Frank J. Wetta

Louisiana Reconstructed 1863 1877:

Louisiana Reconstructed, 1863-1877 Joe Gray Taylor, 1974-01-01 **Retreat from Reconstruction, 1869-1879**

William Gillette, 1982-01-01 According to William Gillette recent reinterpretation of Reconstruction by revisionist historians has often tended to overemphasize idealistic motivations at the expense of assessing concrete achievements of the era Thus he maintains the failure of both the purpose and the promise of Reconstruction has not been deeply enough analyzed Retreat from Reconstruction is the first and most comprehensive analysis yet published on the course of the development decline and disintegration of Reconstruction during the decade of the 1870s Gillette sets forth the idea that these years provided the true test of the effectiveness of Reconstruction By using the primary sources to back up and amplify his premise he offers a detailed thoroughly convincing study of Reconstruction and a significant interpretation of why the political programs of the Republicans ended in failure Focusing on Reconstruction as national policy and how it was made and administered Gillette's study interweaves local developments in the South with political developments in the North that resulted in the withdrawal of support of that policy His broadly based work includes an examination of federal election enforcement in the South the southern policies of the Grant and Hayes administrations the presidential elections of 1872 and 1876 the congressional election of 1874 and the Civil Rights Act of 1875 In addition to political developments Gillette touches on the social economic intellectual educational and racial facets of Reconstruction and by demonstrating how they bore on the political processes of the era he deepens our understanding of a crucial but controversial period in American history and the workings of the American political system *The Facts of Reconstruction* Eric Anderson, Alfred A. Moss, Jr., 1991-05-01 Thirty years after the publication of John Hope Franklin's influential interpretative essay Reconstruction After the Civil War ten distinguished scholars have contributed to a new appraisal of Reconstruction scholarship Recognizing Professor Franklin's major contributions to the study of the Reconstruction era their work of analysis and review has been dedicated to him Although most of the contributors studied with John Hope Franklin *The Facts of Reconstruction* is not a festschrift at least not the conventional sense The book does not offer a comprehensive assessment of Franklin's remarkably wide ranging work in southern and Afro American history but instead engages his influential interpretation of Reconstruction The essays in *The Facts of Reconstruction* focus upon questions raised in Reconstruction After the Civil War Was southern white intransigence the decisive influence in Presidential Reconstruction What as the role of violence in southern redemption How successful were the educational experiments of the Reconstruction era Why did southern Republicans fail to build an effective coalition capable of surviving the pressure of racism In addition several essays discuss questions not directly addressed in Franklin's book since his pathbreaking work indirectly stimulated study in a variety of new areas For example contributors to *The Facts of Reconstruction* examine the ante bellum origins of Reconstruction evaluate the development of racial segregation during the late nineteenth century analyze the political and legal ideas behind the Reconstruction debates and study the prospering

minority among blacks Representing a variety of perspectives the authors have sought to follow John Hope Franklin s admonition that Reconstruction should not be used as a mirror of ourselves If they have succeeded this book in honor of a profound scholar and inspiring teacher will provoke new discussion about the facts of Reconstruction

The Louisiana Scalawags Frank J. Wetta,2013-01-02 During the Civil War and Reconstruction the pejorative term scalawag referred to white southerners loyal to the Republican Party With the onset of the federal occupation of New Orleans in 1862 scalawags challenged the restoration of the antebellum political and social orders Derided as opportunists uneducated poor white trash Union sympathizers and race traitors scalawags remain largely misunderstood even today In *The Louisiana Scalawags* Frank J Wetta offers the first in depth analysis of these men and their struggle over the future of Louisiana A significant assessment of the interplay of politics race and terrorism during Reconstruction this study answers an array of questions about the origin and demise of the scalawags and debunks much of the negative mythology surrounding them Contrary to popular thought the southern white Republicans counted among their ranks men of genuine accomplishment and talent They worked in fields as varied as law business medicine journalism and planting and many held government positions as city officials judges parish officeholders and state legislators in the antebellum years Wetta demonstrates that a strong sense of nationalism often motivated the men no matter their origins Louisiana s scalawags grew most active and influential during the early stages of Reconstruction when they led in founding the state s Republican Party The vast majority of white Louisianans however rejected the scalawags appeal to form an alliance with the freedmen in a biracial political party Eventually the influence of the scalawags succumbed to persistent terrorism corruption and competition from the white carpetbaggers and their black Republican allies By then the state s Republican Party consisted of white political leaders without any significant white constituency According to Wetta these weaknesses as well as ineffective federal intervention in response to a Democratic Party insurgency caused the Republican Party to collapse and Reconstruction to fail in Louisiana

