**Racial Politics and Robert Penn Warren's Poetry** Anthony Szczesiul, 2002 An extremely insightful study of the relationship between Warren's creative practice and his evolving attitudes on race Ernest Suarez Catholic University of America Nobody before Szczesiul has been able to see how Warren's early views hang together with larger convictions about the nature and work of poetry and how Warren's famous change of heart about segregation bore fruit also in a changed view of how poetry can sound what subjects it can address what relationship it has to the life and consciousness of the poet and what kinds of relationships between truth and language are possible in poetry John D Burt Brandeis University Robert Penn Warren America's first Poet Laureate three time winner of the Pulitzer Prize founder of the New Criticism and one of the most prolific American poets of the twentieth century wrote more about race than perhaps any other white literary figure of his generation His was a crucial voice speaking to other white southerners fearful of the impact of integration on their way of life Tracing connections between his changing views on racial politics and his varying poetic theories and themes Anthony Szczesiul offers a new revisionary reading of Warren's diverse and extensive canon of poetry Szczesiul delineates the political and ideological implications of Warren's evolving aesthetic revealing that Warren's poetry was in an intensive and ongoing dialogue with its changing social and historical contexts Politically Warren made the dramatic transition from a segregationist to an integrationist position Poetically his career successfully bridges the modern and postmodern eras of 20th century American poetry Szczesiul demonstrates that Warren's work evolved not simply as a natural consequence of artistic maturity and development but through difficult negotiations with issues of self and identity politics and aesthetics individual will and social change and race and cultural pluralism He maintains that Warren's aesthetic conflicts become especially apparent when we consider his poetry alongside his racial politics Szczesiul is the first to thoroughly trace the ways in which Warren's changing thoughts on race influenced his aesthetic thinking and vice versa His frank approach to this inflammatory subject makes considerable use of unpublished archival materials from which Warren emerges as an extremely complex figure with great contemporary relevance Anthony Szczesiul is assistant professor of English at the University of Massachusetts Lowell

**Robert Penn Warren after Audubon** Joseph R. Millichap, 2012-05-01 Despite nearly universal critical acclaim for Robert Penn Warren's later poetry much about this large body of work remains unexplored especially the psychological sources of these poems remarkable energy In this groundbreaking work Warren scholar Joseph R Millichap takes advantage of current research on developmental psychology gerontology and end of life studies to offer provocative new readings of Warren's later poems which he defines as those published after Audubon A Vision 1969 In these often intricate poems Millichap sees something like an autobiographical epic focused on the process of aging the inevitability of death and the possibility of transcendence Thus Warren's later poetry reviews an individual life seen whole contemplates mortality and dissolution and aspires to the literary sublime Millichap locates the beginning of Warren's late period in the

extraordinary collection *Or Else Poem Poems* 1968 1974 basing his contention on the book's complex indeed obsessive sequencing of new previously published and previously collected poems unified by themes of time memory age and death Millichap offers innovative readings of *Or Else* and Warren's five other late gatherings of poems *Can I See Arcturus* from *Where I Stand Poems* 1975 *Now and Then Poems* 1976 1978 winner of the Pulitzer Prize *Being Here Poetry* 1977 1980 *Rumor Verified Poems* 1979 1980 and *Altitudes and Extensions* 1980 1984 Among the autobiographical elements Millichap brings into his careful readings are Warren's loneliness in these later years especially after the deaths of family members and friends his alternating feelings of personal satisfaction and emptiness toward his literary achievements and his sense of the power and at times the impotence of memory Millichap's analysis explores how Warren often returned to images and themes of his earlier poems especially those involving youth and midlife with the new perspective given by advancing age and time's passage Millichap also relates Warren's work to that of other poets who have dealt profoundly with memory and age including Robert Frost T S Eliot Thomas Hardy and at times John Milton William Wordsworth and the whole English and American nineteenth century Romantic tradition An epilogue traces Warren's changing reputation as a poet from the publication of his last volume in 1985 through his death in 1989 and the centennial of his birth in 2005 concluding persuasively that the finest of all of Warren's literary efforts can be found in his later poetry concerned as it is with the work of aging and the quest for transcendence

