Demystifying Death and Life After Rajendra Tiwari, 2025-07-30 The fear of death is only due to ignorance Whoever knows this secret removes the veil of the unknown and becomes enlightened with the light of knowledge The content described in the book is not imaginary on the contrary it is replete with actual experiences Attempt has been made to gather some knowledge and to get acquainted with death and its process Whether there is extreme unbearable discomfort at the last stage has been answered As a result of interviews with the spirits one message repeatedly received

that is Mend your ways otherwise there are problems at the time and after death The purpose of this book is to know what we should do so that death is a pleasant experience Quotes of the principle of Karmayoga as mentioned in Shrimad Bhagwat Geeta have also been described **Amatoria** Jason Potter,2022-01-04 Amatoria is partly a disclosure partly a veil and partly a revelation incorporating the poetic discovery of God as experienced by the living and the dying alike Man knows nothing of death and love until he is clothed in such yet God is always willing to facilitate the transport of life out of one and into the other Amatoria is sublime in its obscurity It has been well said that the devil led the author a little way farther up in the medulla of the brain But it is enough to know that in the self indulgent disorder of the 21st century God still kills the old way

ever been to abolition and yet when the arguments on all sides are as confused as ever His powerful analysis will prove to be a paramount contribution to this debate as well as a lasting entry in his celebrated oeuvre **Intimate Spirituality** Gordon J. Hilsman, 2007-03-05 In *Intimate Spirituality The Catholic Way of Love and Sex* Gordon J Hilsman presents sexual loving as integral to rather than separate from most people's spiritual lives His coalescing of intimate love with traditional Catholic concepts virtues capital sins fruits of the Spirit sacraments augments the pervasively moral view of sex with a spiritual perspective that highlights its beauty and power to shape the virtue of people's lives Seeing sexual attraction as built into humanity by the Creator to feed and challenge virtually all persons worldwide he illustrates how intimate loving is actually a neglected aspect of Christian spirituality that has never been developed as fully as the individual and the communal Hilsman calls upon theologians and spiritual leaders to further develop the understanding of intimate loving as a genuinely beautiful spiritual aspect of life Many Christians Catholics and Protestants alike who take both their love lives and their Christian faith seriously will find the positive healthy view of sexuality presented in this book illuminating and helpful So will those who counsel them For Being Happy in Life and Calm at Death Naoki Iwasawa, 2011 Practical solutions for being happy in life and possibly extending it pair with more esoteric discussions on consciousness life after death and the meaning of it all

Getting Intimate Linn Sandberg, 2011-04-08 This thesis focuses on the intersections of masculinity old age and sexuality from the perspectives of old men themselves how they understand and experience sex and sexuality in later life The study uses qualitative in depth interviews and body diaries an exploratory method that asked men write about their bodies in everyday life Twenty two men born between 1922 and 1942 participated in the study The aim of the thesis is two fold firstly to study sexual subjectivities of old men how old men articulate and make meaning around sexuality in later life Secondly the study aims to explore theoretically what a male body may become in relation to ageing in what ways the ageing male body could be a site for rethinking masculinity and the male body This aim was inspired by feminist theories in dialogue with the Deleuzian concept becoming Similarly to gender age is understood to take shape and become intelligible in social and cultural contexts Furthermore the thesis stresses the significance of the specificities of the ageing body to the shaping of masculinity sexuality and subjectivity The body is therefore discussed as an open materiality beyond the binaries of culture and nature materiality This thesis discusses the concepts intimacy and touch as central to how old men's sexual subjectivities take shape allowing for alternative conceptualisations of sexuality beyond erection and intercourse Intimacy and touch are understood and discussed in several different ways By orienting themselves to touch and intimacy the old men emerged as more mature unselfish and with more serene sexual desires This also involved them distancing themselves from the younger man other men whom they perceived as more selfish inconsiderate and with stronger sexual desires Intimacy and touch could in this respect be understood as resources for shaping desirable heterosexual masculinity An orientation to intimacy and touch enabled old men to appear as neither asexual nor as dirty old men But the study also suggests that a turn to

intimacy and touch may open up possibilities for rethinking and reconfiguring sexuality masculinity and the male body The ageing body then need not be understood as an obstacle but as an enabling site that provides opportunities for intimacy and touch Moreover the thesis presents affirmative old age as an alternative conceptualisation of old age beyond both the discourses of successful ageing and the discourses of old age as negativity and decline As a theory of difference and bodily specificity affirmative old age may be of interest for further feminist theorising

Heidegger, Plato, Philosophy, Death Richard Rojcewicz, 2021-09-27 Richard Rojcewicz's Heidegger Plato Philosophy Death An Atmosphere of Mortality offers an original perspective on the bond between philosophy and death in the thought of Martin Heidegger and Plato For Heidegger authentic being toward death is not preoccupation with death as such nor resoluteness in the face of one's demise but preoccupation with the meaning of the beings ourselves who comport themselves understandingly toward death and who breathe an atmosphere of mortality Authentic dying is then nothing other than the practice of philosophy For Plato philosophy is the practice of dying the separating of the soul to its own autonomous existence This separation however is not that of the soul from the body Instead it is separation from common understanding hearsay everydayness and mediocrity Accordingly both Heidegger and Plato see an intimate connection between philosophy and death Rather than a morbid focus on negativity and dissolution however this connection leads to a call to being authentic thinking for oneself and repudiating the superficiality of the crowd For both Heidegger and Plato philosophizing and dying are most concretely a matter of heeding the Delphic oracle Know thyself Rojcewicz pursues this theme of philosophy and death through the topics of signs anxiety conscience music and the COVID 19 pandemic