Encyclopedia of the Reconstruction Era Richard Zuczek,2006-08-30 Reconstruction sought to bring order from the tremendous social political economic physical and constitutional changes wrought by secession and the Civil War changes that included the abolition of slavery the expansion of governmental power and constitutional jurisdiction the rise of the Republican Party the explosion of northern industry and the national market and the appearance of a social dynamism that supported struggles by new social groups for political and civil equality In American history Reconstruction is the term applied to the period 1862 1877 when the United States sought to bring order from the tremendous social political economic physical and constitutional changes wrought by secession and the Civil War The decision by eleven southern states to attempt secession and reject the national government and the decision by the federal government under President Abraham Lincoln to deny that attempt and enforce federal law unleashed forces that forever changed the American Republic These changes included the abolition of slavery the expansion of governmental power and constitutional jurisdiction the rise of the Republican Party the explosion of northern

industry and the national market and the appearance of a social dynamism that supported struggles by new social groups for political and civil equality No one anticipated the totality the viciousness and the intensity of the civil war and as a result no one was prepared to deal with its consequences Topics covered include who should direct Reconstruction how the federal government treated conquered states their governments and their soldiers the role of the freed people in the new republic and how the war altered the Constitution the party system and the American economy among many others Many entries describe and analyze the lives careers and impacts of the individuals North and South black and white who shaped the course of Reconstruction including the following Ames Adelbert Bruce Blanche K Douglass Frederick Gordon John B Hancock Winfield S Howard Oliver O Pinchback Pinckney B S Revels Hiram R Sheridan Philip H Wade Benjamin F Other entries deal with broad topics and themes related to Reconstruction and its consequences including the following Abolition of Slavery Black Politicians Black Suffrage Bloody Shirt Economic Policies Race Riots Reconstruction Theories of Scandals During Reconstruction State Constitutional Conventions Violence During Reconstruction Still other entries cover a wide variety of events groups acts agencies and amendments that were part of the story of Reconstruction including the following American Indians Bureau of Refugees Freedmen and Abandoned Lands Compromise of 1877 Democratic Party Fourteenth Amendment Joint Committee on Reconstruction Loyalty Oaths Military Reconstruction Acts Stalwarts Tenure of Office Act Among the more than 270 entries are 11 that discuss the course and consequences of Reconstruction in each of the former Confederate states and 6 that discuss the outcome and significance of the presidential and key congressional elections held between 1864 and 1876 The encyclopedia also offers a timeline of Reconstruction a bibliography of print and electronic information resources a selection of primary documents a table of important dates numerous illustrations and a detailed subject index

Reconstruction Richard Zuczek, 2015-11-10 Composed by the leading historians in the field this single volume encyclopedia on Reconstruction delivers the most concise focused and readable reference work available to educators and students In many ways the Civil War destroyed the American South the Democratic Party and slavery with much of the nation left in ruins What was to become of former slaves and of former confederates Yet the unprecedented turmoil that followed the war presented the United States with great opportunities How America tried to solve the problems and take advantage of opportunities after the Civil War is the focus of this encyclopedia which provides the core elements necessary for researching and understanding the complex period in U S history known as Reconstruction The volume offers a concise introduction to and chronology of the Reconstruction period scores of entries composed by subject experts and an appendix that features key primary documents The entries have been carefully chosen for their importance and relevance are written in language accessible to high school students and supply useful references for further investigation This volume will be indispensable for research into Reconstruction and affords anyone studying the United States during this period insight and perspective whether the topic be African American history the Civil War Abraham Lincoln or the coming of sharecropping

Reconstruction Allen C. Guelzo, 2018 Allen C Guelzo's *Reconstruction A Concise History* is a gracefully written interpretation of Reconstruction as a spirited struggle to reintegrate the defeated Southern Confederacy into the American Union after the Civil War to bring African Americans into the political mainstream of American life and to recreate the Southern economy after a Northern free labor model

