The Bond of Love Marjorie A. Cuffy, 2017-07-26 This book is meant to open up the world of ideas to a new mode of thinking and looking at the planet. The pages of this book reveal the existential values that are at interplay within the universe. It depicts the elements that are required for a book on love to address. And in so doing includes each facet that brings love into unison with the teachings of divine conception. It begs you to deny the teachings of the past and will teach you to master the ways of God. It urges you to revert to the simplicity of a spiritual and divine relationship bringing all to wholeness and love. It asserts the ethos that love is all there is and flows through all things to create the bond of love.

Dimensions of Love Aaron Rowe, 2019-03-29 This poetry is a collection of all of the thoughts and ideas that I have written over the past 10 years. All of this means the world to me and I hope you all enjoy what you read. *The Incarnation, and other sermons* John Cheyne Macintosh, 1887

Love, Divine and Human: Contemporary Essays in Systematic and Philosophical Theology Oliver D. Crisp, James M. Arcadi, Jordan Wessling, 2019-10-31 This volume offers an array of newly commissioned essays addressing the topic of love in the Christian tradition. Drawn from a range of expert theologians and philosophers in contemporary analytic and non-analytic theology, these essays join current debates within the theology of love and aim to propose new avenues for future research. Including the last essay written by Marilyn McCord Adams, *Love Divine and Human* deals with a rich variety of issues related to divine and human love. The broad scope of the book includes divine transcendence and its methodological bearing on the doctrine of divine love, the nature and scope of divine love, the interrelation between God's love and wrath, the plausibility of an impassable God of love, and the application of various conceptions of divine love to the problem of divine hiddenness, human ethics, and human free will among other topics. This unified collection of cutting edge papers will advance discussion for all those focused on the theology of love.

Love or Perish [Expanded Edition] Dr. Smiley Blanton, 2017-07-31 The New York Times called this famous guide to a more rewarding life sound and solid, the product of a richly furnished mind, a book of wisdom. Written by one of America's most distinguished psychiatrists, Dr. Smiley Blanton, it has already found its way into some 200,000 American homes. Hundreds of readers have written to the author saying they were helped, inspired, and wanted more. In response to these letters, Dr. Blanton added an enormously valuable new section showing how men and women of all ages can give themselves a second chance at happiness. This section, titled *On Making a Fresh Start*, is included in this Expanded Edition, which was first published in 1957. I believe that it is possible to achieve an emotional change with the insight developed through books. Books can make a change in one's philosophy and attitude toward life. That is why so many books of the world are so deeply cherished. It is in this hope that I write in an effort to bring to people the hard-won truths of my observation over many years of life and during more than forty years of practice in psychiatry. Shards of Love María Rosa Menocal,1994 With the Spanish conquest of Islamic Granada and the expulsion of the Jews from Spain the year 1492 marks the exile from Europe of crucial strands of medieval culture It also becomes a symbolic marker for the expulsion of a diversity in language and grammar that was disturbing to the Renaissance sensibility of purity and stability In rewriting Columbus s narrative of his voyage of that year Renaissance historians rewrote history as was often their practice to purge it of an offending vulgarity The cultural fragments left behind following this exile form the core of

Shards of Love as Mar a Rosa Menocal confronts the difficulty of writing their history It is in exile that Menocal locates the founding conditions for philology as a discipline that loves origins and for the genre of love songs that philology reveres She crosses the boundaries both temporal and geographical of 1492 to recover the original medieval culture with its Mediterranean mix of European Arabic and Hebrew poetics The result is a form of literary history more lyrical than narrative and Menocal persuasively demonstrates more appropriate to the Middle Ages than to the revisionary legacy of the Renaissance In discussions ranging from Eric Clapton s adaption of Nizami s Layla and Majnun to the uncanny ties between Jim Morrison and Petrarch Shards of Love deepens our sense of how the Middle Ages is tied to our own age as it expands the history and meaning of what we call Romance philology *God Is Love* K.
