**Rachel and Her Children (R)** Jonathan Kozol, 1989-02      *Rachel and Her Children* Jonathan Kozol, 2006-08-15  
WINNER OF THE ROBERT F KENNEDY BOOK AWARD A searing trip into the heart of homelessness Chicago Sun Times that jolted the American conscience Jonathan's struggle is noble What he says must be heard His outcry must shake our nation out of its guilty indifference Elie Wiesel Jonathan Kozol is one of America's most forceful and eloquent observers of the intersection of race poverty and education His books from the National Book Award winning *Death at an Early Age* to the critically acclaimed *Shame of the Nation* are touchstones of the national conscience First published in 1988 and based on the months the author spent among America's homeless *Rachel and Her Children* is an unforgettable record of the desperate voices of men women and especially children caught up in a nightmarish situation that tears at the hearts of readers With record numbers of homeless children and adults flooding the nation's shelters *Rachel and Her Children* offers a look at homelessness that resonates even louder today      **Rachel and Her Children** Jonathan Kozol, 2006      *Rachel and Her Children* Jonathan Kozol, 1994-06-04      *Rachel and Her Children Homeless Families In America* Jonathan Kozol, 1989-10-01      **The Family in America** Joseph M. Hawes, Elizabeth F. Shores, 2002-05-22 An incisive multidisciplinary look at the American family over the past 200 years written by respected scholars and researchers *Family in America* offers two powerful antidotes to popular misconceptions about American family life historical perspective and scientific objectivity When we look back at our early history we discover that the idealized 1950s family characterized by a rising birthrate a stable divorce rate and a declining age of marriage was a historical aberration out of line with long term historical trends Working mothers we learn are not a 20th century invention most families throughout American history have needed more than one breadwinner In the exciting new scholarship described here readers will learn precisely what is new in American family life and what is not and acquire the perspective they need to appreciate both the genuine improvements and the losses that come with change      Israel's Past Bob Becking, 2021-10-04 How should one write a history of Ancient Israel In the last few decades a lively discussion has taken place on the historiography of ancient Israel Minimalists such as Philip Davies Thomas Thompson and Niels Peter Lemche challenged the usefulness of the Hebrew Bible as a source for constructing Israel's past Maximalists like Baruch Halpern and William Dever argued instead that the data from the Hebrew Bible should be trusted until otherwise proven Others among whom we can name Hans Barstad Rainer Albertz and Lester Grabbe took a third road The essays in this volume follow that third road by applying insights from the field of philosophy of history A dozen case studies from David to the earliest Samaritans demonstrate how difficult it is to write a history of ancient Israel without falling in the abyss of an ideology in one direction or another The matrix designed by Manfred Weippert to look at the past through five windows landscape climate archaeology epigraphy and only at the end the Hebrew Bible turned out to be more helpful The conclusion of this research is that there are some stable pillars in the swamp of the past but it comes with the warning that the space

between these pillars is large and cannot easily be filled      *Addressing Diversity in Literacy Instruction* Evan Ortlieb, Earl H. Cheek Jr, 2017-11-16 This edited volume highlights recent research related to how issues of diversity are addressed within literacy instruction for K 12 learners      **Real World Faith** Walter Brueggemann, 2023-09-12 Real World Faith articulates a faith that is effectively linked to our real world the world of our bodies and of the body politic The real world of our bodies causes us to be largely preoccupied with our health security dignity and sexuality and causes concern for food and shelter for ourselves and for our neighbors The real world of the body politic puts us in inescapable touch with issues of money power weapons policies treaties taxes and trade agreements These are the matters that occupy us most of the time on most of our days They are the proper agenda of our faith because our faith consists in trust in the One who governs our bodily life in the world Our interpretive work is to try to articulate the ways albeit hidden ways in which the agency and character of God make effective contact with our world This is real life faith      **People & Politics in Urban America** Robert W. Kweit, 2013-10-31 This revised textbook for courses on urban politics challenges the notion that the field is dominated by political economy showing that despite the undeniable importance of economic issues citizens do play a significant part in urban politics      **The SAGE Guide to Curriculum in Education** Ming Fang He, Brian D. Good Company Douglas Harper, 2015-11-17 Good Company A Tramp Life is a vivid portrait of a lifestyle long part of America's history yet rapidly disappearing The author traveled extensively by freight train to gain rich insights into the elusive world of the tramp Richly illustrated with 85 photographs by the author the book presents the homeless man as an individual who drank migrated and worked at day labor rather than the

stereotype of a victim of alcoholism The tramps with whom Harper shared boxcars and hobo jungles were the labor force that harvested the crops in most of the apple orchards in the Pacific Northwest They were drawn to the harvest from across the United States and migrated primarily on freight trains as had hobos in the 1930s Although not without its problems the tramp way of life is a fierce and independent culture that has been an integral part of our American identity and an important part of our agricultural economy Since the first edition of this classic book was published by the University of Chicago Press the tramp has virtually disappeared from the American social landscape The agricultural labor force is now made up of Hispanic migrants This significantly revised and updated edition contrasts this disappearing lifestyle with the homelessness of the modern era which has been produced by different economic and sociological forces all of which have worked against the continuation of the tramp as a social species The new edition richly documents the transition in our society from tramps to urban homelessness and the many social political and policy changes attendant to this transformation It also includes an additional thirty five previously unpublished photographs from the original research