Historical Dictionary of the Civil War and Reconstruction William L. Richter, 2011-12-01 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated Many historians regard the Civil War as the defining event in American history At stake was not only freedom for 3.5 million slaves but also survival of the relatively new American experiment in self government A very real possibility existed that the union could have been severed but a collection of determined leaders and soldiers proved their willingness to fight for the survival of what Abraham Lincoln called the last best hope on earth The second edition of this highly readable one volume *Historical Dictionary of the Civil War and Reconstruction* looks to place the war in its historical context The more than 800 entries encompassing the years 1844-1877 cover the significant events persons politics and economic and social themes of the Civil War and Reconstruction An extensive chronology introductory essay and comprehensive bibliography supplement the cross referenced dictionary entries to guide the reader through the military and non military actions of one of the most pivotal events in American history The dictionary concludes with a selection of primary documents This book is an excellent access point for students researchers and anyone wanting to know more about the Civil War and Reconstruction

Race, Ethnicity, and Urbanization Howard N. Rabinowitz, 1994 In 14 reprinted essays that bring together his work in the fields of race relations ethnicity and urban history Rabinowitz introduces readers to some of the most important recent developments in these fields including the changing assessments of the nature of black leadership the origins of segregation the expansion of urban history to include the South and the West and the writing of ethnic history Annotation copyright by Book News Inc Portland OR

The Great New Orleans Kidnapping Case Michael A. Ross, 2017-08-09 As the largest and youngest minority group in the United States the 60 million Latinos living in the U.S. represent the second largest concentration of Hispanic people in the entire world after Mexico Needless to say the population of Latinos in the U.S. is causing a shift not only changing the demographic landscape of the country but also impacting national culture politics and spoken language While Latinos comprise a diverse minority group with various religious beliefs political ideologies and social values commentators on both sides of the political divide have lumped Latino Americans into a homogenous group that is often misunderstood Latinos in the United States What Everyone Needs to Know R provides a wide ranging multifaceted exploration of Latino American history and culture as well as the forces shaping this minority group in the U.S. From exploring the origins of the term Latino and examining what constitutes Latin America to tracing topical issues like DREAMers the mass incarceration of Latino males and the controversial relationship between Latin America and the United States Ilan Stavans seeks to understand the complexities and unique position of Latino Americans Throughout he breaks

down the various subgroups within the Latino minority Mexican Americans Dominican Americans Cuban Americans Puerto Ricans on the mainland and so on and the degree to which these groups constitute or don't a homogenous community their history and where their future challenges lie Stavans one of the world's foremost authorities on global Hispanic civilization sees Latino culture as undergoing dramatic changes as a result of acculturation changes that are fostering a new mestizo identity that is part Hispanic and part American However Latinos living in the United States are also impacting American culture As Ilan Stavans argues no other minority group will have a more decisive impact on the future of the United States

The Harvard Guide to African-American History Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

Archipelagoes of My South J. Mills Thornton, 2016-10-25 A collection of essays representing forty five years of reflection on the central problems of southern history bound together by a common concern with defining the crucial interaction of race and class in the formation of southern politics and life The tourist archipelagoes of my South are prisons too corruptible writes the poet Derek Walcott While Walcott refers to the islands of the Caribbean the analogous idea of a land made into solitary islands by an imprisoned and inherited corruption is historian J Mills Thornton III's American South The captivating essays in *Archipelagoes of My South* Episodes in the Shaping of a Region 1830 1965 address this overarching and underlying narrative of Alabama politics and the history of the South Highlighting events as significant as the role of social and economic conflict in the southern secession movement various aspects of Reconstruction and the role of the Ku Klux Klan in the politics of the 1920s Thornton draws from various points in the southern past in an effort to identify and understand the sources of the region's power Moreover each essay investigates its subject matter and peels back layers with an aim to clarify why the enormous diversity of the southern experience makes that power so great all the while allowing the reader to see connections that would not otherwise be apparent *Archipelagoes of My South* gathers previously uncollected essays into a single volume covering the entire length and breadth of Thornton's career The author's principal concerns have always been the arc of regional evolution and the significance of the local Thus the mechanisms of political and social change and the interrelationships across eras and generations are recurring themes in many of these essays Even those who have spent their entire lives in the South may be unaware of the fractured layers of history that lie beneath the landscape they inhabit For those southern residents who seek to comprehend more of their own past this landmark compilation of essays on Alabama and southern history endeavors to provide illumination and enlightenment

