Love Plays A Part:

Love's Knowledge Martha C. Nussbaum, 1990 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements *Baconiana* ,1900 The Eclectic Magazine John Holmes Agnew, Walter Hilliard Bidwell, 1869 **Lifespan Development** Michele Hoffnung, Robert J. Mike Higton,2024-01-31 Providing an accessible one volume guide to Christian doctrine this is a thorough re write of the first edition Since the original was published many students and teachers of doctrine in theological colleges and beyond have been learning to take more seriously the global context of their work and to recognise the difference made by facets of their identities and social locations like race class gender and disability In this edition Mike Higton seeks to do justice to this learning and invites readers to understand doctrine as an unfinished conversation between many different voices Fully updated for clarity and yet retaining its role as a rigorous introduction to its subject the book includes new interruptions which introduce voices that question the book s arguments and offer new directions for readers to pursue **Perspectives**

on Restoration Drama Susan J. Owen,2002 This book introduces students to drama from the Restoration of Charles II in 1660 to the early 18th Century Susan Owen offers representative coverage of new forms of drama in this period and of ways in which old forms are altered Her study covers heroic drama comedy tragedy tragi comedy and Shakespeare adaptations by focusing on specific dramatic highlights and giving close reading of particular plays **Quotable English couplets** Mulki
