Richard Lawrence, Craig Hemmens

Love And The American Delinquent The Theory And Practice Of:

Love & the American Delinquent Steven L. Schlossman, 1977 **Carceral Mobilities** Jennifer Turner, Kimberley Peters, 2016-12-01 Mobilities research is now centre stage in the social sciences with wide ranging work that considers the politics underscoring the movements of people and objects critically examining a world that is ever on the move At first glance the words carceral and mobilities seem to sit uneasily together This book challenges the assumption that carceral life is characterised by a lack of movement Carceral Mobilities brings together contributions that speak to contemporary debates across carceral studies and mobilities research offering fresh insights to both areas by identifying and unpicking the manifold mobilities that shape and are shaped by carceral regimes It features four sections that move the reader through the varying typologies of motion underscoring carceral life tension circulation distribution and transition Each mobilities led section seeks to explore the politics encapsulated in specific regimes of carceral movement With contributions from leading scholars and a range of international examples this book provides an authoritative voice on carceral mobilities from a variety of perspectives including criminology sociology history cultural theory human geography and urban planning This book offers a first port of call for those examining spaces of detention asylum imprisonment and containment who are increasingly interested in questions of movement in relation to the management control and confinement of populations *Research Handbook on the Sociology of Organizations* Godwyn, Mary, 2022-06-10 With original contributions from leading experts in the field this cutting edge Research Handbook combines theoretical advancement with the newest empirical research to explore the sociology of organizations While including the traditional study of formal corporate business organizations the Handbook also explores more transitory informal grassroots organizations such as NGOs and artist communities Juvenile Justice John T. Whitehead, Steven P. Lab, 2022-02-27 Juvenile Justice An Introduction Tenth Edition presents a comprehensive picture of juvenile offending delinquency theories and the ways juvenile justice actors and agencies react to delinquency Whitehead and Lab offer evidence based suggestions for successful interventions and treatment and examine the prospects for rebalancing the model of juvenile court This new edition includes insightful analysis and the latest available statistics on juvenile crime and victimization drug use court processing and corrections Special attention is given to female involvement disproportionate minority contact and diversity issues The text also includes extensive discussion of police shootings the issue of race probation reform life sentences for juveniles recent Supreme Court decisions and reform suggestions from Currie and Feld An essential text for undergraduate juvenile justice courses this book offers rich pedagogical features and online resources Each chapter enhances student understanding with Key Terms a What You Need to Know section and Discussion Questions Links at key points in the text show students where to get the latest information **The Changing Borders of Juvenile Justice** Jeffrey Fagan, Franklin E. Zimring, 2000-09 Since the 1960s recurring cycles of political activism over youth crime have motivated efforts to remove adolescents from the juvenile court Periodic surges of crime

youth violence in the 1970s the spread of gangs in the 1980s and more recently epidemic gun violence and drug related crime have spurred laws and policies aimed at narrowing the reach of the juvenile court Despite declining juvenile crime rates every state in the country has increased the number of youths tried and punished as adults Research in this area has not kept pace with these legislative developments There has never been a detailed sociolegal analytic book devoted to this topic In this important collection researchers discuss policy substantive procedural and empirical dimensions of waivers and where the boundaries of the courts lie Part 1 provides an overview of the origins and development of law and contemporary policy on the jurisdiction of adolescents Part 2 examines the effects of jurisdictional shifts Part 3 offers valuable insight into the developmental and psychological aspects of current and future reforms Contributors Donna Bishop Richard Bonnie M A Bortner Elizabeth Cauffman Linda Frost Clausel Robert O Dawson Jeffrey Fagan Barry Feld Charles Frazier Thomas Grisso Darnell Hawkins James C Howell Akiva Liberman Richard Redding Simon Singer Laurence Steinberg David Tanenhaus Marjorie Zatz and Franklin E Zimring

Juvenile Justice Richard Lawrence, Craig Hemmens, 2008-03-13 Juvenile Justice combines a text with carefully selected accompanying readings The readings will have a policy orientation giving them a real world applied character The book contains extensive coverage of the juvenile justice system focusing on law enforcement court and correctional responses to juvenile offending with an overview of the causes of delinquency This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field

Shaping the Eighteenth Amendment Richard F. Hamm, 2000-11-09 Richard Hamm examines prohibitionists struggle for reform from the late nineteenth century to their great victory in securing passage of the Eighteenth Amendment Because the prohibition movement was a quintessential reform effort Hamm uses it as a case study to advance a general theory about the interaction between reformers and the state during the Gilded Age and Progressive Era Most scholarship on prohibition focuses on its social context but Hamm explores how the regulation of commerce and the federal tax structure molded the dries crusade Federalism gave the dries a restricted setting individual states as a proving ground for their proposals But federal policies precipitated a series of crises in the states that the dries strove to overcome According to Hamm interaction with the federal government system helped to reshape prohibitionists legal culture that is their ideas about what law was and how it could be used Originally published in 1995 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

