Matthews, 2025-09-20 Not all sacred knowledge is safe Some teachings have been silenced outlawed or forced into disguise not because they are false but because they overturn the structures of control Dangerous Teachings gathers fifteen lineages whose survival has depended on secrecy exile and the courage of those willing to carry wisdom that could not be spoken aloud Across continents and centuries these traditions have been branded as heresy magic or madness Yet within them lie precise spiritual technologies ways of seeing healing and awakening that confront the deepest fears of empire orthodoxy and

conformity This is not sensationalism It is the reality of what happens when the sacred refuses to bow to power In these pages you will meet visionaries ascetics and mystics who kept the thread alive under threat of prison exile or death Native American Church peyote roadmen keeping the night fire through prohibition Romani dream readers decoding fate under centuries of persecution Siberian dreamwalkers retrieving lost souls when the state outlawed shamanism Dagara diviners in West Africa speaking with elements and ancestors against the tide of colonial erasure Kalachakra adepts preserving the Wheel of Time tantra through the destruction of Tibet Forest Theray da monks disappearing into wilderness to escape religious bureaucracy Essene breath mystics whose desert rites survived in fragments Golden Dawn adepts using ritual as a science of transformation not spectacle Assyrian Christian mystics guarding the Aramaic breath of Christ through genocide Each chapter follows the same initiatory pattern the core teaching of the tradition the spiritual condition it addresses its inner technology of practice its symbol or image and the key danger it faces whether distortion commodification or outright destruction Every section closes with a living practice the reader can try and an image or parable to seal the teaching in memory Dangerous Teachings is not a handbook for dabblers It is a map for those who understand that real wisdom demands responsibility and sometimes risk This is not the marketplace version of spirituality stripped of its teeth It is the unsoftened unlicensed transmission of currents that have survived precisely because they refused to be made safe Volume II continues the work begun in Guardians of the First Flame shifting from primordial traditions to those forced underground by direct suppression Together the seven volumes of Esoteric Traditions of the World form an ark of memory rescuing not just facts but the living essence of ways of knowing that might otherwise vanish If you read this book you step into that ark You take on a share of the responsibility to remember And perhaps if the time comes to pass the fire on Laghu Guru Upanishad Gurprasad, 2016-03-03 Modern life is very competitive and stressful only a thoughtful few want to rid themselves of constant worries and find a way to live a life of real happiness Teachings of Sri Sivabala Yogi contained in Laghu Guru Upanishad are especially relevant for such people There are many grades of aspirants some just want to lead a peaceful life some want a lower type of salvation and a few blessed ones who desire total freedom by realising their true natures Ultimate liberation is attained only if one knows the absolute Self or Reality or God No matter what ones goal is the Gurus teaching given in Laghu Guru Upanishad if practised sincerely offers hope to everyone to attain ones desired end The book is set out in question and answer format The questions asked by Gurprasad have been framed from an aspirants point of view Questions and doubts like these arise in the minds of all those who want to follow a spiritual path The Guru has given answers that are suitable for ease of understanding by beginners as well as more advanced aspirants In doing so the Guru has adopted a rational approach suited to the modern generation and covers all well known paths to realise the Truth Sri Sivabala Yogis basic teaching deals with control of mind and it does not advocate any religious beliefs Mind is the cause of ones suffering and unhappiness and it also has the power to get rid of them Bookish knowledge is of no avail unless it is practised Every reader of this book can