[Jim Crow Citizenship](#) Marek D. Steedman, 2012-05-22 In the late 1860s the U S federal government initiated the most abrupt transition from slavery to citizenship in the Americas The transformation of course did not stick but it did permanently alter the terms of American citizenship and initiated a century long struggle over the place of African Americans in the American polity Southern Progressives crucial in this account were

faced with a significant ideological challenge how to reconcile their liberal principles with their commitments to racial hierarchy The ideological work performed by Southern Progressives was instrumental to the establishment of white supremacist institutions in the heart of a putatively liberal democracy and illuminate how combinations of liberal and illiberal principles have affected the history of American political thought In this work Marek Steedman demonstrates how Southern Progressives combined commitments to liberal even democratic politics with equally strong commitments to the maintenance of racial hierarchy He shows that there are systematic features of the traditions of liberal and republican thought on the one hand and ideologies of race on the other that facilitate their combination Jim Crow Citizenship relates familiar developments in American state building legal development and political thought to race thus showing how race intertwines with these developments often shaping them in decisive fashion The Revolution that Failed Adam Fairclough, 2018-02-09 The book combines a fine grain local study of the oldest European settlement in Louisiana with the story of Reconstruction at the state and national level It offers a dramatic narrative of political racial and personal conflicts while putting forward an analysis of Reconstruction that challenges current received wisdom **Reconstruction in the Cane Fields** John C. Rodrigue, 2001-05 In *Reconstruction in the Cane Fields* John C Rodrigue examines emancipation and the difficult transition from slavery to free labor in one enclave of the South the cane sugar region of southern Louisiana In contrast to the various forms of sharecropping and tenancy that replaced slavery in the cotton South wage labor dominated the sugar industry Rodrigue demonstrates that the special geographical and environmental requirements of sugar production in Louisiana shaped the new labor arrangements Ultimately he argues the particular demands of Louisiana sugar production accorded freedmen formidable bargaining power in the contest with planters over free labor Rodrigue addresses many issues pivotal to all post emancipation societies How would labor be reorganized following slavery's demise Who would wield decision making power on the plantation How were former slaves to secure the fruits of their own labor He finds that while freedmen's working and living conditions in the postbellum sugar industry resembled the prewar status quo they did not reflect a continuation of the powerlessness of slavery Instead freedmen converted their skills and knowledge of sugar production their awareness of how easily they could disrupt the sugar plantation routine and their political empowerment during Radical Reconstruction into leverage that they used in disputes with planters over wages hours and labor conditions Thus sugar planters far from being omnipotent overlords who dictated terms to workers were forced to adjust to an emerging labor market as well as to black political power The labor arrangements particular to postbellum sugar plantations not only propelled the freedmen's political mobilization during Radical Reconstruction Rodrigue shows but also helped to sustain black political power at least for a few years beyond Reconstruction's demise in 1877 By showing that freedmen under the proper circumstances were willing to consent to wage labor and to work routines that strongly resembled those of slavery *Reconstruction in the Cane Fields* offers a profound interpretation of how former slaves defined freedom in slavery's immediate aftermath It will prove essential

