Love And Marriage In Chretien De Troyes:

Love and Marriage in Chrétien de Troyes Peter S. Noble, 1982 **Chrétien de Troyes** Angeline Patel, 2011 Arguably the most significant poet of the twelfth century Chrétien de Troyes composed five Arthurian legends that altered not only the course of medieval romantic literature but changed the perceptions that medieval audiences had toward love and marriage Chrétien captured the majesty of King Arthur's court while simultaneously presenting love between a man and a woman as a powerful ennobling force Most studies devoted to Chrétien's five major works Erec and Enide Cligès Lancelot The Knight of the Cart Yvain The Knight of the Lion and Perceval The Story of the Grail concentrate on the poet's popularization of King Arthur legends and the portrayal of courtly love While this thesis does broach both of these subjects its ultimate objective is to examine Chrétien's unique view that love within a committed and equal marriage is the ideal form of love an argument that set Chrétien's work apart from the work of others Moreover this thesis attempts to link Chrétien's fictional arena with the medieval world at large a unification of poetry and history After presenting the influence and motivation behind Chrétien's works the thesis transitions into a concise study of the poet's literary style The core of the thesis provides an exhaustive examination of each of his five legends demonstrating that Chrétien employed courtly love and chivalrous adventure to present his belief in the importance of marriage The thesis concludes with a historical bridge that further highlights the legacy of the poet

Love and Marriage in Chrétien de Troyes Peter S. Noble, 1982 *Love and Marriage in the Works of Heloise, Chrétien de Troyes and Marie de France* Mary O'Donnell Levy, 1999 The Legacy of Chrétien de Troyes: Chrétien et ses contemporains Norris J. Lacy, Douglas Kelly, Keith Busby, 1987 **The Romances of Chrétien de Troyes** Douglas Kelly, 1985 Love and Marriage in the Middle Ages Georges Duby, 1996-06-15 The author argues that the structure of sexual relationships took its cue from the family and feudalism both bastions of masculinity as he presents his interpretation of women what they represented and what they were in the Middle Ages

Origins of Arthurian Romances Flint F. Johnson, 2012-09-18 There are three archetypal and widespread Arthurian stories the abduction of Guinevere the Holy Grail and Tristan Through the author's painstaking research of the literature and comparative literature of the stories and by studying the history laws and archaeology of the post Roman period a new methodology was found for approaching sources This led to strong reasons for making a number of groundbreaking conclusions Arthurian literature is a potential wealth of information on Arthur's Britain More importantly the nature of the holy grail has been in the grail literature and related materials all along

A Rhapsody of Love and Spirituality David J. Fekete, 2003 Love between a man and a woman is it sacred or sinful A Rhapsody of Love and Spirituality explores Platonic eros Christian mysticism friendship religious ritual and love as people experience it turning up startling ironies and paradoxes and along the way some traditions we may find worth reclaiming

The British Sources of the Abduction and Grail Romances Flint Johnson, 2002 This very uneven book undertakes an analysis of two romances by Chrétien de Troyes Le chevalier de la charrette and Le conte du graal that seeks

to uncover Welsh sources for the stories The work was written as a doctoral thesis we are not told where Annotation copyrighted by Book News Inc Portland OR A Companion to Chrétien de Troyes Norris J. Love Cures Laine E. Doggett, 2012-04-30 What is love Popular culture bombards us with notions of the intoxicating capacities of love or of beguiling women who can bewitch or heal to the point that it is easy to believe that such images are timeless and universal Not so argues Laine Doggett in Love Cures Aspects of love that are expressed in popular music such as love is a drug sexual healing and love potion number nine trace deep roots to Old French romance of the high Middle Ages A young woman heals a poisoned knight A mother prepares a love potion for a daughter who will marry a stranger in a faraway land How can readers interpret such events In contrast to scholars who have dismissed these women as fantasy figures or labeled them witches Doggett looks at them in the light of medical and magical practices of the high Middle Ages Love Cures argues that these practitioners as represented in romance have shaped modern notions of love Love Cures seeks to engage scholars of love marriage and magic in disciplines as diverse as literature history anthropology and philosophy

