Love And The Genetic Factor:

Sex and Love Eric Griffin-Shelley, 1997-05-28 The National Institute of Health has identified sexual addiction as a research priority This volume provides a detailed definition of sex and love addiction as well as an explicit outline of treatment and recovery It uniquely integrates sex and love in its formulation and presents a two level approach to recovery This presentation provides in depth examples and suggestions for change and supports the growing involvement of Twelve Step programs in mental health Professionals will find this volume an excellent resource in their clinical practice People can be addicted to sex and or love and recovery is possible More than ten years ago the National Institute of Health identified sexual addiction as a research priority Experts now conservatively estimate a prevalence rate of 5 percent of the American population Eric Griffin Shelley provides a detailed definition of sex and love addiction as well as an outline of treatment and recovery Unique to this work Griffin Shelley integrates sex and love in its formulation and also presents a two level approach to recovery This presentation provides in depth examples and suggestions for change and supports the growing involvement of Twelve Step programs in mental health Professionals can use this resource in their clinical practice to identify and assist sex and love addicts Griffin Shelley clearly describes the behavior of sex and love addicts and the emotions they may be experiencing Problems such as multiple addictions to drugs alcohol food work are examined The book s two layer approach to recovery focuses initially on the establishment of sobriety and then outlines an outer layer of protection that the sex and love addict can develop to sustain long term recovery Griffin Shelley s meticulous description of the role of psychotherapy in aiding the recovery process is clearer than any book published to date on either sex or love addiction LOVE AND MOTHERHOOD IN TONI MORRISON'S BELOVED Zita Rarastesa, 2011-10-19 This book discusses Toni Morrison s Beloved and attempts to explain the healing process of black people in the United States from the pain of slavery Using black feminist approach the author discusses how the female characters deal with the past and live with it in the present what love and motherhood mean to the female characters and how much the past influences their lives This approach is considered the most effective one to analyze Beloved related to three kinds of inseparable oppression sexism racism and classism Beloved delivers a universal message to all black people that even though they must live with the past of slavery they should learn from it to face the future Although the pain of slavery still remains in black people s memories they have to move on Beloved also makes the readers see that not all black people are victims and not all white people are oppressors **The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics** Willem Jacobus Cardinal Eijk, 2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church Indeed Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly

understood In *The Bond of Love* Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics dispelling misconceptions and elucidating its truth with grace and clarity As he demonstrates far from being a set of arbitrary rules that constrain human freedom this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology Next discussed is the virtue of chastity the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons The volume concludes by addressing practices and circumstances that violate the essence of marriage This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors teachers and all of the Church's faithful striving to live in the love and communion that is grounded in Christ

Love and Loss Colin Murray Parkes, 2013-05-13 Loving and grieving are two sides of the same coin we cannot have one without risking the other Only by understanding the nature and pattern of loving can we begin to understand the problems of grieving Conversely the loss of a loved person can teach us much about the nature of love *Love and Loss* the result of a lifetime's work has important implications for the study of attachment and bereavement In this volume Colin Murray Parkes reports his innovative research that enables us to bring together knowledge of childhood attachments and problems of bereavement resulting in a new way of thinking about love bereavement and other losses Areas covered include patterns of attachment and grief loss of a parent child or spouse in adult life social isolation and support The book concludes by looking at disorders of attachment and considering bereavement in terms of its implications on love loss and change in a wider context Illuminating the structure and focus of thinking about love and loss this book sheds light on a wide range of psychological issues It will be essential reading for professionals working with bereavement as well as graduate students of psychology psychiatry and sociology

