested in Southeast Asia studies International Political Economy Development sociology and economics Social Policy and Asian Politics

Globalization and Culture Jan Nederveen Pieterse, 2019-05-17 Now updated with new chapters on culture and on populism this seminal text disputes the view that we are experiencing a clash of civilizations as well as the idea that globalization leads to cultural homogenization Instead Jan Nederveen Pieterse argues that we are witnessing the formation of a global m lange culture through processes of cultural mixing or hybridization From this perspective on globalization conflict may be mitigated and identity preserved albeit transformed In a new chapter on China the author focuses on the key issue of agency and power in hybridization Throughout the book offers a comprehensive treatment of hybridization arguments and in

discussing globalization and culture problematizes the meaning of culture This historically deep and geographically wide approach to globalization is essential reading as we face the increasing spread of conflicts bred by cultural misunderstanding

Globalization or Empire? Jan Nederveen Pieterse, 2004-08-01 In this smart and concise examination of the trends driving contemporary globalization Jan Nederveen Pieterse argues that the United States pursuit of global primacy is based upon a complex melding of neoliberal economics and hegemonic politics Do alternate capitalisms offer viable alternatives to the American way Globalization or Empire looks at globalization with acuity and thoughtfulness and uncovers its underlying dramas

Globalization and Culture Jan Nederveen Pieterse, Mellichamp Professor of Global Studies and Sociology, 2015-02-12 Now fully revised and updated this book argues that we are witnessing the formation of a global m lange culture through processes of cultural mixing Jan Nederveen Pieterse s historically deep and geographically wide approach to globalization is essential reading as we face the increasing spread of conflicts bred by cultural misunderstanding

Education in the Creative Economy Daniel Araya, Michael A. Peters, 2010 Education in the Creative Economy explores the need for new forms of learning and education that are most conducive to supporting student development in a creative society Just as the assembly line shifted the key factor of production from labor to capital digital networks are now shifting the key factor of production from capital to innovation Beyond conventional discussions on the knowledge economy many scholars now suggest that digital technologies are fomenting a shift in advanced economies from mass production to cultural innovation This edited volume which includes contributions from renowned scholars like Richard Florida Charles Landry and John Howkins is a key resource for policymakers researchers teachers and journalists to assist them to better understand the contours of the creative economy and consider effective strategies for linking education to creative practice In addition to arguments for investing in the knowledge economy through STEM disciplines science technology engineering and math this collection explores the growing importance of art design and digital media as vehicles for creativity and innovation
