Louis Prima:

Louis Prima Garry Boulard, 2002 This is the first paperback edition of the only biography of Louis Prima one of the most underrated jazz musicians and entertainers of the twentieth century In a career that spanned four decades Prima infused the grit and grace of Dixieland jazz with swing and big band sounds the first whiffs of rock n roll and a vaudevillian like stage presence A native of New Orleans the Guy Lombardo protégé known as The Italian Satchmo was the country's smashing new jazz sensation at New York's Famous Door in the 1930s He went on to be a successful big band leader and a Vegas nightclub staple and he virtually created the concept of the lounge act Despite his longstanding success Prima's over the top on stage antics induced critics to not take him seriously and he was relegated to the status of mere entertainer Married five times and involved with numerous women in between Prima has more often been remembered for his colorful relationships and quirky personality than for his abilities as a trumpeter and singer After his death in 1978 his music gradually disappeared and jazz scholars rarely mentioned his name Nudging Prima's legacy into the limelight the musician deserved Garry Boulard nimbly explores Prima's ability to maintain a lifelong career his knack for self promotion and how the cities in which he lived and performed New York Los Angeles and Las Vegas uniquely and indelibly informed his style In a new preface the author considers how the resurgence of big band and swing music in the late 1990s catapulted Prima and his music back into the public eye

This article will explore the advantages of Louis Prima books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Louis Prima books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes.
