Davies, 2012-12-15 An important piece in the jigsaw of aviation history in Northumberland Secret Sunderland Marie Gardiner, 2019-03-15 Explore the secret history of Sunderland through a fascinating selection of stories facts and photographs **The Secret Battle For Britain** M. S. Morgan, M S Morgan, 2025-12-31 The dramatic story of Franz von Werra famously the only Axis PoW to succeed in escaping

and make it home during the Second World War is told in the 1957 movie *The One That Got Away* The film details von Werra's interrogation by RAF intelligence in 1940 presenting an enlightening but compressed version of his treatment following his capture in the Battle of Britain The script revealed a little of the tactics of his RAF interrogators which so impressed von Werra that he was quick to tell the Luftwaffe High Command upon his return to Germany in 1941 Of course von Werra was just one of many Luftwaffe airmen captured during 1939 and 1940 Many if not all were subject to processing and interrogation having been taken prisoner Information was gleaned through private discussions between senior officers and some lower ranks obtained via covert microphones as well as interrogation stool pigeons However these tactics had been developed in the first months of the war and with the Battle of Britain producing vast quantities of PoWs the new tactics were honed on these unsuspecting guinea pigs The German airmen most of whom at this stage of the war believed that victory was inevitable provided Air Intelligence both wittingly and unwittingly with a treasure trove of information which covered not only technical and tactical intelligence but also possible war crimes morale and more Air Intelligence used tactics that any modern interrogator would recognise The RAF also built up quite a library of information much of it coming from what we now call Open source material This included newspapers magazines radio broadcasts and information from previous prisoners Carefully collated and analysed in time Air Intelligence built up a detailed picture of pilots aircraft units and the general social situation around a unit or airfield community This book examines the development of Air Intelligence and its interrogation of Luftwaffe airmen from 1939 to the end of the 1940 providing a fascinating insight into a little known part of both the Battle of Britain and the Blitz

The Luftwaffe's Blitz Chris Goss, 2010 Due to the failure of the day campaign during what has become known as the Battle of Britain on 7 September 1940 the Luftwaffe commenced bombing London and major cities predominantly by night What became known as the Blitz continued until 10 May 1941 with many towns and cities across the country being attacked and London being attacked 57 nights in succession By the end of May 1941 over 43 000 civilians half of them in London had been killed by bombing and more than a million houses destroyed or damaged in London alone The Blitz failed to break the morale of the British people and any thoughts of a German invasion were cancelled with German attention quickly being transferred to the Soviet Union Accordingly the intensity of the attacks against mainland Britain lessened considerably Much has been written about the Blitz from a British perspective but *The Luftwaffe's Blitz* tells the story from the viewpoint of the German aircrew involved many of whom were shot down and taken prisoner Using over 30 first hand accounts and previously unpublished photos *The Luftwaffe's Blitz* details the Luftwaffe's assault against the United Kingdom in 1941 covering the major attacks and those that occurred during the remaining months of that year Integrated with accounts from the aircrew of RAF's embryonic night fighter force as they fought against the Luftwaffe night after night in very difficult and sometimes primitive circumstances this book provides a new perspective on the Blitz from the attacker's point of view