The Oxford Handbook of Juvenile Crime and Juvenile Justice Barry C. Feld, Donna M. Bishop, 2012-01-12 State of the art critical reviews of recent scholarship on the causes of juvenile delinquency juvenile justice system responses and public policies to prevent and reduce youth crime are brought together in a single volume authored by leading scholars and

researchers in neuropsychology developmental and social psychology sociology history criminology criminal justice and law

Battleground of Desire Peter N. Stearns,1999-04 Stearns history Carnegie Mellon University explores the history of American self control and discusses the wide social implications of self control as a characteristic prescribed by every culture in different ways He investigates issues that define American attitudes towards morality sexuality and disciplines of the body covering the Victorian legacy through current norms In comparing trends throughout our cultural history he points out that there has been no collapse of impulse control or moral demonstration between the eras only a shift in form Annotation

copyrighted by Book News Inc Portland OR **Women in the Criminal Justice System** Tina L. Freiburger,Catherine D. Marcum,2015-07-29 This book provides a rare up to date examination of women both as offenders and employees in the criminal justice system It presents the current state of females in the system through contributions by expert authors It discusses the criminal justice system s reaction to women as well as the successes and failures of its responses and current and future consequences It outlines the history of women in the context of the criminal justice system discusses specific women s issues in focused chapters and highlights key concepts statistics and legislation Each chapter ends with discussion questions to enhance understanding **The Transferring of America's Youth** Sheri Jenkins Keenan,2021-09-23 A

separate juvenile justice system was established in the United States in 1899 with a goal of diverting juvenile offenders from the harsh punishments of the adult criminal court and encouraging rehabilitation based on the individual needs of the offender This new juvenile court was set up as a civil or chancery court with informal proceedings and discretion left to the juvenile court judge Furthermore juvenile court proceedings were closed to the public and juvenile records were to remain confidential However as the decades progressed juveniles became increasingly involved in more serious crimes This generated a growing fear among lawmakers educators and the public which resulted in a number of get tough policies and strategies By the 1990s the most popular approach in dealing with violent juvenile crime was for states to make it easier or to require the prosecution of juveniles as adults in criminal court Research demonstrates that such policies may be counter productive increase rather than decrease recidivism and cause harm to offenders their families and the community This volume provides a comprehensive historical review of knowledge surrounding the transfer of American s youth from the rehabilitative individualized treatment of the juvenile justice system to the adult criminal justice system *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1979 **City of Order** Michael Boudreau,2012-05-15

Interwar Halifax was a city in flux a place where citizens debated adopting new ideas and technologies but agreed on one thing modernity was corrupting public morality and unleashing untold social problems on their fair city To create a bulwark against further social dislocation citizens policy makers and officials modernized the city s machinery of order courts prisons and the police force and placed greater emphasis on crime control These tough on crime measures Boudreau argues did not resolve problems but rather singled out ethnic minorities working class men and female and juvenile offenders as problem

figures in the eternal quest for order **In the Web of Class** Eric C. Schneider,1993-08 An analytic overview of the history of social welfare and juvenile justice in Boston Schneider traces cogently the origins development and ultimate failure of Protestant and Catholic reformers efforts to ameliorate working class poverty and juvenile delinquency Choice Anyone who wants to understand why America s approach to juvenile justice doesn t work should read In the Web of Class Michael B Katz University of Pennsylvania A Return to Justice Ashley Nellis,2015-12-14 Juveniles who commit crimes often find themselves in court systems that do not account for their young age but it wasn t always this way The original aim of a separate juvenile justice system was to treat young offenders as the children they were considering their unique child status and amenability for reform Now after years punishing young offenders as if they were adults slowly the justice system is making changes that would allow the original vision for juvenile justice to finally materialize In its original design the founders focused on treating youth offenders separately from adults and with a different approach The hallmarks of this approach appreciated the fact that youth cannot fully understand the consequences of their actions and are therefore worthy of reduced culpability The original design for youth justice prioritized brief and confidential contact with the juvenile justice system so as to avoid the stigma that would otherwise mar a youth s chances for success upon release Rehabilitation was seen as the priority and efforts to redirect wayward youth were to be implemented when possible and appropriate The original tenets of the juvenile justice system were slowly dismantled and replaced with a system more like the adult criminal justice system one which takes no account of age In recent years the tide has turned again The number of incarcerated youth has been cut in half nationally In addition juvenile justice practices are increasingly guided by scholarship in adolescent development that confirms important differences between youth and adults And states and localities are choosing to invest in evidence based approaches to juvenile crime prevention and intervention rather than in facilities to lock up errant youth This book assesses the strategies and policies that have produced these important shifts in direction Important contributing factors include the declining incidence of youth committed crime advances in adolescent brain science nationwide budgetary concerns focused advocacy with policymakers and practitioners and successful public education campaigns that address extreme sanctions for youth such as solitary confinement and life sentences without the possibility of parole Yet more needs to be done The U S Supreme Court has recently voiced its unfaltering conclusion that children are different from adults in a series of landmark cases The question now is how to take advantage of the opportunity for juvenile justice reform of the kind that would reorient the juvenile justice system to its original intent both in policy and practice and would return to a system that treats children as children Using case examples throughout Nellis offers a compelling history and shows how we might continue on the road to reform *The ^AOxford Handbook of the History of Crime and Criminal Justice* Paul Knepper,Anja Johansen,2016-04-15 The Oxford Handbook of the History of Crime and Criminal Justice provides a systematic and comprehensive examination of recent developments across criminology and criminal justice Chapters examine