Eleanor of Aquitaine William W. Kibler, 2012-03-21 Eleanor of Aquitaine was the wife of two kings Louis VII of France and Henry II Plantagenet of England and the mother of two others Richard the Lionhearted and John Lackland In her eventful often stormy life she not only influenced the course of events in the twelfth century but also encouraged remarkable advances in the literary and fine arts In this book experts in five disciplines history art history music French and English literature evaluate the influence of Eleanor and her court on history and the arts Elizabeth A R Brown views Eleanor as having played a significant role as parent and politician but not as patron Rebecca A Baltzer takes a new look at the music of the period that was written by and for Eleanor her court and her family Mosh Lazar reexamines her relationship to the courtly love literature of the period Eleanor S Greenhill and Larry M Ayres reassess her influence in the realm of art history

Rossell Hope Robbins traces the lines extending from the French courtly literature of Eleanor's period down into fourteenth century Chaucerian England The essays reflect divergent but generally complementary assessments of this remarkable woman's influence on her own era and on future times as well This volume is the result of a symposium held at the University of Texas in 1973 *Medium Aevum* Charles Talbot Onions, Jack Arthur Walter Bennett, 1937 Includes section Reviews

Handbook of Medieval Sexuality Vern L. Bullough, James Brundage, 2013-01-11 Like specialists in other fields in humanities and social sciences medievalists have begun to investigate and write about sex and related topics such as courtship concubinage divorce marriage prostitution and child rearing The scholarship in this significant volume asserts that sexual conduct formed a crucial role in the lives thoughts hopes and fears both of individuals and of the institutions that they created in the middle ages The absorbing subject of sexuality in the Middle Ages is examined in 19 original articles written specifically for this Handbook by the major authorities in their scholarly specialties The study of medieval sexuality poses problems for the researcher indices in standard sources rarely refer to sexual topics and standard secondary sources often ignore the material or say little about it Yet a vast amount of research is available and the information is accessible to the student who knows where to look and what to look for This volume is a valuable guide to the material and an indicator of what subjects are likely to yield fresh scholarly rewards **Out of Love for My Kin** Amy Livingstone, 2011-02-23 In *Out of Love for My Kin* Amy Livingstone examines the personal dimensions of the lives of aristocrats in the Loire region of France during the eleventh and twelfth centuries She argues for a new conceptualization of aristocratic family life based on an ethos of inclusion Inclusivity is evident in the care that medieval aristocrats showed toward their families by putting in place strategies practices and behaviors aimed at providing for a wide range of relatives Indeed this care and in some cases outright affection for family members is recorded in the documents themselves as many a nobleman and woman made pious benefactions out of love for my kin In a book made rich by evidence from charters which provide details about life events including birth death marriage and legal disputes over property Livingstone reveals an aristocratic family dynamic that is quite different from the fictional or prescriptive views offered by literary depictions or ecclesiastical sources or from later historiography For example she finds that there was no single monolithic mode of inheritance that privileged the few and that these families employed a variety of inheritance practices Similarly aristocratic women long imagined to have been excluded from power exerted a strong influence on family life as Livingstone makes clear in her gender conscious analysis of dowries the age of men and women at marriage lordship responsibilities of women and contestations over property The web of relations that bound aristocratic families in this period of French history she finds was a model of family based on affection inclusion and support not domination and exclusion *Women and Gender in Medieval Europe* Margaret C. Schaus, 2006-09-20 From women's medicine and the writings of Christine de Pizan to the lives of market and tradeswomen and the idealization of virginity gender and social status dictated all aspects of women's lives during the middle ages A cross

The Trials and Joys of Marriage Eve Salisbury,2002-05-01 The disparate texts in this anthology produced in England between the late thirteenth and the early sixteenth centuries challenge and in some cases parody and satirize the institution of marriage In so doing according to the Introduction they allow us to interrogate the traditional assumptions that shape the idea of the medieval household The trials of marriage seem to outweigh its joys at times and as some of these texts suggest maintaining a sense of humor in the face of what must have been great difficulty could have been no easy task The texts bridge generic categories Some are obscure written by anonymous authors others are familiar written by the likes of John Lydgate John Wyclif and William Dunbar Taken together they suggest that despite the fact that marriage had become a sacrament in the twelfth century and was increasingly recognized by ecclesiastical and secular authorities as a valuable social institution it was not always a stabilizing and orderly social force Chrétien de Troyes and the German Middle Ages Martin H. Jones,Roy Albert Wisbey,1993 Studies showing the influence of the French Arthurian romances of Chr tien de Troyes on German medieval literature
