

A romantic sunset scene over a beach. The sky is filled with soft, orange and pink clouds. The ocean is calm, reflecting the warm light. On the left, a large, dark rock formation stands prominently. The overall mood is peaceful and intimate.

You ask me today if I love you, if I take you as  
my own to have and to hold, and my heart  
replies yes. Always, evermore, even after. Still.  
Not just today before a crowd, but when we are  
alone, you and I, through years, through pain,  
My heart will answer again and again, still.

**Landmark Cases in Succession Law** Brian

Sloan,2019-10-31 The Landmark Cases series highlights the historical antecedents of what are widely considered to be the leading cases in a discipline and seeks to provide contexts in which to better understand how and why certain cases came to be regarded as the landmark cases in any given field Succession law s long pedigree near universal application immense capacity for human interest stories somewhat uncertain future in England and Wales and close connection to demographics make it an ideal candidate for a Landmark Cases volume The distinguished contributors to this collection consider cases ranging from 1720 to 2017 covering issues such as will making and interpretation the position of beneficiaries and personal representatives testamentary promises and the extent of testamentary freedom in England and Wales and beyond The cases are relevant not only to scholars and students of succession law per se but also those working in fields such as tax trusts tort and land law They raise issues as diverse as class colonialism familial dynamics expectations and obligations mental health and the proper roles of the legal profession and the welfare state The collection will provoke much discussion on what makes a landmark case as well as on the peculiarities and limitations of the case law method

**Unheroic Conduct** Daniel

Boyarín,1997-06-13 The Western notion of the aggressive sexually dominant male and the passive female as Daniel Boyarin makes clear is not universal Analyzing ancient and modern texts he recovers the studious and gentle rabbi as the male ideal and the prime object of the female desire in traditional Jewish society Challenging those who view the feminized Jew as a pathological product of the Diaspora or a figment of anti Semitic imagination Boyarin finds the origins of the rabbinic model of masculinity in the Talmud The book provides an unrelenting critique of the oppression of women in rabbinic society while also arguing that later European bourgeois society disempowered women even further Boyarin also analyzes the self transformation of three iconic Viennese modern Jews Sigmund Freud Theodor Herzl and Bertha Pappenheim Anna O Pappenheim is Boyarin s hero it is she who provides him with a model for a militant feminist anti homophobic transformation of Orthodox Jewish society today

**Ancient Love Letters** Anna Tiziana

Drago,Owen Hodkinson,2023-01-30 This volume investigates the form of love letters and erotic letters in Greek and Latin up to the 7th Century CE encompassing both literary and documentary letters the latter inscribed and on papyrus and prose and

poetry The potential for and utility of treating this large and diverse corpus as a genre is examined To this end approaches from ancient literary criticism and modern theory of genre are made mutual influences between the documentary and the literary form are sought and origins in proto epistolary poetic texts are examined In order to examine the boundaries of a form limit cases which might have less claim to the label love letter are compared with more clear cut examples A series of case studies focuses on individual letters and letter collections Some case studies situate their subjects within the history and literary evolution of the love letter using both intertextuality and comparative approaches others placing them in their cultural and historical contexts particularly uncovering the contribution of epistolarity to erotic discourse and to the history of sexuality and gender in diverse eras and locations within Classical to Late Antiquity *The Walking Dead* #50 Robert Kirkman, 2008-07-02 All alone now For this landmark 50th issue we present a special stand alone tale that will both warm your heart and chill you to the bone **If You Find This Letter** Hannah Brencher, 2016-04-19 A memoir of love and faith from Hannah Brencher who has dedicated her life to showing total strangers that they are not alone in the world Fresh out of college Hannah Brencher moved to New York expecting her life to look like a scene from Sex and the City Instead she found a city full of people who knew where they were going and what they were doing Lonely and depressed she noticed a woman who looked like she felt the same way on the subway Hannah did something strange she wrote the woman a letter She folded it scribbled If you find this letter it s for you on the front and left it behind When she realized that it made her feel better she started writing and leaving love notes all over the city eventually sending 400 handwritten letters as a result of an Internet post and starting the website The World Needs More Love Letters **QST.** ,1923 **Skeptical Music** David Bromwich, 2001-04-05 Skeptical Music collects the essays on poetry that have made David Bromwich one of the most widely admired critics now writing Both readers familiar with modern poetry and newcomers to poets like Marianne Moore and Hart Crane will relish this collection for its elegance and power of discernment Each essay stakes a definitive claim for the modernist style and its intent to capture an audience beyond the present moment The two general essays that frame Skeptical Music make Bromwich s aesthetic commitments clear In An Art without Importance published here for the first time Bromwich underscores the trust between author and reader that gives language its subtlety and depth and makes the written word adequate to the reality that poetry captures For Bromwich understanding the work of a poet is like getting to know a person it is a kind of reading that involves a mutual attraction of temperaments The controversial final essay How Moral Is Taste explores the points at which aesthetic and moral considerations uneasily converge In this timely essay Bromwich argues that the wish for excitement that poetry draws upon is at once primitive and irreducible Skeptical Music most notably offers incomparable readings of individual poets An essay on the complex relationship between Hart Crane and T S Eliot shows how the delicate shifts of tone and shading in their work register both affinity and resistance A revealing look at W H Auden traces the process by which the voice of a generation changed from prophet to domestic ironist Whether

discussing heroism in the poetry of Wallace Stevens considering self reflection in the poems of Elizabeth Bishop or exploring the battle between the self and its images in the work of John Ashbery Skeptical Music will make readers think again about what poetry is and even more important why it still matters      **Love Letters of Famous Men and Women** Ernest F.
