Fully illustrated with photos from the V&A's collections, the book includes essays, reviews, excerpts, plot summaries, extracts, and insight into stage and costume designs. *Feminist Views on the English Stage* Elaine Aston, 2003-11-24 *Feminist Views on the English Stage* first published in 2003 is an exciting and insightful study on drama from a feminist perspective, one that challenges an idea of the 1990s as a post-feminist decade and pays attention to women's playwriting marginalized by a renaissance of angry young men. Working through a generational mix of writers from Sarah Kane, the iconoclastic bad girl of the stage, to the canonical Caryl Churchill, Elaine Aston charts the significant political and aesthetic changes in women's playwriting at the century's end. Aston also explores writing for the 1990s in theatre by Sarah Daniels, Bryony Lavery, Phyllis Nagy, Winsome Pinnock, Rebecca Prichard, Judy Upton, and Timberlake Wertenbaker. **Sex on Stage** Andrew Wyllie, 2009-03-01 In the years just after World War II, theater provided an important critique of British society's engagement with gender and sexual politics. *Sex on Stage* examines how British playwrights, actors, and directors brought women's sexuality and gay and lesbian issues to the cutting edge of drama after World War II. Through a close reading of playwrights such as John Osborne, Harold Pinter, and Terence Rattigan, alongside accounts of their sociopolitical context and public reception, Andrew Wyllie reveals that this more progressive age was also one of reactionary statements and industry-wide anxiety. **Novel Images** Peter Reynolds, 2013-07-18 Written specifically with the student in mind and focusing on a number of well-known texts including *Les Liaisons Dangereuses*, *Nicholas Nickleby*, *Nice Work*, and *The Color Purple*, the contributions in this book demonstrate how we can look critically at literary adaptations and learn to distinguish between mythical images and the reality of the process that constructed them. They argue that adaptations should not be seen as secondary or marginal because through them we can enter into an exciting debate with the literary text itself. Originally published in 1993. *Literatures of Memory* Peter Middleton, Tim Woods, 2000 Not only do drama and poetry about the past and historical novels reveal a shared understanding of pivotal moments, historical figures, and every life of earlier times, say Middleton, English U of Southampton, and Woods, English U of Wales Aberystwyth; they also outline more general beliefs about the past and its relation to the present. It is **The Cambridge Companion to Modern British Women Playwrights** Elaine Aston, Janelle Reinelt, 2000-05-25 This Companion first published in 2000 addresses the work of women playwrights in Britain throughout the twentieth century. The chapters explore the historical and theatrical contexts in which women have written for the theatre and examine the work of individual playwrights. A chronological section on playwriting from the 1920s

to the 1970s is followed by chapters which raise issues of nationality and identity Later sections question accepted notions of the canon and include chapters on non mainstream writing including black and lesbian performance Each section is introduced by the editors who provide a narrative overview of a century of women s drama and a thorough chronology of playwriting set in political context The collection includes essays on the individual writers Caryl Churchill Sarah Daniels Pam Gems and Timberlake Wertenbaker as well as extensive documentation of contemporary playwriting in Wales Scotland and Northern Ireland including figures such as Liz Lochhead and Anne Devlin *Credible Witness* Timberlake
