Velvet Thunder Teresa Howard, 1994-03-01 Stevie Johns had seen her Comanche mother die in childbirth Now a vicious white enemy had driven Stevie and her father off their land How could she trust the mysterious man in black who just appeared out of nowhere a devilish stranger whose sapphire eyes seemed to see right into her soul Lean and rugged he offered his help risking life itself to protect her Though Stevie could never give her heart she could not resist his tender embrace He called himself Lucky Diamond More at home with a deck of cards than a six shooter Heath Turner had lived through the worst of the Civil War Now the rugged U S marshal had left his native New York behind to bring justice to the New Mexico Territory But from the moment he rode into Adobe Wells and set eyes on Stevie Johns Heath knew he'd found the woman he'd want forever Let her fight him with all the passion blazing in her soul he was determined to win Stevie's

heart and heal the pain of the past with the rapturous promise of love *Many Thousands Gone* Ira Berlin, 2009-07-01 Today most Americans black and white identify slavery with cotton the deep South and the African American church But at the beginning of the nineteenth century after almost two hundred years of African American life in mainland North America few slaves grew cotton lived in the deep South or embraced Christianity *Many Thousands Gone* traces the evolution of black society from the first arrivals in the early seventeenth century through the Revolution In telling their story Ira Berlin a leading historian of southern and African American life reintegrates slaves into the history of the American working class and into the tapestry of our nation Laboring as field hands on tobacco and rice plantations as skilled artisans in port cities or soldiers along the frontier generation after generation of African Americans struggled to create a world of their own in circumstances not of their own making In a panoramic view that stretches from the North to the Chesapeake Bay and Carolina lowcountry to the Mississippi Valley *Many Thousands Gone* reveals the diverse forms that slavery and freedom assumed before cotton was king We witness the transformation that occurred as the first generations of creole slaves who worked alongside their owners free blacks and indentured whites gave way to the plantation generations whose back breaking labor was the sole engine of their society and whose physical and linguistic isolation sustained African traditions on American soil As the nature of the slaves labor changed with place and time so did the relationship between slave and master and between slave and society In this fresh and vivid interpretation Berlin demonstrates that the meaning of slavery and of race itself was continually renegotiated and redefined as the nation lurched toward political and economic independence and grappled with the Enlightenment ideals that had inspired its birth *A Description of Louisiana* Louis Hennepin, 1880 **A History of Louisiana** Grace Elizabeth King, John Rose Ficklen, 1900 *The Louisiana Historical Quarterly* John Wymond, Henry Plauché Dart, 1930 **French Colonial Louisiana and the Atlantic World** Bradley G. Bond, 2005-07 French colonial Louisiana has failed to occupy a place in the historic consciousness of the United States perhaps owing to its short duration 1699 1762 and its standing outside the dominant narrative of the British colonies in North America This anthology seeks to locate early Louisiana in its proper place bringing together a broad range of scholarship that depicts a complex and vibrant sphere Colonial Louisiana comprised the vast center of what would become the United States It lay between Spanish British and French colonies in North America and the Caribbean and between woodland and eastern plains Indians As such it provided a meeting place for Europeans Africans and native Americans functioning as a crossroads between the New World and other worlds While acknowledging colonial Louisiana s peripheral position in U S and Atlantic World history this volume demonstrates that the colony stands at the thematic center of the shared narratives and historiographies of diverse places Through its twelve essays *French Colonial Louisiana and the Atlantic World* tells a whole story the story of a place that belongs to the historic narrative of the Atlantic World *New Orleans Journal of Medicine* Louisiana State Medical Society, 1921 **Beloved** Phoebe Conn, 1994 Set in the 1750s amidst opulent Virginia estates and
