Racial Myth in English History Hugh A. MacDougall, 1982 Myths of origin enable people to locate themselves in time and space They offer an explanation of the unknown and hallow traditions by linking them to heroic events and personages of the distant past In addition they form the ground for belief systems or ideologies which providing a moral validation for attitudes and activities bind men together in a society writes the author who in his interesting and solidly based short study synthesizes several generations of English and continental scholarship in a way that enables a broad readership to obtain a clearer recognition of those elements in accepted mythologies which both unite and divide men Published in English

Racial Myth in English History Hugh A. MacDougall, **Race and Ethnicity in Anglo-Saxon Literature** Stephen Harris, 2004-06-01 What makes English literature English This question inspires Stephen Harris s wide ranging study of Old English literature From Bede in the eighth century to Geoffrey of Monmouth in the twelfth Harris explores the intersections of race and literature before the rise of imagined communities Harris examines possible configurations of communities illustrating dominant literary metaphors of race from Old English to its nineteenth century critical reception Literary voices in the England of Bede understood the limits of community primarily as racial or tribal in keeping with the perceived divine division of peoples after their languages and the extension of Christianity to Bede s Germanic neighbours was effected in part through metaphors of family and race Harris demonstrates how King Alfred adapted Bede in the ninth century how both exerted an effect on Archbishop Wulfstan in the eleventh and how Old English poetry speaks to images of race *The Idea of Anglo-Saxon England in Middle English Romance* Robert Allen Rouse, 2005 Using a variety of texts but the Matter of England romances in particular the author argues that they show a continued interest in the Anglo Saxon past from the localised East Sussex legend of King Alfred that underlies the twelfth century Proverbs of Alfred to the institutional interest in the Guy of Warwick narrative exhibited by the community of St Swithun s Priory in Winchester during the fifteenth century they are part of a continued cultural remembrance that encompasses chronicles folk memories and literature BOOK JACKET

Saints and Sanctity Ecclesiastical History Society. Summer Meeting, Ecclesiastical History Society. Winter Meeting, 2011 Provides insight into a key issue of Christian history which still has a huge influence on ecclesiastical practice and politics **Indians and English** Karen Ordahl Kupperman, 2000 In this vividly written book prize winning author Karen Ordahl Kupperman refocuses our understanding of encounters between English venturers and Algonquians all along the East Coast of North America in the early years of contact and settlement All parties in these dramas were uncertain hopeful and fearful about the opportunity and challenge presented by new realities Indians and English both believed they could control the developing relationship Each group was curious about the other and interpreted through their own standards and traditions At the same time both came from societies in the process of unsettling change and hoped to derive important lessons by studying a profoundly different culture These meetings and early relationships are recorded in a wide variety of

sources Native people maintained oral traditions about the encounters and these were written down by English recorders at the time of contact and since many are maintained to this day English venturers desperate to make readers at home understand how difficult and potentially rewarding their enterprise was wrote constantly of their own experiences and observations and transmitted native lore Kupperman analyzes all these sources in order to understand the true nature of these early years when English venturers were so fearful and dependent on native aid and the shape of the future was uncertain Building on the research in her highly regarded book *Settling with the Indians* Kupperman argues convincingly that we must see both Indians and English as active participants in this unfolding drama *Sir Edward Coke and the Elizabethan Age* Allen D. Boyer, 2003 Sir Edward Coke 1552 1634 the first judge to strike down a law gave us modern common law by turning medieval common law inside out Through his resisting strong minded kings he bore witness for judicial independence Coke is the earliest judge still cited routinely by practicing lawyers This book breaks new ground as the first scholarly biography of Coke whose most recent general biography appeared in 1957 and draws revealingly on Coke's own papers and notebooks The book covers Coke's early life and career to the end of the reign of Elizabeth I in 1603 a second volume will cover Coke's career under James I and Charles I In particular this book highlights Coke's close connection with the Puritans of England his learning legal practice and legal theory his family life and ambitious dealings and the treason cases he prosecuted **Charles Kingsley** Jonathan Conlin, Jan Marten Ivo Klaver, 2020-12-28 Novelist poet Anglican priest and controversialist Charles Kingsley 1819 75 epitomizes the bustling Victorian man of faith and letters a prolific polymath as ready to break a lance with John Henry Newman over Christian doctrine as he was to preach to schoolchildren on the virtues of manly physical struggle Kingsley's *The Water Babies* and *Westward Ho* were best sellers which became classics of children's literature Kingsley has come to epitomize the Victorian age On closer inspection Kingsley is harder to categorize a socialist who was also an imperialist a Chartist revolutionary who was Queen Victoria's favourite novelist a natural theologian who popularized Darwin a priest who celebrated sex as sacrament Kingsley only appears straightforward if you consider him one piece at a time The debates he shaped remain with us today faith and sexuality economics and exploitation race and identity The aim of this book is to present the whole man to consider the public crusades for public health alongside the most private fantasies of sexual intercourse to consider the ardent imperialist alongside the Darwinist It will be of interest to all students of Victorian studies as well as of British Imperial history church history and especially the history of science *The Oxford Companion to Archaeology* Neil Asher Silberman, Alexander A. Bauer, 2012-11 The second edition of *The Oxford Companion to Archaeology* is a thoroughly up to date resource with new entries exploring the many advances in the field since the first edition published in 1996 In 700 entries the second edition provides thorough coverage to historical archaeology the development of archaeology as a field of study and the way the discipline works to explain the past In addition to these theoretical entries other entries describe the major excavations discoveries and
