Celebrities in American Elections Richard T. Longoria, 2022-09-02 Using a case study approach *Celebrities in American Elections* contends that celebrities have the talent fame and resources to succeed in electoral politics These factors account for the electoral victories of Ronald Reagan Clint Eastwood Fred Grandy Sonny Bono Jesse Ventura Arnold Schwarzenegger Al Franken and Donald Trump However the author argues that these items are insufficient without a favorable political environment as many celebrities have lost elections as have won them They lose because their persona does not match the politics of their time or they represent the minority party in a one party dominated district or state or they advocate for unpopular policies Among those that won nearly half were elected by a plurality not a majority of voters This does not suggest overwhelming public support for celebrity candidates despite their many advantages With a few exceptions celebrities that won tended to also win the fundraising battle while celebrities that lost tended to raise less than their opponent the normal laws of politics still apply The celebrity factor while helpful does not fully explain why celebrities win or lose elections