Williams, P. Ronan O'Connell, Andrew McCaskie, 2018-04-27 Bailey Love is the world famous textbook of surgery Its comprehensive coverage includes the scientific basis of surgical practice investigation diagnosis and pre operative care Trauma and Orthopaedics are included as are the subspecialties of plastic and reconstructive head and neck cardiothoracic and vascular abdominal and genitourinary surgery The user friendly format includes photographs line diagrams learning objectives summary boxes biographical footnotes memorable anecdotes and full colour page design This book s reputation for unambiguous advice make it the first point of reference for student and practising surgeons worldwide Promethean Love Timothy Madigan, 2008-12-18 The myth of Prometheus has inspired countless generations of humanists throughout the ages Prometheus who stole fire from the gods and gave it to humans to help them survive remains a symbol for those who reject theistic orthodoxies and who fearlessly challenge accepted beliefs Artists such as Byron Goethe Beethoven and Wagner have been influenced by this story Most importantly Prometheus is a symbol for selfless love In this collection of essays the Promethean myth and its relationship to the philosophy of love is explored from its origins in Ancient Greece to its similarities and contrasts with the figure of Christ Special emphasis is given to the work and writings of Paul Kurtz the foremost contemporary defender of humanism as a worldview who has made the

figure of Prometheus a special part of his own philosophy **Social Evolution of Love** Marcus Y.L. Chiu,2019-06-04 First published in 1999 this volume explores whether people with psychiatric problems would have spouses with similar psychiatric problems started with a series of concordance studies Marcus Y L Chiu begins with a four chapter literature review examining mental illness among spouses of psychiatric patients psychological and sociological perspectives genetics and evolution and key ethical issues Chiu s study then proceeds to shed some light on a personality dimensions marital satisfaction and how one can better adapt to the environment by creating a social milieu through marriage that is accepting understanding and less demanding *Helping the Addict You Love* Laurence M. Westreich, MD,2007-04-17 It s okay to love them It s your right to help them Addiction destroys people and can even end lives When you know or suspect that someone you love is suffering from addiction you have two goals getting your loved one into treatment and turning that treatment into full fledged sobriety Many addiction experts tell you that you have to disengage or risk being an enabler a codependent bystander in the wreckage of an addict s life that you have to cut all ties or be taken advantage of financially and emotionally that you have to protect yourself from your loved one who isn t the person you used to know But many friends and family members find it unnatural even impossible to turn away from a person they love who is at his lowest point and refuse to believe that their addict is lost to addiction Backed by his years of experience Dr Westreich guides you through the process of getting the addict you love on the road to treatment and recovery He provides detailed scripts to lead you through pivotal conversations with the addict in your life highlighting the words that he s found to be most effective and the words to avoid With this book in hand family and friends will know for example how to motivate their addict to recognize his problem based on the addict s own definition of what addiction looks like how to raise the bottom that addicts so often must hit to a more acceptable level such as embarrassment job loss or ill health and when to use gentle disagreement quiet listening or forceful confrontation to move the addict toward treatment while managing and protecting their own emotions Dr Westreich also shows you how to engage a therapist in the process and provides methods for combating an addict s defense mechanisms By outlining several treatment options he helps you to weigh what each can and cannot accomplish which is the most effective treatment for the kind of addiction you are dealing with what each treatment requires of the recovering addict and the friend or family member and how successful each is Dr Westreich also takes care to discuss the kinds of special situations you may face when the addict in your life in addition to having a substance abuse problem is a minor is pregnant has mental or medical diseases or has other issues that are likely to affect recovery *Helping the Addict You Love* is the guide that so many loved ones of addicts have desperately needed Dr Westreich supports you through the emotional process of helping the addict you love tells you it s okay to want to help and teaches you how to do so Half in Love With Death Joel Paris,2017-09-25 *Half in Love With Death* presents a new way for therapists to manage chronically suicidal patients an incredibly challenging task for clinicians and one where an insufficient amount of literature exists to guide professionals