**Civil Rights in the White Literary Imagination** Jonathan W. Gray, 2013-02 The statement The Civil Rights Movement changed America though true has become something of a cliché Civil rights in the White Literary Imagination seeks to determine how exactly the Civil Rights Movement changed the literary possibilities of four iconic American writers Robert Penn Warren Norman Mailer Eudora Welty and William Styron Each of these writers published significant works prior to the *Brown v Board of Education* case in 1954 and the Montgomery Bus Boycott that began in December of the following year making it possible to trace their evolution in reaction to these events The work these writers crafted in response to the upheaval of the day from Warren's *Who Speaks for the Negro* to Mailer's *The White Negro* to Welty's *Where Is the Voice Coming From* to Styron's *Confessions of Nat Turner* reveal much about their own feeling in the moment even as they contribute to the national conversation that centered on race and democracy By examining these works closely Gray posits the argument that these writers significantly shaped discourse on civil rights as the movement was occurring but did so in ways that intentionally or not often relied upon a notion of the relative innocence of the South with regard to racial affairs and on a construct of African Americans as politically and or culturally naïve As these writers grappled with race and the myth of southern nobility their work developed in ways that were simultaneously sympathetic of and condescending to black intellectual thought occurring at the same time

**Selected Letters of Robert Penn Warren** Robert Penn Warren, 2011-06-14 The years 1969 and 1979 bookend a volatile decade in American history As an articulate witness to the era of the Vietnam War Watergate Jimmy Carter and the national malaise Robert Penn Warren produced a

phenomenal body of work securing his place in the canon of American poetry Volume five of Selected Letters of Robert Penn Warren Backward Glances and New Visions 1969 1979 includes Warren's letters to friends family peers editors inquiring scholars and critics recording the details of his personal and professional life and illustrating his pivotal role in twentieth century American literature In these turbulent but fruitful years Warren produced both Audubon A Vision 1969 and the revised version of Brother to Dragons 1979 In between lay some of Warren's most searching work as poet novelist literary critic and social commentator During this era Warren's achievements included his highly experimental and complex Or Else Poem Poems 1974 and the Pulitzer Prize winning Now and Then 1978 Before the end of the 1970s three more novels appeared concluding with his final book of fiction A Place to Come To This volume provides insight into Warren's inspiration during a remarkably productive era and will prove an essential resource on his life and work *Warren, Jarrell, and Lowell* Joan Romano Shifflett, 2020-06-03 Robert Penn Warren Randall Jarrell and Robert Lowell maintained lifelong well documented friendships with one another often discussing each other's work in private correspondence and published reviews Joan Romano Shifflett's Warren Jarrell and Lowell Collaboration in the Reshaping of American Poetry traces the artistic and personal connections between the three writers Her study uncovers the significance of their parallel literary development and reevaluates dominant views of how American poetry evolved during the mid twentieth century Familiar accounts of literary history most prominently the celebration of Lowell's Life Studies as a revolutionary breakthrough into confessional poetry have obscured the significance of the deep connections that Lowell shared with Warren and Jarrell They all became quite close in the 1930s with the content and style of their early poetry revealing the impact of their mentors John Crowe Ransom and Allen Tate whose aesthetics the three would ultimately modify and transform The three poets achieved professional maturity and success in the 1940s during which time they relied on one another's honest critiques as they experimented with changes in subject matter and modes of expression Shifflett shows that their works of the late 1940s were heavily influenced by Robert Frost This period found Warren Jarrell and Lowell infusing ostensibly simple verse with multifaceted layers of meaning capturing the language of speech in diction and rhythm and striving to raise human experience to a universal level During the 1950s the three poets became public figures producing major works that addressed the nation's postwar need to reconnect with humanity Warren Jarrell and Lowell continued to respond in interlocking ways throughout the 1960s with each writer using innovative stylistic techniques to create a colloquy with readers that directed attention away from superficial matters and toward the important work of self reflection Drawing from biographical materials and correspondence along with detailed readings of many poems Warren Jarrell and Lowell offers a compelling new perspective on the shaping of twentieth century American poetry *Queer Chivalry* Tison Pugh, 2013-12-09 For the U S South the myth of chivalric masculinity dominates the cultural and historical landscape Visions of white southern men as archetypes of honor and gentility run throughout regional narratives with little regard for the actions and at times the

atrocities committed by such men In *Queer Chivalry* Tison Pugh exposes the inherent contradictions in these depictions of cavalier manhood investigating the foundations of southern gallantry as a reincarnated and reauthorized version of medieval masculinity Pugh argues that the idea of masculinity particularly as seen in works by prominent southern authors from Mark Twain to Ellen Gilchrist constitutes a cultural myth that queerly demarcates accepted norms of manliness often by displaying the impossibility of its achievement Beginning with Twain's famous critique of the Sir Walter disease that pilloried the South Pugh focuses on authors who questioned the code of chivalry by creating protagonists whose quests for personal knighthood prove quixotic Through detailed readings of major works including Twain's *A Connecticut Yankee in King Arthur's Court* Flannery O'Connor's short fiction John Kennedy Toole's *A Confederacy of Dunces* Robert Penn Warren's *A Place to Come To* Walker Percy's novels and Gilchrist's *The Annunciation* Pugh demonstrates that the hypermasculinity of white knight ideals only draws attention to the ambiguous gender of the literary southern male Employing insights from gender and psychoanalytic theory *Queer Chivalry* contributes to recent critical discussions of the cloaked anxieties about gender and sexuality in southern literature Ultimately Pugh uncovers queer limits in the cavalier mythos showing how facts and fictions contributed to the ideological formulation of the South

