## **Racism Child Protection:**

Shattered Bonds Dorothy Roberts, 2010-07-29 *Shattered Bonds* is a stirring account of a worsening American social crisis the disproportionate representation of black children in the U S foster care system and its effects on black communities and the country as a whole Tying the origins and impact of this disparity to racial injustice Dorothy Roberts contends that child welfare policy reflects a political choice to address startling rates of black child poverty by punishing parents instead of tackling poverty's societal roots Using conversations with mothers battling the Chicago child welfare system for custody of their children along with national data Roberts levels a powerful indictment of racial disparities in foster care and tells a moving story of the women and children who earn our respect in their fight to keep their families intact **Shattered**

**Bonds** Dorothy Roberts, 2002 The story of foster care in the United States is the story of the failure of the social safety net to aid poor largely black parents in their attempt to make a home for their children *Shattered Bonds* tells this story as no other book has before from the perspective of a prominent black female legal theoretician The current state of the child welfare system in America is a well known tragedy Thousands of children every year are removed from their parents homes often for little reason other than the endemic poverty that afflicts women and children more than any other group in the U S Dorothy Roberts an acclaimed legal scholar and social critic reveals the racial politics of child welfare in America through extensive legal research and original interviews with Chicago families in the foster care system She describes the racial imbalance in foster care the concentration of state intervention in certain neighborhoods the alarming percentages of children in substitute care the difficulty that poor and black families have in meeting state's standards for regaining custody of children placed in foster care and the relationship between state supervision of families and continuing racial inequality *Racism*

*and Child Protection* Valerie Jackson, 2010-07-15 This is a study of the effects of racism on the protection and support of black children who have been sexually abused The author explores the myths and realities surrounding the abuse of black children and the actions of social workers and others who are responsible for their protection Her purpose is to demonstrate how deeply racism is affecting the provision and care for the abused black child the prevention of disclosure of abuse by such children and what can be done to redress the balance The book includes first hand accounts supported by qualitative and quantitative research and references to literature in the field It is aimed at those preparing for the Diploma in Social Work or NVQ in Care level 3 health visitors and Project 2000 nurses *Race Matters in Child Welfare* Dennette Derezotes, Mark

Testa, John Poertner, 2005 Although African Americans constituted 15% of the child population of the United States in 1999 they accounted for 45% of the children in substitute care In contrast white children who constituted 60% of the U S population accounted for only 36% of the children in out of home care In addition several studies show that children of different ethnic or racial backgrounds receive dissimilar treatment by the child welfare system but little is known about the appropriateness of the treatment This compilation of papers critically examines child welfare policy and practice the causes

of child maltreatment and how each affects the disproportionate representation of African American children in the system  
BOOK JACKET      The Legacy of Racism for Children Margaret C. Stevenson, Bette L. Bottoms, Kelly C. Burke, 2020-06-12

When children become entangled with the law their lives can be disrupted irrevocably When those children are underrepresented minorities the potential for disruption is even greater The Legacy of Racism for Children Psychology Law and Public Policy examines issues that arise when minority children's lives are directly or indirectly influenced by law and public policy Uniquely comprehensive in scope this trailblazing volume offers cutting edge chapters on the intersections of race ethnicity within the context of child maltreatment child dependency court custody and adoption familial incarceration school discipline and the school to prison pipeline juvenile justice police youth interactions and jurors perceptions of child and adolescent victims and defendants The book also includes chapters focused on troubling situations that are less commonly researched but growing in importance including the role of race and racism in child sex trafficking and US immigration law and policy Thus individual chapters explore myriad ways in which law and policy shape the lives of marginalized children and adolescents racial and ethnic minorities who historically and presently are at heightened risk for experiencing disadvantageous consequences of law and policy In so doing The Legacy of Racism for Children can help social scientists to understand and work to prevent the perpetuation of racial discrimination in American laws and public policies

*"When the Welfare People Come"* Don Lash, 2017-01-15 An excellent overview of the child welfare system Most importantly the author provides a discussion of how to create true change Tina Lee author of *Catching a Case Inequality and Fear in New York City's Child Welfare System* A groundbreaking look at the history and politics of the American child welfare system When the Welfare People Come exposes the system in its totality from child protective investigation to foster care and mandated services arguing that it constitutes a mechanism of control exerted over poor and working class parents and children Applying the Marxist framework of social reproduction theory to the child welfare system the author an attorney who has practiced in the area of child welfare for more than twenty years reveals the system's role in the regulation of family life under capitalism This book's description and analysis of child welfare is terrific Though I've worked in the field of child welfare for four decades I learned not only new information but also found new resonant analyses David Tobis PhD Author of *From Pariahs to Partners How Parents and Their Allies Changed New York City's Child Welfare System*      Torn Apart Dorothy Roberts, 2022-04-05 An award winning scholar exposes the foundational racism of the child welfare system and calls for radical change Many believe the child welfare system protects children from abuse But as Torn Apart uncovers this system is designed to punish Black families Drawing on decades of research legal scholar and sociologist Dorothy Roberts reveals that the child welfare system is better understood as a family policing system that collaborates with law enforcement and prisons to oppress Black communities Child protection investigations ensnare a majority of Black children putting their families under intense state surveillance and regulation Black children are disproportionately likely to be torn from their

families and placed in foster care driving many to juvenile detention and imprisonment The only way to stop the destruction caused by family policing Torn Apart argues is to abolish the child welfare system and liberate Black communities

**Preventing Child Maltreatment in the U.S.** Melissa Phillips,Shavonne Moore-Lobban,Milton A Fuentes,2022-09-16 Child maltreatment occurs in the Black community at higher rates than any other racial group Given the prevalence of child maltreatment risk factors in the Black community such as being in a low income family single parent family greater exposure to physical discipline and less access to services and resources it is not surprising but nonetheless concerning that Black children are at greater risk for abuse and or neglect Unearthing the cause and effect between the challenges faced by the Black community and the life outcomes for Black children is key to making positive changes happen Through a feminist and womanist lens the authors unpack the range of factors that intersect and impact the Black community that are necessary to address to effectively protect Black children Understanding how to prevent maltreatment and promote health and wellness are essential to adequately address maltreatment so as to protect and empower Black children
