environmental health threats and how to prevent them Love Canal is Gibbs original account of the landmark case now updated with insights gained over three decades **Lessons from Love Canal** ,2003 Provides online access to multimedia resources housed within the Environmental Health Department of Boston University s School of Public Health that deal with the Love Canal crisis in which residents in a Niagara Falls N Y neighborhood realized that many of their health problems resulted from living next to a dump containing over 20 000 tons of hazardous chemicals Also includes lists of other Love Canal related resources not in the collection