methodological and theoretical approaches to criminology on going debates and controversies and contemporary issues such as drug trafficking terrorism and the intersections of gender race and class in the context of crime and punishment

Science in the Service of Children, 1893-1935 Alice Smuts, 2008-10-01 This book is the first comprehensive history of the development of child study during the early part of the twentieth century Most nineteenth century scientists deemed children unsuitable subjects for study and parents were hostile to the idea But by 1935 the study of the child was a thriving scientific and professional field Here Alice Boardman Smuts shows how interrelated movements social and scientific combined to transform the study of the child Drawing on nationwide archives and extensive interviews with child study pioneers Smuts recounts the role of social reformers philanthropists and progressive scientists who established new institutions with new ways of studying children Part history of science and part social history this book describes a fascinating era when the normal child was studied for the first time a child guidance movement emerged and the newly created federal Children s Bureau conducted pathbreaking sociological studies of children

Snapshots of Research

Richard D. Hartley, 2010-10-20 Snapshots of Research Readings in Criminology and Criminal Justice is a comprehensive cutting edge text that provides an introductory overview of the main research methods used in the fields of criminology and criminal justice This text reader offers a wide range of modern research examples as well as several classic articles including a broad range of readings from the four major branches of the criminal justice system policing courts law juvenile justice and corrections that are relevant to career paths students may be interested in pursuing

Mothers of All Children

Elizabeth Jane Clapp, 2010-11 A history of the juvenile court movement in America which focuses upon the central but neglected contribution of women reformers The establishment of juvenile courts in cities across the United States was one of the earliest social welfare reforms of the Progressive Era The first juvenile court law was passed in Illinois in 1899 Within a decade twenty two other states had passed similar laws based on the Illinois example Mothers of All Children examines this movement focusing especially on the role of women reformers and the importance of gender consciousness in influencing the shape of reform Until recently historians have assumed that male reformers dominated many of the Progressive Era social reforms Mothers of All Children goes beyond simply writing women back into the history of the juvenile court movement to reveal the complexity of their involvement Some women operated within nineteenth century ideals of motherhood and domesticity while others trained in the social sciences and living in the poor neighborhoods of America s cities took a more pragmatic approach Despite these differences Clapp finds a common maternalist approach that distinguished women reformers from their male counterparts Women were more willing to use the state to deal with wayward children whereas men were more commonly involved as supporters of women reformers initiatives rather than being themselves the initiators of reform Firmly located in the context of recent scholarship on American women s history Mothers of All Children has broad implications for American women s political history and the history of the welfare state

Act Your Age! Nancy

Lesko, 2012-03-15 Are our current ways of talking about the problem of adolescence really that different than those of past generations For the past decade *Act Your Age* has provided a provocative and now classic analysis of the accepted ways of viewing teens By employing a groundbreaking history of the present methodology that resists traditional chronology author Nancy Lesko analyzes both historical and present social and political factors that produce the presumed natural adolescent This resulting seminal work in the field of youth study forces readers to rethink the dominant interpretations on the social construction of adolescence from the 19th century through the present day This new edition is updated throughout and includes a full new chapter on 1950s era assumptions about adolescence and the corresponding connections to teens today As in all chapters Lesko provides careful examination of the concerns of nationalism sexuality and social order in terms of how they are projected onto the definitions of adolescents in the media in schools and in the home
