Rhoads,2010-05 Most discussions of sexuality today assume that differences between men and women are insubstantial and that the boundary between the masculine and the feminine is highly porous To reflect the idea that male and female roles have been socially constructed they speak of gender instead of sex and ridicule the double standard of studs and sluts Because men and women are virtually interchangeable it is argued men should do an equal share of domestic work so that women can compete equally with men outside the home This vision of androgyny has compelling aspects But Dr Steven Rhoads finds one problem whatever we might like to believe sex distinctions remain a deeply rooted part of human nature In Taking Sex Differences Seriously he assembles a wealth of scientific evidence showing that these differences are hardwired into our biology They range from the subtle women instinctively carry babies on their left side near the maternal heartbeat to the profound women with higher testosterone levels are more promiscuous more competitive and more conflicted about having children Rhoads explores male female disparities in aggression and dominance in sexuality and nurturing He shows how denial of these differences has affected phenomena such as the sexual revolution and fatherless families and policies such as Title IX and the call for universal day care But he also says that society is improved by discouraging some natural tendencies like men s temptation toward predatory sex and encouraging others like women s greater interest and talent in caring for babies Steven Rhoads dispels social clichs and spotlights biological realities in this provocative book Meticulously researched and elegantly written Taking Sex Differences Seriously is a groundbreaking look at the way we are **The Smart Woman's Guide to Beauty** Dr I Pearson,2025-03-11 My ultimate handbook for women who want to master their beauty routine without falling for marketing hype Full of my science backed skincare advice makeup techniques and product recommendations Smart beauty choices that actually work the best bang for buck products to adapting beauty routines for different ages Everything from skincare essentials and makeup tricks to menopause beauty non toxic products and DIY treatments which US beauty products have UK alternatives the real truth behind clean beauty and 10 minute beauty routines Smart beauty smart choices real results **New York Magazine** ,1995-04-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **The Smart Girl's Guide to God, Guys, and the Galaxy** Susie Shellenberger,Kristin Weber,2014-04-01 The Smart Girl s Guide melds spiritual and practical advice with humor equipping you to stand up for your faith and really live the Christian walk every day **Why Am I Still Single For Women** Ieva
