Love China Today:

Sex and Sexuality in China Elaine Jeffreys, 2007-01-24 Elaine Jeffreys explores the issues of sex and sexuality in a non Western context by examining debates surrounding the emergence of new sexual behaviours and the appropriate nature of their regulation in the People's Republic of China Commissioned from Western and mainland Chinese scholars of sex and sexuality in China the chapters in this volume are marked by a diversity of subject material and theoretical perspectives but turn on three related concerns First the book situates China's changing sexual culture and the nature of its governance in the socio-political history of the PRC Second it shows how China's shift to a rule of law has generated conflicting conceptions of citizenship and the associated rights of individuals as sexual citizens Finally the book demonstrates that the Chinese state does not operate strictly to repress sex it also is implicated in the creation of new spaces for sexual entrepreneurship expertise and consumption This comprehensive study is a valuable resource for scholars in the fields of sexuality studies and post socialist societies and culture directly appealing to both East Asia and China specialists **Hong Kong, China** Gordon Mathews, Dale Lü, Jiewei Ma, 2008 The idea of national identity is an ambiguous one for Hong Kong Returned to the national embrace of China on 1 July 1997 after 150 years as a British colony the concept of national identity and what it means to belong to a nation is a matter of great tension and contestation in Hong Kong Written by three academic specialists on Hong Kong cultural identity social history and mass media this book explores the processes through which the people of Hong Kong are learning to belong to a nation by examining their relationship with the Chinese nation and state in the recent past present and future It considers the complex meanings of and debates over national identity in Hong Kong over the past fifty years and especially during the last decade following Hong Kong's return to China It also places these arguments within a larger global perspective to ask what Hong Kong can teach us about national identity and its potential transformations Multidisciplinary in its approach Hong Kong and China explores national identity in terms of theory mass media survey data ethnography and history and will appeal to students and scholars of Chinese history cultural studies and nationalism

China Today Leila Fernández-Stembridge, Taciana Fisac, 2004-02-24 First Published in 2004 China is increasingly influenced by international affairs especially since its entry into the World Trade Organization in December 2002 Despite this domestic reforms remain a priority and as China adapts its economic structure to these ongoing domestic reforms there are significant social and political consequences These issues are thoroughly analysed in this volume which includes chapters by both Eastern and Western specialists thereby providing an interdisciplinary vision of contemporary China Particular attention is devoted to questions such as the social compact in urban China emerging social conflicts nation building dynamics and the redefinition of collective identities amidst the current dialectics between control and cohesion The enduring theme of the book is the complexity of current developments in today's China **When True Love Came to China** Lynn Pan, 2015-11-01 The Guardian's Best Books of 2015 Most people suppose that the whole world knows what it is to love that romantic love is

universal quintessentially human Such a supposition has to be able to meet three challenges It has to justify its underlying assumption that all cultures mean the same thing by the word love regardless of language It has to engage with the scholarly debate on whether or not romantic love was invented in Europe and is uniquely Western And it must be able to explain why early twentieth century Chinese writers claimed that they had never known true love or love by modern Western standards By addressing these three challenges through a literary historical philosophical biographical and above all comparative approach this highly original work shows how love's profile in China shifted with the rejection of arranged marriages and concubinage in favour of free individual choice monogamy and a Western model of romantic love This book Lynn Pan's best to date adds a wonderful new angle by encouraging us via comparison to better appreciate how unusual even in some ways exotic a part of the Western past we take for granted as though it were natural actually is While the reader will learn a great deal about Chinese literary and cultural traditions from this book if read with an open mind the Western reader may end up rethinking things about his or her tradition just as deeply Jeffrey N Wasserstrom Chancellor's Professor of History University of California at Irvine Nobody writes about China quite as brilliantly as Lynn Pan who in this new illuminating work on love showcases her trademark erudition entwined with a novelist's sensibility Pan's rare skill makes the book a treat from start to finish a sumptuous deft and moving analysis of China's relationship with love Mishi Saran author of Chasing the Monk's Shadow A Journey in the Footsteps of Xuanzang and The Other Side of Light China the Super Predator Pierre-Antoine Donnet, 2024-02-23 China is facing tremendous economic social and political challenges as well as having become a predominant contributor to climate change It has also become a predator against the Uyghurs the Tibetans and the Mongols and taken over Hong Kong silencing any forms of dissent It increasingly appears that one of the Communist regime's main goals is to control the entire world but this global ambition now faces mounting geopolitical difficulties At the center stands Taiwan which has become a full blown democracy and perhaps a model for the entire Chinese nation The United States along with Japan South Korea Australia India and other states are more than ever before willing to defend Taiwan The possibility of a clash is real making China along with Russia the main threat to the democratic world Love and Marriage Serena Nanda, 2018-12-10 Cultural anthropologist Serena Nanda mines a wide range of ethnographic research to examine the patterns of love marriage sexuality and family unique to eight cultures around the world After reviewing changing patterns in the United States readers are taken to China India Brazil Iran Indonesia Nigeria the South Pacific and Nepal to explore traditions and transformations and the intertwining dynamics of kinship class politics religion and gender roles in love and marriage An additional chapter traces the diversity of LGBTQ relationships with contemporary examples drawn from the US Indonesia and India A valuable summary chapter features a brief analysis of similar and different cultural configurations Nanda's ethnographically rich examples and fresh perspective will challenge readers to understand that their own culture is not natural or superior but rather just one of many possibilities adapted to specific environments and subject to changes

