The Race to 270 Daron R. Shaw, 2008-09-15 The Electoral College has played an important role in presidential politics since our nation s founding but surprisingly little information exists about precisely how it affects campaign strategy Daron R Shaw a scholar who also worked as a strategist in both Bush Cheney campaigns has written the first book to go inside the past two presidential elections and reveal how the race to 270 was won and lost Shaw s nonpartisan study lays out how both the Democrats and the Republicans developed strategies to win decisive electoral votes by targeting specific states and media markets Drawing on his own experience with Republican battle plans candidate schedules and advertising purchases plus key contacts in the Gore and Kerry camps Shaw goes on to show that both sides used information on weekly shifts in candidate support to reallocate media buys and schedule appearances Most importantly he uses strikingly original research to prove that these carefully constructed plans significantly affected voters preferences and opinions not in huge numbers but enough to shift critical votes in key battlegrounds Bridging the gap between those who study campaigns and those who conduct them The Race to 270 will provide political scientists and practitioners alike with fresh insights about the new strategies that stem from one of our oldest institutions

The Race to Save the Romanovs Helen Rappaport, 2018-06-26 In this international bestseller investigating the murder of the Russian Imperial Family Helen Rappaport embarks on a quest to uncover the various plots and plans to save them why they failed and who was responsible The murder of the Romanov family in July 1918 horrified the world and its aftershocks still reverberate today In Putin's autocratic Russia the Revolution itself is considered a crime and its anniversary was largely ignored In stark contrast the centenary of the massacre of the Imperial Family was commemorated in 2018 by a huge ceremony attended by the Patriarch of the Russian Orthodox Church While the murders themselves have received major attention what has never been investigated in detail are the various plots and plans behind the scenes to save the family on the part of their royal relatives other governments and Russian monarchists loyal to the Tsar Rappaport refutes the claim that the fault lies entirely with King George V as has been the traditional view for the last century The responsibility for failing the Romanovs must be equally shared The question of asylum for the Tsar and his family was an extremely complicated issue that presented enormous political logistical and geographical challenges at a time when Europe was still at war Like a modern day detective Helen Rappaport draws on new and never before seen sources