**Handbook of American Poetry** Sabine Sielke, 2025-01-27 This handbook offers scholars an overview of the state of research and students a sense of how American poetry from its first forms evolving in the 17th century settler colonies to its current digital modes has addressed issues and experiences central to human consciousness and to political life over five centuries of cultural practice At the same time it aims to show how poetry philosophy and theory have always been involved in productive dialogues

**The Fourth Ghost** Robert H. Brinkmeyer, 2009 In the 1949 classic *Killers of the Dream* Lillian Smith described three racial ghosts haunting the mind of the white South the black woman with whom the white man often had sexual relations the rejected child from a mixed race coupling and the black mammy whom the white southern child first loves but then must reject In this groundbreaking work Robert H Brinkmeyer Jr extends Smith's work by adding a fourth ghost lurking in the psyche of the white South the specter of European Fascism He explores how southern writers of the 1930s and 1940s responded to Fascism and most tellingly to the suggestion that the racial politics of Nazi Germany had a special problematic relevance to the South and its segregated social system As Brinkmeyer shows nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism Their responses varied widely ranging from repression and denial to the repulsion of self recognition With penetrating insight Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture He shows how white southern writers both those writing cultural criticism and those writing imaginative literature turned to Fascist Europe for images analogies and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie Brinkmeyer considers the works of a wide range

of authors of varying political stripes the Nashville Agrarians W J Cash Lillian Smith William Alexander Percy Thomas Wolfe William Faulkner Katherine Anne Porter Carson McCullers Robert Penn Warren and Lillian Hellman He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy these writers reconfigured their understanding not only of the South but also of themselves as southerners and of the nature and significance of their art The magnum opus of a distinguished scholar The Fourth Ghost offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development

**Ghostly Parallels** Randolph Runyon, 2006 America's most eminent man of letters in his later years and certainly one of the greatest Southern writers Robert Penn Warren has increasingly come to be known for his poetry Ghostly Parallels is a close examination of the heart of his poetic corpus the eight collections published between 1935 and 1976 Thirty Six Poems Eleven Poems on the Same Theme Promises You Emperors and Others Tale of Time Incarnations Or Else and Can I See Arcturus from Where I Stand Ghostly Parallels shows how Warren constructed collections of poems based on common subjects and contexts and also contends that while the poems are distinctive taken together they reveal intricate patterns of theme imagery and diction within explicit sequences Runyon demonstrates that Warren's collections are integrated well crafted wholes and each poem references its predecessor sometimes in intriguingly self-referential ways Runyon shows that despite the many changes in diction tone and subject that Warren underwent in his long career his concern for writing his poems in such a way that they could reach out beyond themselves to other poems remained remarkably constant In the arrangement Warren gave them his poems form ghostly parallels an expression that appears in The Return An Elegy where they refer to the railroad tracks that bring the poet home to his dying mother This return to the mother is a persistent leitmotif in the poems and forms the other major theme of this study Warren's personal poetic myth in which such images as golden light and mirror images are signs of the mother's presence as both Danae mother of Perseus and Medusa whom Perseus confronted Through pursuing sequential patterns as well as echoes and myth GhostlyParallels brings a wealth of

insights to the work of this prolific novelist critic and essayist An important guide for undergraduate and graduate students alike *Ghostly Parallels* will also appeal to anyone with an interest in Robert Penn Warren and southern literature