Wisdom Of Wellness: Perpetuity Of Poise Of Purpose Santosh Jha, 2014-01-01 One needs to be in lasting physical emotional and ideational wellness Tips pills and shoulds abound still wellness is elusive Wellness is largely a function of cognitive poise of consciousness Wisdom of wellness is in being the

master of mechanism internalizing the multifaceted life living realisms and then creating a personalized model of wellness
 Nothing external helps Wellness is a function of wider poise of person and personality A person is in complete wellness when
 there is an overall equanimity between the physical factors such as income wealth comfort leisure and health as well as
 emotional factors such as trust security integration with family friends colleagues connectivity communication stability sense
 of desirability and spiritual purpose etc We live in a modern complex world where tangible elements of good life are
 improving considerably however as emotional elements of life and living are largely unsettled and conflicted most of us fail to
 hit the road of the perpetuity of poise for larger wellness Wellness involves a large spectrum of poise in multidimensional
 domains the spiritual physical mental social and emotional Moreover the emotional and spiritual aspect of wellness is far
 more complex as they are the intangibles of life Wellness is a dynamic idea It is a goal of life for which we all need to strive
 every day Wellness is not a static state It is not like wealth which we acquire once and keep it for long It requires ongoing
 attention and timely intervention to the details of evolving social spiritual and physical life Wellness as a holistic notion of
 physical emotional as well as ideational prosperity does not mean only lack of impediments to good life but also having loads
 of ingredients of good life For wellness positivity is far more crucial than simple lack of negativity Wellness is well within the
 reach of all of us yet we all need to constantly redefine ourselves as well our notion of wellness as our minds and bodies
 evolve to optimize capacities and excellence Wellness is essentially a consciousness positioning It is not an external or
 tangible entity which one can create like wealth Wellness is a poise of consciousness which is engendered when we have all
 elements of our life physical emotional ideational and material in perfect harmony and symmetry with each other We are
 ourselves a very complex mechanism The world we live in has also become hugely complicated and conflicted The cosmic
 realism is awesomely complex Wellness poise needs to connect with all these and then strike a lasting poise This poise is not
 static but dynamic constantly evolving and changing Only that person can attain perfect wellness and remain in perpetuity of
 it who understands all the mechanisms in details and then uses the wisdom to create a wellness model for himself or herself
 We talk in details here how the old wisdom still has lot to offer to our wellness needs and how we all can create our own
 personalized and subjective model of wellness taking ideas from old as well as new wisdoms of humanity This shall make all
 of us to be the master of mechanism of wellness *Exodus (chap. XII), Leviticus, Numbers and Deuteronomy* ,1889 **The**
Life-Death Instinct Neil Maizels,2023-12-14 Throughout this enlightening collection Neil Maizels considers the helical

Fifty More Sonnets on Love, Life, Death, Rebirth, Honor, Humor and MORE Larry Lynn, 2010-11-10 This collection represents efforts to persuade any reader that the sonnet does not have to be a form impossible to emulate nor too difficult to understand It should be looked upon as a challenge to fit a universe of emotions into a particular framework simple in its limitations but as complex in its potential as the great writers before had made them through the brilliance of their individual genius Themes are as different as the experiences of the writer from day to day from birth to death and all the time in between The language need not be lofty nor does it need to reach down to the vulgar It can borrow from the past and delve into that of the future It can keep the rhyme schemes of those who made them famous or it may create new ones for any reason or none at all If sonnets are not worth reading they would never have been made

In the Way of Jesus Paul D. Kroeker, 2017-02-21 A revolutionary love movement is circling the globe Broken lives are being transformed and the love of Jesus is being gossiped into the most remote regions of the planet However in the West the church is in decline The brand image is broken Christianity is not seen as radical or revolutionary and some of those who claim to be Christian seem to bear little resemblance to the life and teachings of Jesus Through national and international engagement in Christian ministry Paul Kroeker has witnessed this development firsthand He has come to realize that Though we thought we were rich we are really poor and though we thought they were poor the international church has the riches we need to live the abundant life Jesus describes inspired by Revelation 3:14-22 In the Way of Jesus takes readers on a journey of renewed hope found in the person of Jesus Christ and the work of the Holy Spirit Through personal anecdotes and biblical insights Kroeker lays out the path of discipleship that leads to an intimate relationship with Jesus When someone has been with Jesus their love becomes authentic and compelling They eagerly share what Jesus has done for them Their joy is infectious They are an open book evidence of God's love and forgiveness Their love for one another becomes extraordinary and reveals the good news of the Kingdom of God Brand image and reality are one and the same This alone will lead to the awakening of the church in the West allowing for a new tide of