Author Joel Paris suggests an approach that defies conventional wisdoms about whether suicide can be predicted or prevented. He asserts that managing chronically suicidal patients begins with tolerating suicidality, understanding the inner world of patients, avoiding repeated hospitalizations, and focusing on life situations that maintain suicidal ideas and behaviors. Each chapter in the book develops a theoretical perspective based on empirical data, and many are illustrated by clinical examples. Topics addressed throughout the text include distinctions among various types of suicidality, the inner world of the chronically suicidal patient with a particular focus on pain, emptiness, and hopelessness, the relationship between chronic suicidality and personality disorders, especially the category of borderline personality, the effectiveness of psychotherapy and pharmacotherapy for chronically suicidal patients, and the risks of litigation in managing this patient population. This volume is a crucially important resource for clinicians who treat chronically suicidal patients as it fills a gap in existing literature and provides enlightened guidelines that stem from a large body of research in the field. *The Origins of the Love Song* Nino

Tsitsishvili, 2022-11-18 The book offers a radically new perspective on the origins of the love song and human sexuality in an evolutionary context. By comparing different human societies and animal species past and present, it reveals that love songs, romantic love, and exclusive pair bonds are not the original evolutionary features of *Homo sapiens*. One of the key findings of the book is that early humans practiced multiple partner sexual relations similar to our closest relatives, bonobos and chimpanzees, but with the emergence of culture and sexual taboo, their behaviour had to adjust. It contends that since the exodus from Africa and the rise of culture, humans started to distance themselves from the rest of the animal kingdom, drastically restraining their innate sexual nature. The book will appeal to both scholars and laypeople with an interest in evolutionary theory, socio-biology, anthropology, and the origins of culture. *Life, Love and Children* Irina

Pollard, 2012-12-06 Discussion of bioscience ethics requires understanding of the science that underpins biological systems impinging on our lives. Unencumbered by the formal structure of ethics, bioethics presents a forum for discussion of practical matters of individual and collective concern. This comprehensive text is a guide to the essentials of bioscience ethics and an interface between applied science and applied bioethics. Early chapters embrace topics affecting human reproduction, substance abuse, and parenthood, aging, gametes, and congenital malformations, child abuse, and its biological consequences. Intermediate chapters deal with end-of-life care and euthanasia, human fertility, assisted reproductive technologies, genetic engineering, and cloning. Remaining chapters challenge human-dominated ecosystems, population growth, economic activity, and warfare, with its environmental consequences, are reviewed. A background section describes the evolution of ethical consciousness, explores the future, and proposes that the reworking of ethical boundaries can enhance mature decision-making in harmony with changing technology. *Love and Survival* Dean Ornish, 2016-05-10 The Medical Basis for the Healing Power of Intimacy. We all know that intimacy improves the quality of our lives. Yet most people don't realize how much it can increase the quality of our lives, our survival. In this New York Times world-renowned physician Dean Ornish, M.D.

writes I am not aware of any other factor in medicine that has a greater impact on our survival than the healing power of love and intimacy Not diet not smoking not exercise not stress not genetics not drugs not surgery He reveals that the real epidemic in modern culture is not only physical heart disease but also what he calls spiritual heart disease loneliness isolation alienation and depression He shows how the very defenses that we think protect us from emotional pain are often the same ones that actually heighten our pain and threaten our survival Dr Ornish outlines eight pathways to intimacy and healing that have made a profound difference in his life and in the life of millions of others in turning sadness into happiness suffering into joy

The Semiotics of Love Marcel Danesi, 2019-07-30 The Semiotics of Love brings together work on early symbolism literary practices and contemporary communication on the theme of romance and the idea of love to forge an understanding of the semiotic cultural side of romance Moving beyond psychological and neuroscientific scholarly analyses of love Marcel Danesi works to interrogate the cultural constructions of love across societies This book analyzes romantic love from the general perspective of semiotics that is from its more generic interpretive angle rather than its more technical one The specific analytical lens used is based on the notion that we convert our feeling structures into sign structures words symbols and sign based constructions texts rituals etc which then allow us to reflect upon something cognitively rather than just experience it physically and emotionally