**Southern Crossings** Daniel Cross Turner, 2012-08-30 Daniel Cross Turner has made a key contribution to the critical study and appreciation of the diverse field of contemporary Southern poetics *Southern Crossings* crosses a gulf in contemporary poetry criticism while using the idea or ideas many and contrary of Southernness to appraise poetries created from the profuse tangled histories of the region Turner's close readings are dynamic even lyrical He offers a new understanding of rhythm's central place in contemporary poetry while considering the work of fifteen poets Through his focus on varied yet interwoven forms of cultural memory Turner also shows that memory is not in fact past The way we remember has as much to say about our present as our past memory is living shifting culturally formed and framed This is a valuable and important book that entwines new visions of poetic forms with forms of regional remembrance and identity Natasha Trethewey Pulitzer Prize winner and author of *Native Guard* Poems Offering new perspectives on a diversity of recent and still practicing southern poets from Robert Penn Warren and James Dickey to Betty Adcock Charles Wright Yusef Komunyakaa Natasha Trethewey and others this study brilliantly illustrates poetry's value as a genre well suited to investigating historical conditions and the ways in which they are culturally assimilated and remembered Daniel Cross Turner sets the stage for his wide ranging explorations with an introductory discussion of the famous Fugitive poets John Crowe Ransom Allen Tate and Donald Davidson and their vision of a constant southernness that included an emphasis on community and kinship remembrance of the Civil War and its glorified pathos of defeat and a distinctively southern white voice Combining poetic theory with memory studies he then shows how later poets with their own unique forms of cultural remembrance have reimagined and critiqued the idealized view of the South offered by the Fugitives This more recent work reflects not just trauma and nostalgia but makes equally trenchant uses of the past including historiophoty the recording of history through visual images and countermemory resistant strains of cultural memory that disrupt official historical accounts As Turner demonstrates the range of poetries produced within and about the American South from the 1950s to the present helps us to recalibrate theories of collective remembrance on regional national and even transnational levels With its array of new insights on poets of considerable reputation six of the writers discussed here have won at least one Pulitzer Prize for poetry *Southern Crossings* makes a signal contribution to the study of not only modern poetics and literary theory but also of the U S South and its place in the larger world Daniel Cross Turner is an assistant professor of English at Coastal Carolina University His articles which focus on regional definition in national and global contexts and on aesthetic forms potential to record historical transitions appear in edited collections as well as journals including *Genre Mosaic* the *Southern Literary Journal* the *Southern Quarterly* and the *Mississippi Quarterly* [The South That Wasn't There](#) Michael Kreyling, 2010-11-01 Once history and the South dwelt in close proximity Representations of the South in writing and on film

assumed everybody knew what had happened in place and time to create the South Today our vision of the South varies and there is less there than ever before In *The South That Wasn't There* Michael Kreyling explores a series of literary situations in which memory and history seem to work in odd and problematic ways Looking at Toni Morrison's masterpiece *Beloved* he tests the viability of applying Holocaust and trauma studies to the poetics and politics of remembering slavery He then turns to Robert Penn Warren's grappings with his personal memory of racism which culminated in his attempt to confront the evil directly in his book *Who Speaks for the Negro* In a chapter on the court contest between Margaret Mitchell's estate and Alice Randall over Randall's parody *The Wind Done Gone* Kreyling treats neglected issues such as the status of literary sequels and parody in an age of advanced commodification of the South Kreyling's searching inquiry into the intersection of the southern warrior narrative and the shocks dealt America by the Vietnam War uncovers what appears to be the deliberate yet unconscious use of southern Civil War memory in a time of national identity crisis He follows that up with a comparison of Faulkner's appropriation of Caribbean memory in *Absalom Absalom* and Madison Smartt Bell's in his trilogy on Toussaint Louverture and the Haitian revolution Finally Kreyling examines some new manifestations of southern memory including science fiction as embodied in Octavia Butler's novel *Kindred* mockumentary in Kevin Willmott's film *C.S.A.* and postmodern cinema parody in Lars Von Trier's *Manderlay* Lively and frequently confrontational *The South That Wasn't There* offers a thought provoking reexamination of our literary conceptions about the South

*Reading Race* Aldon Lynn Nielsen, 1988 *Reading Race* examines the work of twentieth century white American poets from Carl Sandburg to Adrienne Rich from Ezra Pound to Allen Ginsberg revealing within their poetry and casual writings a body of literature that transmits racism even as it sometimes speaks against it Tracing the persistence of racial discourse Aldon

Nielsen argues that white Americans throughout their history have used a language of their own primacy a language that treats blacks as an abstract other an aggregate nonwhite to be acted upon and determined by whites White discourse drapes over blacks an intricate veil of images and understandings assertions of inferiority metaphors of exoticism similes of animals tropes of fertility nothingness and death through which whites read race and beneath which blacks remain imprisoned Words Nielsen writes create and maintain relationships of power as surely as do prisons and arms Speaking of the discourse of race in America Nielsen identifies dead metaphors words images ideas that operate in much the same way as the charged detail of Pound or the objective correlative of T S Eliot Embedded in the language they are instantly recognizable to the native speaker Poets when they draw upon these metaphors demand racist thinking in order to be understood
