*Framed Visions* Gerd Gemunden, 2025-10-01 *Framed Visions* analyzes the pivotal role American mass media and popular culture have played in shaping the political social and psychological identity of postwar Germans and Austrians Through detailed readings of films novels plays and poems of a variety of contemporary artists including Rainer Werner Fassbinder Wim Wenders Elfriede Jelinek Herbert Achternbusch Monika Treut Peter Handke and Rolf Dieter Brinkmann Gerd Gemunden reveals the paradoxical stance of this generation toward American politics and Hollywood aesthetics On the one hand they are pulled toward a culture that has shaped childhood images tastes and desires on the other they reject American politics and the colonizing effect of its mass culture In contrast to most scholarship about the reception of U S culture abroad this study underscores the imaginary relation of contemporary German and Austrian artists to America Topics such as Americanization and cultural imperialism are therefore treated not as a foreign principle imposed from the outside but as ways that German and Austrian artists have tried to come to terms with their own problematic culture and history Gemunden's study elucidates how the culture of the United States has been mapped in contradictory ways onto questions of national and cultural identity in Germany and Austria over the last thirty years Gerd Gemunden is Assistant Professor of German and Comparative Literature Dartmouth College

*Gender Outlaw* Kate Bornstein, 2016-05-31 I know I'm not a man and I've come to the conclusion that I'm probably not a woman either The trouble is we're living in a world that insists we be one or the other With these words Kate Bornstein ushers readers on a funny fearless and wonderfully scenic journey across the terrains of gender and identity With a new introduction by the author On one level *Gender Outlaw* details Bornstein's transformation from heterosexual male to lesbian woman from a one time IBM salesperson to a playwright and performance artist But this particular coming of age story is also a provocative investigation into our notions of male and female from a self-described nonbinary transfeminine diesel femme dyke who never stops questioning our cultural assumptions *Gender Outlaw* was decades ahead of its time when it was first published in 1994 Now some twenty odd years later this book stands as both a classic and a still revolutionary work one that continues to push us gently but profoundly to the furthest borders of the gender frontier

**Assuming the Ecosexual Position** Annie Sprinkle, Beth Stephens, Jennie Klein, Linda Montano, 2021-08-17 The story of the artistic collaboration between the originators of the ecosex movement their diverse communities and the Earth What's sexy about saving the planet Funny you should ask Because that is precisely or perhaps broadly what Annie Sprinkle and Beth Stephens have spent many years bringing to light in their live art exhibitions and films In 2008 Sprinkle and Stephens married the Earth which set them on the path to explore the realms of ecosexuality as they became lovers with the Earth and made their mutual pleasure an embodied expression of passion for the environment Ever since they have been not just pushing but obliterating the boundaries circumscribing biology and ecology creating ecosexual art in their performance of an environmentalism that is feminist queer sensual sexual posthuman materialist exuberant and

steeped in humor Assuming the Ecosexual Position tells of childhood moments that pointed to a future of ecosexuality for Annie in her family swimming pool in Los Angeles for Beth savoring forbidden tomatoes from the vine on her grandparents Appalachian farm The book describes how the two came together as lovers and collaborators how they took a stand against homophobia and xenophobia and how this union led to the miraculous conception of the Love Art Laboratory which involved influential performance artists Linda M Montano Guillermo G mez Pe a and feminist pornographer Madison Young Stephens and Sprinkle share the process of making interactive performance art including the Chemo Fashion Show Cuddle Sidewalk Sex Clinics and Ecosex Walking Tours Over the years they celebrated many more weddings to various nature entities from the Appalachian Mountains to the Adriatic Sea To create these weddings they collaborated with hundreds of people and invited thousands of guests as they vowed to love honor and cherish the many elements of the Earth As entertaining as it is deeply serious and arriving at a perilous time of sharp differences and constricting categories the story of this artistic collaboration between Sprinkle Stephens their diverse communities and the Earth opens gender and sexuality art and environmentalism to the infinite possibilities and promise of love

**The Radical Ecology of the Shelleys** Colin Carman, 2018-11-07 The Radical Ecology of the Shelleys Eros and Environment is the first full length study to explore a radically queer ecology at work in writings by Percy Bysshe Shelley and Mary Wollstonecraft Shelley as their discussions of nature and the natural consistently link ecology and erotic practice Initiated by Timothy Morton in 2010 as a hybrid of two schools of thinking about nature queer ecology combines the alertness of environmentalists to constructions of the natural with efforts of sexuality

scholars to denaturalize identity and to expose sexuality as a culture bound construct. Conceptions of place are central to this investigation not only because an attachment to place is traditionally thought to be the ontological basis of all environmental consciousness e.g. think globally act locally but because these two Romantic writers underscore the dynamic interaction between a person's natural surroundings and his/her interpersonal attachments. The poetical and prose writings of the Shelleys claim our special attention because of their unusual conception of the oikos the etymological root of ecology to mean both local grounds and the social often domestic places in which people dwell and desire. The overarching thesis of this book asserts that proto ecological theories in Romantic era England cannot be understood separately from discourses related to married family life and the texts considered demonstrate the comingling of earthly and erotic enjoyment. The issues raised by Eros and Environment are fundamental not only to literary and queer history but to all humanistic studies. They render the study of nature from a queer perspective a matter of intense interest to scholars in numerous disciplines ranging from ecocriticism and the natural sciences including climate studies to feminist criticism and sexuality studies. **Doubly Erased**

Allison E. Carey, 2023-07-01. The first book of its kind **Doubly Erased** is a comprehensive study of the rich tradition of LGBTQ themes and characters in Appalachian novels memoirs poetry drama and film. Appalachia has long been seen as homogenous and tradition bound. Allison E. Carey helps to remedy this misunderstanding arguing that it has led to LGBTQ Appalachian authors being doubly erased routinely overlooked both within United States literature because they are Appalachian and within the Appalachian literary tradition because they are queer. In exploring motifs of visibility silence storytelling home food and more Carey brings the full significance and range of LGBTQ Appalachian literature into relief. Dorothy Allison's *Bastard Out of Carolina* and Alison Bechdel's *Fun Home* are considered alongside works by Maggie Anderson Doris Davenport Jeff Mann Lisa Alther Julia Watts Fenton Johnson and Silas House as well as filmmaker Beth Stephens. While primarily focused on 1976 to 2020 **Doubly Erased** also looks back to the region's literary elders thoughtfully mapping the place of sexuality in the lives and works of George Scarborough Byron Herbert Reece and James Still. **The Routledge**