reading for all students of southern African American agricultural and labor history Defying Jim Crow Donald E. DeVore, 2015-02-18 From the earliest days of Jim Crow African Americans in New Orleans rallied around the belief that the new system of racially biased laws designed to relegate them to second class citizenship was neither legitimate nor permanent Drawing on shared memories of fluid race relations and post Civil War political participation they remained committed to a disciplined and sustained pursuit of equality Defying Jim Crow tells the story of this community s decades long struggle against segregation disenfranchisement and racial violence Amid mounting violence and increasing exclusion black New Orleanians believed their best defense depended upon maintaining a close knit and politically engaged community Donald E DeVore s peerless research shows how African Americans sought to reverse the trends of oppression by prioritizing the kind of capacity building investment in education participation in national organizations and a spirit of entrepreneurship in markets not dominated by white businessmen that would ensure the community s ability to keep fighting for their rights in the face of setbacks and hostility from the city s white leaders As some black activists worked to attain equity within the separate but equal framework they provided a firm foundation and crucial support for more overt challenges to the racist government structures The result of over a decade s research into the history of civil rights and community building in New Orleans Defying Jim Crow provides a thorough and insightful analysis of race relations in one of America s most diverse cities and offers a vital contribution to the complex history of the African American struggle for freedom *The A to Z of the Civil War and Reconstruction* William L. Richter, 2009-07-24 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated There was a very real possibility that the union could have been sundered resulting in a very different American history and probably world history But the union was held together by tough and determined leaders and by the economic muscle of the North Following the end of the war the period of American history known as Reconstruction followed This was a period construed in many different ways While the states were once again united many of the postwar efforts divided different segments of the population and failed to achieve their goals in an era too often remembered for carpetbaggers and scalawags and Congressional imbroglios and incompetent government This one volume dictionary with more than 800 entries covering the significant events persons politics and economic and social themes in the U S Civil War and Reconstruction is a research tool for all levels of readers from high school and up The extensive chronology introductory essay dictionary entries and comprehensive bibliography introduce and lead the reader through the military and non military actions of one of the most pivotal events in American history **Pinchback** Nicholas Patler, 2025-09-23 Born to a formerly enslaved mother and a white planter father P B S Pinchback 1837 1921 became the first African American governor in the United States His tenure as governor of Louisiana was brief a mere thirty five days but he remains one of the most prominent African American officeholders during the Reconstruction era Yet despite being a pivotal figure in the post Civil War South attempts to tell his story have been incomplete From the deep influence of a mother who

had spent half of her life in bondage to the ambiguity of racial identity in Pinchback's life and world to a political career that was as tumultuous and rich as any in American history the life and career of Pinchback are far more interesting and complex than most historians have portrayed This volume presents Pinchback's story more fully and accurately exploring the larger and more nuanced account of how Pinchback used strategy and skill to overcome obstacles maintain power and push an agenda of rights and equality during the Reconstruction era often in the face of great adversity Pinchback worked feverishly to help create and nurture a democratized environment that made African Americans and Creoles the political and even social equals of white Louisianans This was a sweeping change that only a few years earlier most people could have hardly dreamed possible In every sense of the word it was a revolution that reconfigured the political and social landscape and transformed life as everyone had once known it

Changing Structure of Mexico Laura Randall, 2006 Mexico is reinventing itself It is moving toward a more tolerant global market oriented and democratic society This new edition of *Changing Structure of Mexico* is a comprehensive and up to date presentation of Mexico's political social and economic issues All chapters have been rewritten by noted Mexican scholars and practitioners to provide a lucid and informative introductory reader on Mexico The book covers such topics as Mexico's foreign economic policy and NAFTA maquiladoras technology policy and Asian competition as well as domestic economics such as banking tax reform and oil energy policy the environment population and migration policy the changing structure of political parties and values and changes affecting women

Pistols and Politics Samuel C. Hyde, Jr., 2018-06-16 In *Pistols and Politics* Samuel C Hyde Jr reveals the reasons behind the remarkable levels of violence in Louisiana's Florida parishes in the nineteenth century This updated and expanded edition deftly brings the analysis forward to account for the continuation of violence and mayhem in the region in the early twentieth century Numerous pockets of small communities formed in the nineteenth century South with cultures and values independent from those of the dominant planter class As Hyde shows one such area was the Florida parishes of southeastern Louisiana where peculiar conditions combined to create an enclave of white yeomen and where in the years after the Civil War levels of conflict escalated to a state of chronic anarchy His careful study of a society that degenerated into utter chaos illuminates the factors that allowed these conditions to arise and triumph Additional material reveals the ongoing impact of a culture riddled with suspicion and bitterness well into the Jim Crow era

Louisiana Reconstructed 1863 1877 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Louisiana Reconstructed 1863 1877 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Louisiana Reconstructed 1863 1877 has opened up a world of possibilities. Downloading Louisiana Reconstructed 1863 1877 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Louisiana Reconstructed 1863 1877 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Louisiana Reconstructed 1863 1877. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Louisiana Reconstructed 1863 1877. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Louisiana Reconstructed 1863 1877, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Louisiana Reconstructed 1863 1877 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Louisiana Reconstructed 1863 1877 Books

1. Where can I buy Louisiana Reconstructed 1863 1877 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Louisiana Reconstructed 1863 1877 book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