6941 pid 6 type 0 *America Loves China: A Romance Novel* Martin Avery, 2015-08-13 What happens when an American man meets a Chinese woman in China *Christian Values in Communist China* Gerda Wielander, 2013-10-08 This book argues that as new political and social values are formed in post socialist China Christian values are becoming increasingly embedded in the new post socialist Chinese outlook It shows how although Christianity is viewed in China as a foreign religion promoted by Christian missionaries and as such at odds with the official position of the state Christianity as a source of social and political values rather than a faith requiring adherence to a church is in fact having a huge impact The book shows how these values inform both official and dissident ideology and provide a key underpinning of morality and ethics in the post socialist moral landscape Adopting a variety of different angles the book investigates the role Christian thought plays in the official discourse on morality and love and what contribution Chinese Christians make to charitable projects It analyses key Christian publications and dedicates two chapters to Christian intellectuals and their impact on political liberal thinking in China The concluding chapter highlights gender roles the role of the Chinese diaspora and the overlap of the government and Christian agenda in China today The book challenges commonly held views on contemporary Chinese Christianity as a movement in opposition to the state by showing the diversity and complexity of Christian thinking and the many factors influencing it **Love's Uncertainty** Teresa Kuan, 2015-02-27 Love's Uncertainty explores the hopes and anxieties of urban middle class parents in contemporary China Combining long term ethnographic research with analyses of popular child rearing manuals television dramas and government documents Teresa Kuan bears witness to the dilemmas of ordinary Chinese parents who struggle to reconcile new definitions of good parenting with the reality of limited resources Situating these parents experiences in the historical context of state efforts to improve population quality Love's Uncertainty reveals how global transformations are expressed in the most intimate of human experiences Ultimately the book offers a meditation on the nature of moral agency examining how people discern amid the myriad contingencies of life the boundary between what can and cannot be controlled *Chinese Public Theology* Alexander Chow, 2018-01-26 It has been widely recognized that Christianity is the fastest growing religion in one of the last communist run countries of the world the People's Republic of China Yet it would be a mistake to describe Chinese Christianity as merely a clandestine faith or as hoped by the Communist Party of China a privatized religion Alexander Chow argues that Christians in mainland China have been constructing a more intentional public theology to engage the Chinese state and society since the end of the Cultural Revolution 1966-76 Chinese Public Theology recalls the events which have led to this transformation and examines the developments of Christianity across three generations of Chinese intellectuals from the state sanctioned Protestant church the secular academy and the growing urban renaissance in Calvinism Moreover Chow shows how each of these generations have provided different theological responses to the same sociopolitical moments of the last three decades This study illustrates how a growing understanding of Chinese public theology has been developed through a subconscious

intermingling of Christian and Confucian understandings of public intellectualism These factors result in a contextually unique understanding of public theology but also one which is faced by contextual limitations as well With this in mind Chow draws from the Eastern Orthodox doctrine of theosis and the Chinese traditional teaching of the unity of Heaven and humanity Tian ren heyi to offer a way forward in the construction of a Chinese public theology *Reconstructing Christianity in China* Philip L. Wickeri, 2015-03-04

The Birth of Chinese Feminism Lydia He Liu, Rebecca E. Karl, Dorothy Ko, 2013 The book repositions He Yin Zhen as central to the development of feminism in China juxtaposing her writing with fresh translations of works by two of her better known male interlocutors The editors begin with a detailed portrait of He Yin Zhen s life and an analysis of her thought in comparative terms They then present annotated translations of six of her major essays as well as two foundational tracts by her male contemporaries Jin Tianhe 1873 1947 and Liang Qichao 1873 1929 to which He Yin s work responds and with which it engages Jin Tianhe a poet and educator and Liang Qichao a philosopher and journalist understood feminism as a paternalistic cause that enlightened male intellectuals like themselves should defend Zhen counters with an alternative conception of feminism that draws upon anarchism and other radical trends in thought

Masculinity, Marriage and Rural Men in Urban China Sarah Gosper, 2024-12-31 This book explores the conjuncture and interrelationship between three so called crises facing Chinese society a crisis of marriage a crisis of masculinity and a crisis of mobility Based on sustained ethnographic research on unmarried lower class rural men from two distinct social and class categories namely migrant workers employed in the food delivery and express mail delivery industries and tertiary educated white collar professionals the book reveals how the increasing socio economic precarity of rural men and their largely unrealised desires to marry and have children demonstrates a fundamental reconfiguration of Chinese masculinity and mobility in urban China and the social impact on central Chinese institutions The book also reveals the futile efforts to fulfil hegemonic models of masculinity in contemporary China and addresses the heterogeneity of unmarried lower class rural men as they navigate marriage manhood and mobility Exploring gender relations in China and contributing to global studies of heterosexual masculinities this book will appeal to students and scholars of Chinese culture and society gender studies and social anthropology
